## NURSES GRADUATE AT FREDERICTON

Seven Girls Receive Diplomas; Miss Sanson, Cross Creek, Valedictorian

FREDERICTON, April 23.—The graduation exercises at the Victoria Public Hospital, took place this afternoon in the schoolroom of the Brunswick Street United Baptist church, when a class of seven student nurses were presented with diplomas and they were sent out full-fledged nurses. The exercises attracted an audience which overtaxed the capacity of the building.

### THE GRADUATES.

The seven members of the class came from places well distributed throughout the province. They were as follows: Helen Wallace McCain, Florenceville; Ella Louise Sanson, Cross Creek; Jennie Elizabeth Carl, Maugerville; Bessie Mildred Connell, St. George; Della Mae Bryant, Norton; Sarah Marie Slauk, Norton; Emma Violet Wark, Andover.

### PRIZE WINNERS.

The prize winners were as follows: Dr. G. C. Vanwart's prize for surgical nursing, Miss McCain; Hospital Aid prize for obstetrics, Miss Carl; Corbett-Cowley prize for general proficiency and executive ability, Miss D. M. Bryant. Dr. Vanwart presented his own prize, Mrs. Charles D. Richards the Hospital Aid prize and the superintendent, Miss Margaret Pringle, the Corbett-Cowley prize. The entrance march was played on the piano by Miss Mary Boyd, the class entering between double ranks of lower class students. Invocation was pronounced by Rev. Dr. Sutherland. Dr. D. W. Ross, president of the hos-

## FREE MILK FUND IS DOING MUCH GOOD

Women's Council Hears Interesting Report From Superintendent of V. O. N.

The Saint John Women's Council at its meeting yesterday afternoon heard with gratification a report of the great benefits which the council's free milk fund have brought to the babies of the city.

### Policeman Wins Praise For Work

While patrolling his beat on Thursday morning about 2:45 o'clock, Police Constable Cooper found that the lock on the central display window on Oak Hall, King street, had been broken. The officer phoned to headquarters and Detective Kilpatrick responded to make a further investigation.

### CASE SET OVER.

The case of Vincent Sadovsky charged with obstructing a liquor inspector in the discharge of his duties, was set over for one week in the police court yesterday afternoon. The postponement was granted at the request of the prosecution, E. J. Heneberry, who appeared for the defendant, consenting.

## PREPARE FOR UNION

N. B. and P. E. I. Executive of Methodist W. M. S. in Session

A meeting of the N. B. & P. E. I. Executive of the Methodist section of the Women's Missionary Society was held at the home of Mrs. C. F. Sanford Thursday for the purpose of completing the business before the consummation of union, which will take place in Truro on the first week in June. Those present were: President, Mrs. C. F. Sanford, Saint John; 1st vice-president, Mrs. W. A. Thompson, Charlottetown, P. E. I.; 2nd vice-president, Mrs. G. M. Young, Chatham, N. B.; 3rd vice-president, Mrs. R. G. Fulton, Saint John; Cor. Sec., Mrs. S. Enman, Port Elgin, Rec. Sec., Mrs. W. H. Barker, Saint John; treasurer, Mrs. J. D. Keith, Norton, N. B.; Circle and Band Secretary, Mrs. E. A. Westmorland, Vernon, P. E. I.; Strangers Sec., Mrs. G. A. Dawson, Sussex.

A pleasing feature of the evening was the presentation of an address accompanied by a leather vest-end case, to Mrs. Barker, who will leave soon for Toronto to reside; also roses to Mrs. Sanford and Mrs. Enman as a small tribute of appreciation of such faithful service to the society. Declaring that expensive watches are luxuries, Poland and Bulgaria have forbidden the importation of the timepieces.

## Program Enjoyed By Eclectic Club

An unusual and very interesting subject was dealt with in the Eclectic Club meeting last night when an excellent program, prepared by Richard J. Hooper, on "Prisoners and Captives" was given.

The meeting was held at the residence of Mrs. James F. Robertson, Carleton street, and was largely attended. Mr. Hooper gave the very fine introductory paper. Mrs. Alfred Morrison gave a reading on "The Convict Ship Success." Mrs. Cortlandt Robinson's reading was from Byron's "The Prisoner of Chillon." Adrian Gilbert gave a reading on present day prison methods and Mrs. James F. Robertson read from the well known book "420 Miles to Freedom."

## Deaths

Mrs. John J. Stark

The death of Mrs. John J. Stark occurred at her residence, 39½ Richmond street, on April 23, 1924, and will be heard of with keen regret. She was a daughter of Dennis and the late Elizabeth Sullivan, of this city, and besides her husband and her father, she is survived by four small children, one brother, Howard Sullivan, and one sister, Miss Annie Sullivan, both of this city. The funeral will take place on Sunday afternoon from her late residence at 2:30 o'clock.

### SLIGHT FIRE

An alarm from box 45 last night called the fire department to a house near the corner of Britain and Sydney streets, occupied by Samuel McCarthy, and owned by George McArthur. From some unknown origin a fire started in a stable and then caught on a wall. Very little damage was done as a stream from the chemical was all that was needed to quench the fire.

Nearly one-third of the rubber shipped from the Netherlands East Indies is now coming to the United States.

**Buyers of "Quality at any Price"**  
Are buying Unit-Built Studebakers at sensible One-Price prices . . . and getting quality!

**REGARDLESS of price—there is but one Studebaker from the standpoint of excellence and worth.**

Whether you buy this fine Studebaker Coach or the Big Six Sedan—your dollar brings you the full benefit of One-Price manufacture.

Both cars have the same alloy steels, northern white ash and hard maple. Both enjoy the same high standards of workmanship—and Studebaker standards are higher than those of cars selling for double Studebaker prices.

**Studebaker's unique facilities**

Few motor car "manufacturers" have foundries, forges, etc., to make their own engines—yet one-fifth of an automobile's cost is in the engine. Even fewer build their own bodies—yet one-third of a car's cost is in the body.

Studebaker builds all its own bodies, all engines, all clutches, gear sets, springs, differentials, steering gears, brakes, axles, gray-iron castings and drop forgings. Only Ford in the low-price field and Studebaker in the fine-car field have such complete manufacturing facilities.

**One-Price value**

These facilities enable Studebaker to manufacture quality cars on a One-Price basis—eliminating outside profits. The savings thus effected are passed on to Studebaker owners in the form of higher quality and lower prices.

**Unit-Built construction**

Studebaker facilities result, too, in cars designed, engineered and built as units. The hundreds of parts in a Studebaker function as a smooth-working unit, resulting in scores of thousands of miles of excess transportation, greater riding comfort and higher resale value.

**Always kept up-to-date**

Direct manufacturing control enables Studebaker to keep cars constantly up-to-date. We add improvements regardless of the calendar—we do not save them up for spectacular annual announcements which make cars artificially obsolete. Resale values are thus stabilized.

**Rock bottom time-payment rates**

We welcome the purchaser who prefers to buy out of current income instead of capital. Any Studebaker can be purchased for a small down payment and the remainder in convenient monthly installments. It is possible that your present car is acceptable as the initial payment on a new Studebaker.

**Studebaker Standard Six Coach**  
**\$1650**

Under Studebaker's fair and liberal Budget Payment Plan, this Coach may be purchased out of monthly income for a small initial payment and at very low time-payment rates.

**Enjoy Running Water in the country**

**In the Kitchen**  
With a Fairbanks-Morse Water System you can have water at the turn of a tap for washing dishes, scrubbing, and all other purposes. The system is silent, smooth-running, trouble-free.

**In the Bathroom**  
No more tedious pumping or carrying of water. A Fairbanks-Morse Water System eliminates all this drudgery and does the work at a very small cost.

**In the Laundry**  
A Fairbanks-Morse Water System gives you a plentiful supply of water on wash day—and all at the turn of a tap. It makes wash-day as easy in the country as in the city.

**In the Garden**  
With a Fairbanks-Morse Water System you have plenty of water to hose the garden in dry spells. Plenty of water too for washing the car. The cost of operation is but a few cents a day.

We can supply a water system for every service whether the source of supply be deep or shallow well, spring or lake. If electricity is not available we can supply a plant operated by a sturdy little gasoline engine.
