

least advantage will be that derived from the spacious basement story, which will be adapted to the use of Prayer Meetings, Sunday Schools, and Committee Meetings, and, though last not least, social gatherings, and besides will be suitable for Church services while the upper part of the building or Church proper is being finished and prepared.

The work is now progressing satisfactorily, and your Committee have reason to hope that it will continue to do so, and that the Congregation will have the use of the basement for public worship early in December next, and that in the June following the whole Church will be ready for occupation, although much may even then remain to be done, especially on the tower and spire, fencing, &c.

G. E. ELLIOTT,
President.
