

AVIATION IN WEST.

Capt. E. C. Hoy, D. F. C., of Vancouver, the first and only man to fly across the Canadian Rocky Mountains, is to be the first man on the Pacific coast of Canada to undertake commercial flying. His plans, now being completed, call for flights to mountain, lake and forest beauty spots to enable tourists to see wonderlands of nature inaccessible except by air route, and never yet trodden by the foot of man.

OAK HALL'S BACK-HOME SALE STARTS TOMORROW

Great Value-Giving Opportunities to Commemorate Their Return to Their Original Home on the Corner.

After four years absence from the corner of King and Germain streets, commonly known as the Oak Hall corner, Oak Hall are again taking over a part of this building in conjunction with their present building, and are celebrating their return by a great Back-Home Sale.

The Oak Hall Mid-Summer and Mid-Winter Sales are recognized as St. John's greatest mercantile events, but Oak Hall have made tremendous efforts to even surpass these stupendous events, and they feel confident that this great Back-Home Sale will be the biggest thing they have ever attempted.

Away last fall when Oak Hall procured control of this building, they began to prepare for this Back-Home Sale. The different buyers started away then to procure special merchandise. Even in the face of the well known scarcity of everything, they were successful in procuring large quantities of worthwhile merchandise, much of it below the then prevailing market prices. This merchandise was immediately shipped to St. John and stored, guarding against the heavy price advances which have actually taken place.

And now Oak Hall is offering this great quantity of men's and boys' clothing and furnishings at tremendously low prices, considering present market quotations. Oak Hall predict a very large volume of business for this event, and with this in view, have figured the very minimums of profit on cost prices of many months ago.

It is an economically sound proposition for everybody to participate in this great epoch marking Back-Home Celebration.

The Oak Hall Back-Home Sale

Starts Tomorrow at the Old Home Corner King and Germain Streets

"FLU" IS INFECTIOUS

A Disease Easily Spread Through Close Association.

It passes in the form of minute germs from the coughs or sneezes of people who in the first stages mingle with others.

Therefore avoid exposure—this may be difficult, almost impossible. But we can all keep our blood full of vitality and enable it to resist the attacks of disease germs by taking Hood's Sarsaparilla, the pre-eminent blood-purifier and health builder. This good medicine promotes assimilation so as to secure for the body the greatest possible value of food. It aids digestion and "makes food taste good."

After influenza or any other blood-poisoning, prostrating disease, it is remarkable how it promotes convalescence and brings perfect restoration to health. A good cathartic like Hood's Pills helps greatly by keeping the bowels regular.

Cleans Thoroughly--Polishes Brilliantly THE remarkable, beautiful effect obtained from the O-Cedar treatment, is due to the fact that O-Cedar "cleans as it polishes." It is important that all dust and grime be removed from any surface, in order to give it that lustre which is something more than a mere surface polish. This O-Cedar accomplishes. A few drops of O-Cedar on a wet cloth will form a soft lather that removes all scum and dust. The final operation consists of a brisk rub with a dry cloth. The result is all that could be desired—a hard, dry lustre on furniture and floors; a dazzling radiance on your automobile. O-Cedar Polish, 25c. and 50c. a bottle; \$1.25 and \$3.00 a can. O-Cedar Polish Mop, without handle, \$1.50. The handle, 34 inches long, is 25c. extra. Both Polish and Mop at your Hardware or Grocery Shop. CHANNELL CHEMICAL COMPANY LIMITED TORONTO
