HOSPITAL WILL HAVE 1,000 BEDS Two New Wings and Reception Hall Added to Present Accommodation in Winnipeg Institution By further additions about to be made by the Military Hospitals Commission to be Manitoba Military Convalescent Here. Ment, remedial baths, massage, and such treatments as require special apparatus have been installed in one building specially set aside for this purpose. A fitting room and repair shop for artificial limbs has also been established at this hospital as a branch of the Artificial limbs has also been established at this hospital as a branch of the Artificial limbs has also been established at this hospital as a branch of the institution a residence building for female hely including nurses, dietitians, masseuses and others, is now to be built. The site chosen for this residence is to the east of the campus near the power plant. On the recommendation of the commission's engineer important additions to the central heating and power plant are also being made to avoid the danger of underheating the new buildings. Lemons Beautify!

warded off and those tell-tale lines of sure or of age are softened away.

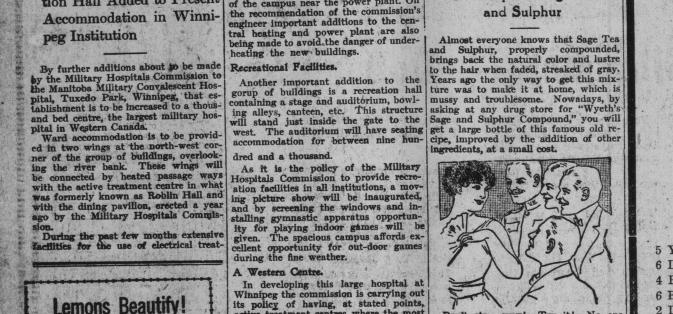

The juice of two fresh lemons straining facilities of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will loop fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothener and beautifier.

Just try it! Get three onnees of erchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily just the face, neck, arms and hands, and see for yourself.

Bellevue, Que.,n and Whitby, Ont. A additional reason for expanding the Winipage in stitution to this size is the exceptional vocational training facilities which have been developed at this centre. One whole building has been set aside for vocational training purposes and much equipment has been installed.

SUCCESSFUL CARNIVAL

The carmival at the Victoria rink last night was a big success in spite of the stormy weather. The ice was in perfect condition and remained hard during the whole evening. A very large crowd attended and many of the costumes worm were very novel and original. The prisee for the evening were: lst, \$10; 2nd, \$5; 3rd, \$2.50. The prise winners were as follows: Ladies—lst, Georgie Watters, Joan of Art; 2nd, Jean Calkin, Music Land. Gentlemen—lst, Horace Brittain, Food Controller; 2nd, Edward Driscoll, Avistor; 3rd, J. W. Macaulay, Excelsior.

advanced treatment requiring elaborate and costly equipment can be installed. It would be quite impossible and unjustifiably expensive to duplicate certain kinds of equipment in numerous small institutions. The expectation is that Western Canadian cases, requiring the class of treatment which can be given only in such an institution, will be assembled at Winnipeg for that purpose. Other similar institution, will be assembled at Winnipeg for that purpose. Other similar institutions containing the most elaborate facilities for treatment are at Halifax, N. S., St. Anne de Bellevue, Que,n and Whitby. Ont. A additional reason for expanding the Winnipeg institution to this size is the expectation of the correction of disease.
