## The -Spark Plugs Tell the Tale

Motor Power

However good your motor, it cannot produce its highest power without efficient spark plugs. The spark plug, in turn, depends on the insulator which must withstand the same hammering blows of gas explosions and the same rapid expansion as the steel cylinder in which it is placed. That is where 3,450 insulators in

Champion Dependable Spark Plugs prove their superiority. 3,450 separate experiments have produced in Champion insulators a material so much like steel in its ability to withstand the hardest punishment that it is practically inde-

SULPHUR AND MOLASSES.

A great deal of molasses has been unloaded at this port since the first of January. Besides the regular steamers from the West Indies, schooners have been unloading here, their shipments been unloading here, their shipments being for the most part consigned to the west. Parties are now making arrangements for the handling of sulphur cargoes from Central and South American ports at St. John and inquires as the charges for berthing, etc., have been received by the harbor master.

ROWING ON THE BOOM

If there are no other results to tecoming elebrations, it is felt that the revival in rowing which is taking place now will amply repay the efforts which are now being made to evoke a new interest in the sport. It looks as though a great deal of attention will centre during the dual holiday on the boat races in the harbor yeaterday at one time, and there are more still to come.

FOR FAIRVILLE PLAYGROUND

A meeting of the finance committee appointed to secure funds for the operation of Fairville playgrounds was held last evening. Warden Golding, fiev. A. S. Bishop and Messrs. Foster and Hensessey, and Miss M. E. O'Brien were present. It was decided to hold a tag day under the supervision of Miss O'Brien and Lancaster will be onceptively and the supervision of Miss O'Brien and Lancaster will be object. Miss O'Brien will have the support of a capable committee of ladies, and any finances secured above the amount required to pay playground expenses will be put into a fund for use next year, when it is hoped a large recreation field will be available for equipment. It was anounced that the playground has proved a great success this year, on one day more than 150 children being present. Miss Turner and Miss Hennessey are the supervisors.

One redeeming feature of this pro-hibition period is the elimination of that occasional struggle to compel a size 7 hat to rest comfortably on a size 14 head.

In reporting the grounding of the steamer Frances Boutilier, a morning paper has these lines:

"It was an easy matter to "float her. She continued her journels" "float her. She continued her journels "few hours afterwards.

The paper evidently had a harder time to get her afloat than her crew did.

#### CORONER ROBERTS TO SUMMON JURY IN THE HAYES CASE

And city hall didn't have to arrange a bond issue to have it done.

Evidently we've been mistaken after all. Perhaps we aren't paying enough for produce. A representative at the Sussex Agricultural School this week is quoted as saying that "the farmer is not yet receiving enough for his work." And here we thought he was getting too much.
