DIRECTOR MURDOCK SAYS FOUR MILES OF NEW PIPE WILL BE NEEDED—ENGINEER HUNTER LAUGHS

There was a short meeting of the Water and Sewerage Board yesterday afternoon. The meeting was called for the purpose of having the members sign the assessment for this year. The amount of the assessment will be about the same as that of previous years—\$102,000. Besides routine matters the board ordered \$1,500 to be paid to Mr. Arthur and McVey to satisfy the demands of the company that supplied the wood stoves for the pipe.

Director Murdoch at a certain point in the meeting made the rather startling statement that four or five miles of pipe would have to be obtained to make repairs when the fall pressure was put upon the pipes. Chairman Frink did not agree with the statement which was considerably at variance with the latest report of Engineer Hunter.

Those present at the meeting were: Ald. Frink, Ald. Baxter, Ald. Bullock, Ald. Lantieri, Ald. Kelly, Ald. Sprague, Ald. Willet, Ald. McGowan, Ald. Sprague, Ald. Ham, Director Murdoch and the common clerk.

The first important matter to come before the board was the request of the Wood Stave Company, that the city pay, McArthur and McVey \$1,500

UNDERTAKERS FORM A TRUST
Fayette County, Pa., is Confronted by Combination of Capital.

UNIONTOWN, Pa., Sept. 12.—The undertakers of Fayette county, in which Uniontown is located, have formed a trust. The combination is aimed directly at the county, and hereafter no more paupers will be buried by the undertakers of Fayette county unless the price demanded by the trust is paid. The county commissioners are in an awful stew, because the county's paupers must be buried by undertakers who have their places of business in the county.

Heretofore the undertakers have received from the county \$15 for burying an adult and \$5 for burying a child. The undertakers combine now demand \$20 for burying an adult and \$12 for burying a child.

BREITON WOODS, N. H., Sept. 12.—Daniel Willis James, the New York philanthropist, who is ill here of heart trouble, was sinking rapidly eleven o'clock and his death is anticipated within a short time. He has been unconscious for several hours.

Nurses' and Mothers' Treasure
—safest regulator for baby. Prevents colic and vomiting—gives healthful rest—cures diarrhoea without the harmful effects of medicines containing opium or other injurious drugs.

Cures Diarrhoea

25-cent drug stores.
National Drug & Chemical Co., Limited, Montreal.

MILLINERY OPENING.
TUESDAY and WEDNESDAY,
Sept. 17 and 18.

OUR FALL PATTERN HATS
will, on the above days, be shown for the first time, and we extend to you a cordial invitation to come and see them.

GENERAL BOOTH NOW ON HIS WAY TO CANADA

Veteran Head of Salvation Army Will Address Two Meetings at Opera House Next Sunday, and Speak at the Canadian Club Luncheon Monday Evening

General William Booth, the head of the Salvation Army, left Liverpool on the Allan liner Virginius yesterday. He will land at Rimouski and come direct to St. John, arriving here next Friday or Saturday.

His first meeting will be held in the Opera House on Saturday night. It will be of a semi-public nature, but principally for the soldiers of the Army. On Sunday morning at eleven o'clock the general will hold a public meeting in the Opera House, and in the afternoon he will lecture there at three o'clock. His subject will be The Secret of Success of the Salvation Army. Lieut. Governor Tweedie will occupy the chair at the lecture. On Monday evening General Booth

TRAIN VICTIM
ST. JOHN BOY

James Allen of Clarence St.
Run Over Yesterday

Was Stealing Ride With Chum and Fell Off—Body Will Come Today.

The body of James Allen of 29 Clarence street, who died yesterday at 1:30 p. m. in Bangor as a result of falling from a freight train near Bangor on the C. P. R., is expected to arrive in the city on the noon train. The body in all probability will be interred in the Church of England cemetery on Monday afternoon.

The dead boy, who was about seventeen years of age, was the son of Mr. and Mrs. Henry Allen of 29 Clarence street. He is survived by two sisters and three brothers. One sister, Mrs. Appleby, is now living in Halifax, the other resides at home and is employed in the York cotton mill. One brother works in the same mill, another is employed at the Dufferin Hotel. The entire family is prostrated with grief at the sad accident, the mother being particularly affected.

The dead boy was of an adventurous disposition and often expressed the desire to get away from St. John and obtain employment in some other place. Just before leaving this city he was working on the bridge being built across the L. C. R. tracks at Wall street. On Saturday last young Allen left the city supposedly bound for the potato fields of Northern Maine. He was observed putting on extra clothing before starting out, but refused to give any explanation or to say where he was going. In fact, it was not until the following day that his father knew he had gone.

Walter Thomas, the boy who was with Allen when the latter was run over by the train, lived with his parents on St. Patrick street. The family have recently come here from Moncton and the boy was employed in the cotton mill. He was younger than Allen.

After informing the train crew that his chum had fallen from the train, Thomas is said to have taken to the woods, fearing detention by the authorities. He has not been located since. Thomas' father had no knowledge of the fate that had overtaken his son's companion until informed by a strange accident last evening. Mr. Allen was standing on Brussels street talking over a sidewalk with some friends when Mr. Thomas joined the group. On learning of the death of Allen he volunteered the information that his own son had run away Saturday night. "What is your name?" he was asked by Mr. Allen. On the latter learning that it was Thomas, he said, "Then your boy was with mine, but wasn't hurt."

I.C.R. BERTH IS TO BE DREDGED

Dr. Pugsley Lays the Matter Before Mr. Butler

Arrangements for Dredging the Sand Point Berths Will Probably be Concluded Today.

The calculations of the city engineer regarding the dredging required at the old Sand Point berths were under consideration by the Minister of Public Works and the Common Council committee yesterday and it is probable that that arrangements will be concluded today to have Mr. Mayes enter upon the work at once at a price based upon the engineer's figures.

Action is also being taken to have the dredging at the Intercolonial pier, which was not completed last season, undertaken as soon as possible. Dr. Pugsley has laid the matter before the Deputy Minister of Railways, impressing upon him its urgency, and arrangements will undoubtedly be made at once so that the berth will be in condition to accommodate the steamers needing it this season.

Copies of the correspondence which passed between Dr. Pugsley and the Deputy Minister of Railways regarding the provision of increased I. C. R. pier facilities here was sent yesterday to the secretary of the Board of Trade. The officials and members of that organization are greatly gratified at the energy with which the minister has taken hold of the matter and the results which have attended his efforts.

VENDETTA GOT HIS

DEBHAM, Mass., Sept. 12.—John Vendetta of Canton was sentenced to two years in the house of correction by Judge Sanderson in the Norfolk superior court here today for assault with a dangerous weapon upon Anselmo Pasella of Canton, on July 4 last. The two men had a dispute over possession of a watch chain and Vendetta shot Pasella in the arm and foot with a revolver.

FALL STYLE STIFF HATS!

Our Fall Stock is complete. Every grade and every fashionable shape can be found here.

Our Leaders at
\$2.00, \$2.50 and \$3.00

Ward Meetings

Friends and supporters of the HON WILLIAM PUGSLEY, Minister of Public Works, are requested to attend the meetings of their various Wards, each evening commencing Monday 18th:

Kings, Queens, Dukes, BERRYMAN'S HALL
Sydney and Dufferin, SUTHERLAND'S HALL
Prince, Wellington, MOLEAN & HOLT
Victoria
Lansdowne, Lorne and Stanley, TEMPLE OF HONOR HALL
Guys and Brooks, ODDFELLOWS' HALL

THOS. McAVITY,
Chairman Executive Committee.

AMUSEMENTS

Take in Nickel and Circus, Too.

This is circus day and those who want to spend an afternoon or evening of real, genuine fun, should not omit attending the Nickel, which is presenting a bill of five perfectly new moving pictures, two up-to-date illustrated songs, and a wealth of stereopticon slides picturing Lower Canadian places, as well as first class orchestral music. All this for five cents makes an entertainment of a high and wholesome quality unequalled in Canada. Visitors to the city will make a decided mistake if they neglect taking in one of the Nickel's shows. Those who attend the Nickel in the afternoon may attend the Nickel in the evening. Those who attend the Nickel in the evening have a whole afternoon to see the moving picture show. The animated views now being shown are: "My Lady's Revenge" (dramatic); "Cohet's Hard Luck" (very funny); "The Wait and the Status" (pathetic); "An Unusual Father" (sensational); and "A Physical Culture Show" (instructive). In the afternoon, Mr. Brown will sing "What You Come Over to" and "Willie, Willie," and at night "Miss Feltz will be heard in a charming new ballad, 'Kiss the Old Across Trees, Sweet Estelle.'" Don't miss the Nickel today. It's the best show of the month, and all for five cents.

Happy Half Hour.

Today will be the last chance to see the present programme at the Happy Half Hour. The pictures are Always Under the Stars, and The Vengeance of the Algonquin. Le Domino Rouge sings Down Beside the Meadow Brook and Harry D. LeRoy sings "What You Come Over to" and "Willie, Willie," the latest comedy success. The illustrations of this song are a succession of laughs, and Mr. LeRoy has made a distinct hit in singing it. Those who have not yet seen this programme should do so today. It's well worth a visit.

Queen's Rollaway.

"Ladies' night" at the Queen's Rollaway last evening was as usual enjoyed by a large crowd of both spectators and skaters. Beginners should note that the best time to learn is in the afternoon. The crowds are not so large as in the evenings, and the instructors have much more time to give them. Band again tonight.

Prize Winners at the Vic

Miss Jennie Graham won the door prize for ladies last night at the Victoria Roller Rink. Her ticket was No. 1, Harry Kerr won the gentlemen's prize, holding the lucky ticket No. 47. Tonight there will be two more chances to win season tickets, one for ladies and one for gentlemen. Every one paying an admission has a chance, and the tickets include skates for the season of three months. There will also be several races tonight, in which all the fastest skaters will compete.

PLAINTIFF WON

In the Supreme Court yesterday morning an adjourned case from the Kings County Court was taken up before Judge Landry. The case is that of Melvin C. Harrison vs. William E. Newcomb. Harrison had been employed by Newcomb to dig a well. He claimed that he was to receive two dollars a day and board. The defendant claimed that Harrison was to play his own board. The amount in dispute was about fifty-five dollars.

At the conclusion of the evidence, counsel for both parties to the suit addressed the judge. His honor then gave judgment in favor of the plaintiff for \$4.45, the amount claimed.

A. W. Baird for the plaintiff and D. Mullin, K. C., and E. S. Ritchie for the defendant.

Court adjourned sine die.

"Cheer up; there is a silver lining to every cloud!"

"Well, what good is that? I haven't got an airship!"

THOUGHT IT WAS A FIRE ALARM

Horse Formerly Used by Chief Kerr
Taken by Boys While Standing on Dock Street—Found Later.

Henry Jacobson, of the firm of Jacobson & Selick, is the owner of a large grey horse which formerly did duty in Chief Kerr's get-there-quick wagon. Considering the frequency with which it was formerly called upon to do sudden dashes, it was probably no great surprise to the horse to be unexpectedly summoned to do its utmost in the way of speed yesterday afternoon while standing quietly before the door of R. Ashkin's store on Dock street. Mr. Jacobson was inside the store and had left the horse and empty express wagon at the door. It is supposed that some embryo fire-chief seized the opportunity to gain some experience. There happened to be no fire at the moment, but the horse responded as in the old days when the general alarm struck in. The outfit was seen dashing out Pond street, and for several hours afterward its whereabouts was a mystery.

Mr. Jacobson was naturally much wrought up because of the occurrence, and immediately notified the police. A sharp lookout was kept, and at about ten o'clock the horse was found wandering about on Union street, and was placed in Short's stable.
