MAGNETIC BEARING is 31°24' (558 mils)
ID NORTH.

CHANGE DECREASING 8.0'

TH is 0°40' (12 mils) EAST of TRUE NORTH
of map.

E MAGNÉTIQUE en 1977 est à 31°24' (558 mils)
RD DU QUADRILLAGE.

ANNUELLE DÉCROISSANTE 8.0'

QUADRILLAGE est 0°40' (12 mils) à l'est du
GRAPHIQUE au centre de la carte.

CONVERSION SCALE FOR ELEVATIONS
ÉCHELLE DE CONVERSION DES ÉLÉVATIONS

A conversion scale for elevations. The top part shows 'Metres' from 0 to 300 in increments of 50. The bottom part shows 'Feet' from 0 to 1000 in increments of 50. A vertical scale bar is positioned between the two rows, with tick marks corresponding to each 50-unit interval. The word 'Mètres' is at the far right of the top row, and 'Pieds' is at the far right of the bottom row.

Metres	Feet
0	0
50	100
100	200
150	300
200	400
250	500
300	600
	700
	800
	900
	1000

This figure is a detailed geological map of a region in Northern Canada, specifically the Yellowknife area. The map is oriented with latitude on the vertical axis (ranging from 68°47'00"N at the bottom to 74°00'N at the top) and longitude on the horizontal axis (ranging from 52°27'00"E on the left to 55°10'00"E on the right). A scale bar indicates a distance of 118 km. The map shows a complex network of geological structures, including numerous small lakes, numerous numbered locations (e.g., 212, 220, 221, 222, 223, 224, 225, 226, 227, 228, 230, 231, 232, 233, 234, 235, 236, 237, 238, 240, 242, 243, 244), and several 'W' symbols indicating water bodies. A dashed line labeled 'HIGHWAY' runs diagonally across the map. The map also includes labels for 'RAE 118 Km' and 'FORT PROVIDENCE 98 Km'. The bottom of the map features a grid with labels such as '527000m.E.', '28', '29', '30', '31', '32', '33', '34', '35', '36', '37', '38', '39', '40', '41', '42', '43', '44', '45', '46', '47', '48', '49', '50', '51', '551000m.E.', '25°', '20°', '15°', '10°', '05°', '52°', '62°', '684700m.N.', '687300m.N.', and '687300m.N.'.
