SPORTING MATTERS

MUCH INTEREST IN
MOTOR BOAT RACE

Will be for the R. K. Y. G. Executive
Cup—Enriches Close Friday Night
—Conditions and Officials

Considerable interest is being taken in the race for gasoline motor boats, which will be held on Saturday, the twenty-seventh of July, for the 1900 executive cup. The start will be made at three o'clock and the time limit is two hours. Following are the conditions governing the race and the officials:

Starting signals—Signals given and time taken from old club house balcony.

Preparatory, 15 minutes before start, hoist signal flag S.

Preparatory, 5 minutes before start, haul down signal flag S, hoist signal flag P, and fire one gun.

Course, special—Start between the club wharf and a stake moored off it, thence up the Kennebec to a buoy off Sandy Point; leave this buoy on the port hand; thence to a buoy in the mouth of the Milken Chop, leaving it on the port hand; thence down to Indian Island and through the western channel, leaving Indian Island on the port hand; thence over the same course the second time, leaving the marks as before; finishing off the club wharf, between the wharf and the stake marking the outer end of the starting and finishing line.

International rules of the road governing steam vessels must be adhered to. In addition the following special rules must be observed in this race:

Boats must allow at least six (6) feet of clear water between them when passing each other (whether in same class or not).

A boat in the lead must not change her course to prevent a boat astern from passing, or so as to compel a boat astern to come within the six foot limit.

When approaching a mark the leading boat must keep outside the six foot limit and give an overhauling boat room to turn the mark, providing the overhauling boat has established an over-lap.

Distinguishing marks—Each boat must carry a small metal plate, at least twelve inches long and eight inches wide, painted white, with the racing number in black on it, at the top of a flagstaff, in such a way that the plate stands fore and aft.

The yacht's racing flag must also be carried on a binnacle.

Officers of the day—Judges: S. P. G. Gow, H. R. Sturges; Timers: J. H. Kimball, Austin McLaughlin.

All conditions of the sailing regulations of the R. K. Y. C. (other than the rules of the road) must be strictly adhered to. Read the regulations.

Entries for this race close Friday night at six o'clock, at which time they must be in the hands of J. H. Kimball, secretary of the sailing committee.

The time allowance is made up from the length overall, the greatest breadth and the horse power, and these factors must be given in the entry. Entry forms may be obtained from the secretary of the sailing committee in the city clubrooms or at the clubhouse at Millidgeville.

The race is open to gasoline motor boats, twenty-five feet over all, and under.

BASEBALL

AMATEUR LEAGUE

In the Amateur League series the Marathons defeated the Algonquins by a score of 4 to 2. This win places the Marathons at the top of the league.

Tonight the Clippers and P. Y. M. A. will meet at seven o'clock.

On Saturday afternoon at 2:30 o'clock the Marathons and Portlands will meet in a nine-inning contest on the Victoria grounds.

These two teams have met and defeated each other by very small and close scores.

Neither team has scored more than four runs; one game of seven innings resulted in no score. A good crowd should patronize this game and a good game is guaranteed.

WORLD GREATLY NEED LABORERS

Widespread Prosperity is the Cause Say Government Experts

Many Great Projects are Under Way—The Panama Canal and Two Canadian Railways

WASHINGTON, July 26.—There is a scarcity of labor all over the world. The fact is, widespread prosperity and the unparalleled enterprise of the age have led to the undertaking of more great projects than can possibly be completed within a reasonable time. This is the opinion of one of the greatest labor experts in the government service.

"The labor supply is my hobby," he continued, "and I have been devoting all my spare time to the subject, while my daily work consists of securing a steady force of forty thousand laborers."

"Good labor at reasonable prices is no longer to be had. The world's labor market is wholly unable to supply the demands of the world. There should be a constant influx of not less than seven hundred laborers a week to maintain the necessary working force."

"To the north of us there is a tremendous increase in railway construction. The Grand Trunk Pacific and the Great Northern railways in Canada are beginning the construction of lines which will aggregate 8,000 miles. It will cost, say, \$5,000 a mile—perhaps more. That means a total of \$40,000,000, a very large share of which will be paid in wages to the laborers."

DEATHS

AUGUSTUS R. MACDONOUGH.
Old Boston families were grieved today to learn of the death in New York of Augustus Rodney Macdonough, son of the late Commodore Thomas Macdonough, U. S. N., at the age of 86. He was born in Middletown, Ct., and was well known here among the older people, whom he often visited.

His nephew, Rodney Macdonough, who for years was considered a confirmed bachelor, recently married Miss Estelle Gleason, a charming St. John girl, much to the surprise of their friends. They live at 24 Huntington avenue.

Augustus Rodney Macdonough was for 25 years the secretary of the Erie railroad, and he was particularly well known at the home of George Manning, Smith Creek.

SUSSEX, N. B., July 25.—John H. Mace, a resident of Maple Avenue, who is widely known and highly respected, died very suddenly this evening at 7 o'clock at the home of George Manning, Smith Creek.

Mr. Mace accompanied by Mr. Patterson, drove to Smith Creek on Monday to survey some land property. On arrival Mr. Mace complained of being ill, and immediately he was taken down in a wheelbarrow and remained in an unconscious state until death.

Deceased was 65 years of age, and had followed the greater part of his life, until a few years ago when he retired. He was for many years councillor for the parish of Havelock, also magistrate and assessor for the town of Sussex. A wife, son, daughter and daughter survive. Mr. Mace was visiting friends at Loksade when the news was wired to her.

The authorities concluded that the contest came within the cruelties to animals' act, and the promoters accordingly were notified by the police that it could not take place. It is understood that the affair has been called off as a result.

About eleven o'clock last evening a large crowd, attracted by shouting and a general uproar, collected near Mill street opposite the Union depot.

The noise arose from a scrap which was going on between some sailors and some of the town boys. The sailors were going about the street singing and shouting. They were promptly hustled away to their steamer, and one fellow, who made a lot of trouble, was arrested. Shortly afterwards they returned, evidently very anxious about him. Mr. Burpee has been in the west about fourteen years and visited here about five years ago on his bridal tour. He has been employed on the Columbia for some time.
