

PICKERING COLLEGE GAVE ST. ANDREWS REAL HARD BATTLE

Newmarket College Held the Local Collegians Even for Two Periods.

MANY STUDENTS THERE

Ice in Good Condition, and Some Fast Hockey Displayed by Individuals.

By a Staff Reporter.

ARENA GARDENS, Saturday, Jan. 15.—St. Andrews College and Pickering College lined up here this afternoon in their Group B Junior O.H.A. fixture. This is the Saints' first game of the season, and they showed four of their last year's champions on the ice. Both teams showed snappy hockey in practice, which assured a fast game to a handful of spectators. Line-up:

St. Andrews: Goal, Wiloughby; defence, Whiteaker, Gull; rover, Wallace; centre, Watson; left, Bole; right, Cameron.

Pickering College: Goal, Lawrence; defence, Roger, D. Pugsley; rover, Henderson; centre, Wright; left, Cody; right, Annandale.

Referee—Dr. Jerry Lafflamme.

St. Andrews pressed from the face-off and was humming around the Pickering net. After some loose playing St. Andrews shot three times, but combination play with the puck. Bole shot straight on goal and Lawrence became tangled with the puck, which enabled Wallace to bat it into the net.

Henderson, Pickering's rover, was playing a hard checking game, but was too selfish when he carried the puck. Roger of the Saints was benched for tripping. Bole tried a shot from the Saints' left wing, but Lawrence closed in. St. Andrews had some good rushes. There was in the game, while Pickering had a few individual puck-carriers who spoiled their effectiveness by failing to pass.

Annandale slammed the puck past Wiloughby from a scrimmage in front of the goal, making the score: St. Andrews 1, Pickering 0. The time was called after this score, but time was called shortly afterward. Score: St. Andrews 1, Pickering 1.

Second Period.

St. Andrews' defence pair, Rogers and Pugsley, had the Saints' forwards shooting from the wall. With the time and checking their rushes in good style.

Third Period.

Wallace of the saints was right through the Pickering defence and was hooked by Lawrence. The third period was a repetition of the second, with the locals doing most of the attacking. Watson was benched for cross checking Watson.

Rogers, the Pickering defence, stopping the Saints' rushes and intermingling some good rushes of his own. With the appearance of Wright on the ice, Pickering took a new lease of life and the game became exciting for the last time since the start.

Anderson had hard luck in not scoring. Local players who shot from Wallace's pass hit the post and rebounded into play. Watson took a trip to the penalty box for hooking Rogers.

Full time was called with the score one all. Pickering led. The time was called for hooking Rogers.

First Overtime Period.

Rogers carried the puck the whole length of the ice himself, but was pulled up by Whiteaker. Wallace scored for St. Andrews when Pugsley stood dallying with the puck. St. Andrews 2, Pickering 1.

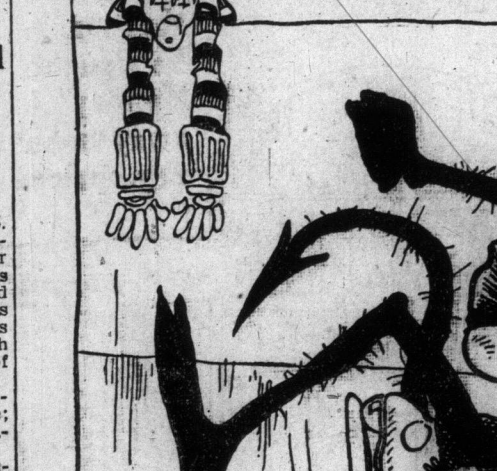

Watson notched another minute later when he banged the puck in from a scrimmage. Wallace scored another on a shot from the side, when the goal-keeper was out of the goal. St. Andrews 4, Pickering 1.

Wallace made it five for the locals when he scored from a combination rush with Watson and Bole. St. Andrews 5, Pickering 1. Watson scored another on a pass from Wallace. Final score: St. Andrews 5, Pickering 1.

TALLEST BOXER IN HISTORY OF GAME LOOKING FOR WORK

Lee Bodin Stands Up to Opponent at Six Feet Six Inches.

HAS PLENTY OF WEIGHT

Also Has Met a Few of the Fourth - Rate Mitt-Slingers.

NEW YORK, Jan. 15.—From Deer Lodge, Mont., comes the most prize-fighter that has yet aspired to the Willard Johnson-Jeffries crown—the heavy-weight championship, in other words.

Thru western representatives, Harry Conolly Pollok is able to offer for public approval none other than Lee Bodin, the tallest pugilist that has yet stopped under an electric light. This young man was born in Kansas in 1890, and grew up rapidly. He now measures 6 feet 6 1/2 inches, and weighs 215 pounds on the hoof.

Mr. Bodin is no easy mark, make no mistake about that. In his short career the elongated Kansas has knocked out Bob Pruitt, Dummy Brown, Frank Mack, and has fought a draw with Tommy McCarthy. This little fellow, young as he is, has a reach of 65 inches, and is willing to stretch it a little further if the easterners can dig up some fellow to meet him.

Mr. Bodin's speed, his foot-work or his head I know not, but there is plenty of time for that when some of the boys take him. Strangely enough there is a back-waters among our set of heavy-weights about giving this young fellow a room in which to swing his arms.

Passing of "King Cole" Recalls Old Memories

NEW YORK, Jan. 15.—Picturesque "King" Cole is no more. The once great Cub twirler will be missed, for in his great days he was the pride of the National League. His greatest year was 1910, when Frank Chance won the National Championship. Cole pitched twenty-four games that season and only gave four of them chalked up against his team mates. He pitched the greater part of the only game won by the Cubs against the Athletics in the world's series play-off, but did not get the credit for the win, as three-legged Brown relieved him in the ninth and was adjudged the victor.

"King" Cole was a commanding figure on the mound. Six feet two inches tall and weighing 200 pounds in condition, he was, indeed, a picture among the pitchers.

Ahern's Chance Tackles Gibbons

NEW YORK, Jan. 15.—Jake Ahern and Mike Gibbons will settle their little argument next Tuesday night at St. Paul. Mike has fully recovered from the little illness that made a postponement necessary. Ahern is to get the chance of his life in this match. Mike is pretty well established as the best middleweight in America, and it is up to Jake to knock him from his pedestal.

There is also the incentive of a meeting with Les Darcy to spur both men on. The great Australian is coming to America as soon as he can get away. Reports from there say that a determined effort is being made to force Darcy into the army as an example to the youngsters of Kangaroo land. What Carpentier has done for France they expect Darcy to do for Australia. But Darcy is not fired with patriotism as the handsome Frenchman is. Darcy sees thousands of dollars jingling before his eyes, and he has said that he will slip away to America at the very first opportunity.

NO LIFE OF EASE FOR BALL PLAYERS IN YEAR OF PEACE

Discipline Will Be the Watchword of the Baseball Moguls.

WORK FOR MANAGERS

Players Will Find Conditions Reversed This Year—Stars Exempt.

BY IGGE.

NEW YORK, Jan. 15.—Barney Dreyfuss, who owns the Pirates, believes that 1916 will be baseball's greatest year. Dreyfuss gives as a reason the doing away of the Federal League. Barney admits that it was a cruel war and that the National and American leagues suffered a lot more than they are willing to admit, and that all that saved certain club owners was the fact that the last race was so close.

"Discipline will be the watchword from now on," says Dreyfuss. "The players making us work for them, it is going to be turned about, and they are going to do a little laboring for the managers. You know the Federal League made every big star in baseball do a certain amount of laboring. There'll be precious little of that now. These fellows will have to come down to earth and do some ball playing, or beat it to the minors at minor league salaries."

"Of course this doesn't apply to the real stars in the big leagues," says Dreyfuss. "Fellows like Cobb, Wagner, Lewis, Johnson, Alexander, and many others have been hard at work all the time doing their best. We know that they will continue to do so. It is just the men who are stars, and are doing such work that get star salaries. The others will have to be content with wages unless they go at top speed all the time."

"Do you know that the Federal League took \$3,000,000 away from the National and American Leagues last year? Well, they did. In 1915 the salary list of the Pirates was some \$44,000 in excess of the salaries of 1910. On top of this the fans got tired of the eternal warring in baseball, and they stayed home and attended strictly to their knitting. Can you blame them? Some clubs in the National League are supposed to be making a salary list of \$115,000 during the past year. It cost me \$1400 a day to run my club during the 154 playing days of the season. The National League treated the men in the best possible way. On the road they stop at the best hotel in the town and they travel on the best trains. It is essential that the men be given the best of attention as they are valuable to the sport and to the fans. That is why I treat a player this way that he will remain in the best of shape. Without his being in tip-top condition he becomes a loss to the team. Water 1916 in baseball. It will be a hummer."

Deal Was Theme of Lengthy Discussion Saturday at Meeting of American Association.

CHICAGO, Jan. 15.—The Cleveland Club of the American Association may be purchased by Roger Bresnahan, manager of the Chicago Nationals, backed by Charles H. Weegman, new owner of the Cubs.

At the meeting of the ownership of the Cleveland team and the transfer of its franchise to Toledo, which was made a loss to the Cleveland club, and the announcement of the settlement of the Cleveland Club affairs would be made soon.

At Victoria—Victoria defeated Seattle Friday night in their P.C.H.A. fixture, after an interesting game, 5 to 1. The Victoria team was victorious by 5 to 1. The Vancouverites took the lead in the second session when they tallied twice while Portland were scoring once. In the final period the visitors scored the deciding goal. The line-up:

Victoria (3)—Goal, McCulloch; point, Genge; cover, Patrick; rover, Oatman; left, Kerr; centre, Nichols; right, McDonald.

Seattle (3)—Goal, Holmes; point, Rowe; cover, Carpenter; rover, Walker; left, Ricker; centre, Foyston; right, Morris.

At Portland—The league leaders, the Vancouverites, took the lead in the first period when they tallied twice while Portland were scoring once. In the second session the visitors scored the deciding goal. The line-up:

Portland (3)—Goal, Murray; point, Oatman; cover, Irvine; rover, Oatman; left, Hart; centre, Dundelund; right, Johnson.

Vancouver (3)—Goal, Leckman; point, Patrick; cover, Griffin; rover, Taylor; left, Cook; centre, Stanley; right, Duncan.
