MAYOR URGES PRESENTATION OF PORT CLAIMS

Suggests Special Case at Session of Duncan Commission Here

MAKE FREE PORT IS ONE IDEA PUT FORWARD

Would Ask That City be Repaid for Furnishing National Traffic Facilities

That while the Royal Commission on Maritime Rights was sitting in Saint John some attempt should be made to present the special claims of this port for adequate development was the opinion expressed this morning to the Times-Star by Mayor White.

His Worship said that while he had no doubt the claims of the Maritime Provinces would be adequately presented in the general brief submitted by the governments of the three provinces the Port of Saint John had a special plea to make. It should be impressed on the members of the Duncan Commission, he said, that Saint John was not a suburb of Montreal in the winter time, but was an all-year-round port and deserved to be treated as such in the scheme of national development.

FOR FREE PORT.

Provisions should be made here, he added, for handling traffic in summer as well as winter and the port should be made free. In this connection His Worship said that a "free port" did not necessarily mean one where no wharfage charges were made. In Europe a "free port" meant one where certain sections were set aside for the free shipment of raw material and the free export of the finished article to other markets. A free port in this sense, His Worship thought, would be a good thing for the city and the Dominion.

REIMBURSE CITY

He also stressed the necessity for additional facilities at the port and the repayment to the city of the sums which the citizens have spent to furnish terminal facilities for the benefit of the country as a whole and in order that Canadian goods might be carried through Canadian channels. He felt these matters should be brought to the attention of the commission while it was here.

RAILWAY MAN DIES

George B. Latimer, C. N. R. Yardmaster Here Passes Away in North End

Friends in Saint John and vicinity will learn with sorrow of the death of George B. Latimer, one of the late James and Elizabeth Latimer, which occurred yesterday at his home, 188 Adelaide Road, after a short illness at the age of 42 years.

Mr. Latimer was yardmaster for the C. N. R. here and had been in the service for 26 years. He is survived by his wife, formerly Miss Winifred Lane; three daughters, Misses Margery, Betty and Winifred, all at home; one sister, Mrs. A. S. Proffitt, and three brothers, William, James and John, all of this city. The funeral will be held on Sunday afternoon from his late home, service at 2:30.

WORKED WITH DELANEY

Joseph Pratt, Francis Pratt and John Breunshen, of Ansonia, Conn., have arrived here by automobile and will return this evening to their homes in the United States. They will be accompanied by Jack Gorman, brother of Charlie Gorman, who has been visiting his parents, Mr. and Mrs. John Gorman. Joseph Pratt is a sparring partner of Jack Delaney and helped him prepare for his recent fight with Berlin-bach. Mr. Pratt said that Delaney was a wonderful fighter. The party were at the Victoria hotel.

SEE THE FALLS

At high tide the water of the Bay of Fundy reaches a higher level than the water of the Saint John River and forces its way through the gorge of the Falls, creating a "Falls" running up river.

At low tide the water in the Bay becomes so much lower than that of the river, that the fall of water is reversed and flows down river into the Bay.

At mid-tide, when the level in the Bay and River are about equal, the Falls disappears and the water at the Falls becomes smooth as the surface of a lake.

To fully appreciate this wonder of the world it should be seen at all three stages.

STRUCK BY BASEBALL

Mrs. William Murray, wife of Pilot Murray, St. James street, has been suffering from the effects of an accident, resulting from injuries received while watching a ball game on the South End diamond, between the Royal and St. John's teams. She was struck in the eye by a ball. Mrs. Murray's friends hope she may have a speedy recovery.

GIRLS' CAMP OPENS.

Girls to the number of 28 from various parts of the province gathered yesterday at Chipman, where the girls' camp opened last evening, and will continue until August 2. The director of the camp is Mrs. Bona Mills, and the general manager is Mrs. Parker Jenkins. Mrs. M. L. James, of Grand Falls, is the camp mother. The camp is being held under the auspices of the Maritime Religious Educational Council.

TO GOLF TOURNAMENT

Members of the Riverside Golf and Country Club leave today and tomorrow for Halifax to take part in the Maritime golf championships, which are being played on the Ashburn Club links near Brookville. Those who will represent the Riverside Club are Eric Thomson, Percy Hall, Thomas McAvity, Percy Armstrong, Shirley Peters, Fenwick Armstrong, Chipman Schofield and Philip Halliday. S. W. Lingard will leave tomorrow for the tournament.

GIANT STRAWBERRIES

A fine example of the size and quality of the cultivated strawberries that are raised in New Brunswick was seen by a Times-Star reporter this morning in a lot brought to the market from the farm of Roy D. Boxold of Moss Glen. The berries were so large that 33 filled a box to overflow. The berries were of rich flavor. "Samples" is the name given the variety that Mr. Boxold grows, and he expects to harvest 1,000 boxes this season.

AFTER THE STORM

It was reported at the office of the New Brunswick Telephone Co. this morning that there had been good recovery of telephone service after the storm of Thursday night. Throughout the province all was restored to normal and the local troubles had been practically all overcome except at Brookville. Lightning had hit a cable and it was expected that it would be well by tonight.

CHRISTMAS SAILING

The Robert Reford Co. has just received advice that the new Anchor-Donaldson Line twin-screw passenger steamer Letitia will leave Glasgow on November 26 for Saint John, via Belfast, and will make the Christmas sailing from this port on December 11, to Glasgow, via Belfast. The Letitia is an oil-burner and was built in 1925. Her dimensions are as follows: Tonnage 13,475, length 538 feet, breadth 66 feet. She has accommodation for 600 cabin and 1,000 third-class passengers.

SCOUTS IN CAMP

Saint John's Boy Scouts are having a grand time in camp at Mather's Point, Long Island. One day two Scouts rowed around the island going up one side against the wind in eight minutes and coming down the other side in three hours, using their blanket as a sail. So far five Scouts have gone on overnight hikes, two boys passed the swimmer's badge, six boys tended foot and four boys second class. The Scouts are having a field day will be held, with swimming, running, ball, and other games. The Cub Scouts are also taking part. They are under the charge of Douglas MacLennan and F. Dashwood. Rev. J. H. A. Holmes is in charge of the camp.

W. E. A. Lawton Hopes for Cement Plant at Saint John

PLANS REAL ESTATE MEN'S MEET IN CITY

Goes on Cross-Canada Journey to Occupy Eight Weeks

W. E. A. Lawton, Saint John real estate operator, will leave tonight on an eight weeks trip to the Pacific Coast, during which he will visit all of the principal cities in Canada and in the United States along the Canadian border. He hopes that as a result of this trip a large manufacturing plant will be established here, and also in the future of the city he hopes to bring others to see it as he does and invest here.

CEMENT PLANT

For about a year now Mr. Lawton has been working toward the securing of a cement manufacturing plant here. He said today that he has now the control of 180 acres of the best clay for the making of cement which has ever been analyzed, and that there are large deposits of lime in the immediate vicinity of the clay deposit. The first of the week he will meet capitalists in Toronto to discuss with them the building of a plant here and hopes to be able to announce on his return that work on the erection of the necessary buildings will begin soon.
