News Summary.
DOMINION.
— The customs have seized \$20,000 of sugar for undervaluation at Hamilton.
— The West Mine at Whiteburn, we are informed, has been bonded to an English company.
— The Dominion Express Company is shipping large quantities of fish to the Upper Provinces.
— The N. B. red granite works, St. John, N. B., have orders enough to keep them rushed till New Year.
— Messrs. Stetson, Cutler & Co., have shipped about 60 tons of lime stone by rail last week, to Oldtown, Me.
— W. P. McNeil, of New Glasgow, has sold his coal mine, near that town, to the local iron company for the handsome sum of \$20,000.
— The local Electric Company at Amherst, managed by Messrs. Bliss & Casey, are putting in telephone service over Ship Railway.
— A company, with a capital of \$20,000, has been formed in Milton, near Yarmouth, for the manufacture of doors, sashes, furniture, etc.
— Stone for Fort Lawrence terminus of Ship Railway is being quarried at Messrs. A. Seaman & Co.'s works, Lower Cove; 4,000 tons are required.
— The Moncton Sugar Refining Company have declared a dividend of ten per cent, on the preferential and original stock, payable on the 10th of August.
— Efforts are being made to induce the C. P. R. Co. to erect a dry dock on the western side of St. John harbor. Shipbuilding in St. John is looking up.
— A Bathurst special to the West says that John Baldwin caught on Wednesday, at Grand Anse, 30 bbls. of mackerel and 30 bbls. of gas crayons, worth \$500.
— D. Lawlor, of North Sydney, C. B., has a cow that in two consecutive weeks produced 4 1/2 lbs. of butter. She is a grade Durham with some Jersey blood.
— The will of the late J. C. Lamb, of Sussex, which was probated last week, contained five lines only. It bequeathed property worth \$50,000 to his wife and son.
— The Ship Railway contractors have purchased 8000 bbls. of Portland cement. Three cargoes have arrived to this port already, ex Herbert, Hattie C. and Geneva.
— The Sackville shoe factory building has been moved, put on a new foundation, and an addition is commenced. This well established institution still retains its prosperity.
— The Charlottetown Examiner says that hay will be a better crop than last year, while there is a prospect of excellent crops of potatoes, turnips, wheat, oats and barley.
— The crops in the North, said Mr. J. McLaughlin to an enquiring pressman, "are in good condition." Salmon fishing in the Miramichi has been very good during the last few days.
— A mill dam, near Parrolois, filled with saw logs, burst its containing dam, one day last week, and the logs, to the value of many thousand dollars, we regret to say, went to sea.
— The milk car, that comes into St. John every morning brings in about 1,000 gallons of the latest fluid every day. The work of delivering this milk through the city keeps ten teams steadily employed.
— The catch of salmon in the Fraser river, British Columbia, this season is reported as marvellous. Canneries have been compelled to recall their boats, owing to there being more fish than they can handle.
— The New York Freestone Quarrying Co., at Wood Point are shipping stone to go into the new Masonic temple at Buffalo. The rail shipments to Chicago last two months amounted to fifteen car loads.
— The Calgary Herald of the 23rd inst. says, "There are supposed to have been 71 oil springs discovered in the vicinity of Crow's Nest pass. This discovery is undoubtedly valuable as analysis shows 91 per cent of lubricating oil."
— The habitants coming into Montreal market on the 20th looked grave as to the condition of affairs. They say there was a beautiful crop of potatoes, but they are fast rotting. In many places the hay is still standing uncut, and is rotted and quite spoiled.
— S. B. Chute, of Berwick, marketed about 6,000 quarts of strawberries this season. L. D. Robinson comes next with about 5,000 quarts strawberries, and expects to gather from his garden this season 100 bushels gooseberries, 1,000 currants, and 3,000 quarts raspberries.
— Provincial Government crop report for July: Oats, 100 57; Barley, 12 1/2; Wheat, 75; Buckwheat, 101 37; Rye, 17 1/2; Peas, 99 27; Bush beans, 30; Horse beans, 100; Flax, 100; Corn for ensilage, 107 1/2; Corn, 100; Potatoes, 103; Turnips, 100; Carrots, 100; Mangels, 101 37; Parsnips, 100; Plums, 100; Pears, 100; Cabbage, 100; Onions, 100, 100 stands for average.

— The Nor'rup gold mines at Rowdon continues to verify the prediction made at the outset, and is now looked upon as one of the finest gold yielding areas in the province. The product in June amounted to about \$8,000. Last month's crushing yielded 354 ounces, the value of which is fully \$7,000. We understand that some United States parties are negotiating with the fortunate owners with a view to purchasing, but there are many who believe that the owners could do better by retaining the property and working it themselves.—Hants Journal.

— The Dominion Safety Fund Life Association, St. John, N. B., has placed reliable insurance within the reach of every man in good health and industrious habits. Three cents per day will pay the regular premiums on \$1,000 insurance at aged 40, and only fifteen cents a day, applied in this way, will protect his family to the extent of \$5,000. Thousands of families are in want to-day, because their natural provider persisted in waiting for a "convenient season" to take out a policy. Insure to-day. To-morrow never comes.
— My wife is no better, doctor, Dyspepsia is killing her, and I feel better than I have for some time. I feel Mr. Brown, her case is hopeless. I feel, however, wonderful accounts of King's Dyspepsia Cure, you had better try it, it may cure.—All dealers.

— The annual meeting of the Windsor Cotton Company was held on Tuesday. The annual report was read, the showing being as favorable as might be desired, owing partly to over production, and the breaking up of the combination early last fall.
— From 4,000 to 5,000 tons of stone will be wanted for the new round house at Moncton, for construction of which Messrs. Rhodes, Curry & Co., have the contract. It is to be quarried on the line of the Buctouche and Moncton Railway.
— The lumber business on the St. John River is about done for the season. It was not so good as last year, owing to the low water. It will take six feet raise of water at Grand Falls to float the lumber around the falls and along the river. Between seventy and eighty millions of lumber have been towed to the mills near St. John during the season.
— Work has been commenced brick laying on an important addition to the char house of the Moncton sugar refinery. An interior space will be walled up and the building raised several stories, just doubling the char capacity. This will be a great convenience and also enables the refinery to considerably increase the total annual output.
— The shipments of building stone from Sackville the last fiscal year are as follows:

	Tons.	Am't.
Sept. quarter.....	1,286	\$5,530
Oct. ".....	200	1,000
Nov. ".....	430	2,150
Dec. ".....	1,402	5,612
Total.....	3,318	14,292

BRITISH AND FOREIGN.
— Two hundred and eighty-three millions of pounds of cotton are now annually required to keep busy the 2,375,730 spindles at work in the 72 cotton mills of British India.
— England's new naval programme contemplates an addition of seventy cruisers to the navy. There will be ten battleships, forty-two cruisers and 18 torpedo boats. The whole will be ready for sea in four and a half years from the time when the first vessel is laid down. The cruisers will have a speed of 20 knots. There will be needed £21,000,000 to pay the bill.
— At the Forth bridge works over half a million has been spent on machinery, staging, railways, steamers, building and lighting; £400,000 was spent on granite piers, and £1,300,000 in steel works. Up to the present time 42,000 tons of steel have been used in construction, and a good deal more is ready for erection. As many as 4300 men have been employed on the works, but the average for five years has been 2300.
— UNITED STATES.
— A barrel of dulse frequently sells for more money in Boston than a barrel of flour.
— The Illinois wheat crop will average 17 bushels per acre or 34,000,000 for the state.
— The present season has been a disastrous one to the fruit crop in the vicinity of St. John.
— An underground railroad project just brought out in Philadelphia causes much excitement. The scheme involves the expenditure of at least \$2,000,000.
— Sufferers from Dropsy should not fail to use Foster's Kidney Pills. Mrs. Ford, of Monteville, La. writes: "I have used your pills, and a good deal more is ready for erection. As many as 4300 men have been employed on the works, but the average for five years has been 2300."
— The Baptist Institute of the Maritime Provinces.
— In agreement with the action of Convention last year, the first meeting of "The Baptist Institute of the Maritime Provinces" will be held at Fredericton, Friday, August 23rd, 1898, commencing at 10 o'clock a. m.
— Papers will be read as follows: "Baptist Church Polity," by Rev. A. W. Sawyer, D.D., L.L.D.; "The Model Church," by Rev. J. W. Manning, B.D.; "What kind of a library does the Minister now need?" by Rev. B. F. Simpson, B.D.; "The Revised Old Testament," by Rev. W. H. Cline, B.D.
— It is expected also, that papers will be read by other brethren, and that opportunity will be given for discussion of the subjects under consideration.
— Pastors and other brethren are earnestly requested to attend this meeting of the Institute.
— The question resolved (see Year Book for 1888, page 49) that the preliminary meetings of boards and committees be held on Thursdays, and that Friday be given to the meetings of the Conference.
— E. M. KIRSTEAD, for Committee.

Association Notices.

Literary Notes.
The August number of *The Homiletic Review* is an excellent one. The five Review articles are all highly interesting and instructive and afford a wide range of discussion. Dr. Murray, Dean of Princeton College, presents Social Science as a Study for Ministers; Dr. Stone, of Hartford, gives the fourth and last of his papers on Body and Mind in Christian Life; Dr. Schaaf, of New York, sketches the Mohammedan University and the Howling Dervishes of Cairo; The Riddle of the Sphinx, by Dr. Coburn, and the Lawful Limitations of Charity, The Sermons, 8 in all, are by celebrated preachers. Dr. Wayland Holy is very rich in the Prayer-meeting Service, and Dr. Stuckenberg in European Department. The Exegetical articles are by Drs. Chambers, Crosby and Tryon Edwards. Dr. Johnson, Rev. C. H. Spurgeon and Rev. J. W. Edwards have valuable papers in Miscellaneous Section. Published by Funk & Wagnalls, 18 and 20 Astor Place, New York. \$3.00 per year; 30 cents per single number.
The Treasury for Pastor and People for August is promptly on our table and brimful of excellent matter. There are five full sermons, and Leading Thoughts of Sermons, all of high order. The Editorials are timely, suggestive and well put. The articles on heated Machinery, by Dr. Kelley; on Reciprocal Ministerial Helpfulness, by Rev. S. C. Clifton; on John Wyclif, by Prof. Hunt, and on the Pastor with his Church, by Dr. L. D. Roly, will be read with interest and profit. Other excellent articles are on Preparation to Preach, Pointed Preaching, by Dr. Phillips; on the Sacred Literature of Chaldea, by St. Chad Hoscovian; on Notes and Suggestions upon the Prayer-meeting, by Rev. L. Hill, and on Movable Christians, by James Sprunt, F. S. S. The Sunday School Lessons are ably treated by Dr. Moment. All Departments fall. Yearly, \$2.50; Clergymen, \$2.00; Single copies, 25 cents. E. B. Treat, Publisher, 5 Cooper Union, New York.
Christian Thought for August is the first number of volume seven. The Magazine under the successful editorship of Charles F. Deems, D. D., L. L. D., has placed itself among the foremost magazines. This number contains a most excellent paper entitled "Thoughts on the Discard and Harmony Between Science and the Bible" by Francis H. Smith, L. L. D., of the University of Virginia. Prof. John Allen has a most able paper on "The Relation of Pedagogy to Christian Philosophy." The Rev. Anson P. Atterbury writes on the "Five points in an Evolutionary Confession of Faith," and the Dr. Deems has a most careful review of the article in a paper entitled "Evolution and Development." The magazine is published by Wilbur B. Ketcham, 13 Cooper Union, New York. \$2.00 a year. Clergymen, \$1.50. Single copies, 40 cents.

JAMES PYLE'S PEARLINE WASHING COMPOUND
THE GREAT INVENTION FOR SAVING TIME & EXPENSE WITHOUT INJURY TO THE TEXTURE, COLOR OR HANDS. NEW YORK.

Caustic—Burning, corroding, destroying the texture of animal flesh.
Detergent—Cleansing, purging.

Chemical analysis will prove that Pearline has no caustic qualities, but that the ingredients of which it is made have been so skillfully manipulated, that Pearline stands to-day the greatest household detergent known. Science applauds it; its rapid adoption by intelligent and economical housekeepers, who use many millions of packages each year, is proof positive that science and chemistry are right. These facts should lead those who do not use Pearline, to try it at once; directions for easy washing on every package.

Peddlers and some unscrupulous persons are offering imitations which they claim to be Pearline, or "the same as Pearline." IT'S FALSE—they are not, and besides are dangerous. PEARLINE is never peddled, but sold by all good grocers. Manufactured only by JAMES PYLE, New York.

Beware

gospel of Christ. At the age of twenty-one she was baptized, and in a few years she was one of the first members of a Free Baptist church, organized by Edward Weyman, on Kierstead's Mt. There she remained for some twenty years and then removed to Gansan, York, where she remained until her death. She was a member in good esteem of the church, at that place. She was acknowledged by all to be a good neighbor. This sketch of her life was principally taken from a diary kept by herself when she had lived seven years of Sabatias. Her end was peace. (Intelligence please copy.)
— At the residence of her parents, Morristown, July 9, Angie A. Tupper, aged 21 years. Six years ago she was awakened to a sense of her need of the Saviour, took part in the meeting of the University of Virginia, but for some reason did not unite with the church. In February, 1888, while stopping with some friends at North Kingston, she attended a meeting being conducted by the pastor of the Lower Aylesford church, and was baptized into its fellowship. Only a few months later she was permitted to return home, for in December she contracted a heavy cold which ended in that fatal disease, consumption. No earthly power could stay its course. Life looked fair and inviting, and she clung to it until near the last, when, through Divine mercy, she was permitted to go, and she fear the dark valley. May the parents, sisters, brothers be prepared to meet her on the other shore. An appropriate sermon was preached by her pastor, Rev. E. H. Horne, on the occasion of her funeral.
— BAKER.—At Brooklyn, Annapolis Co., July 25, after a severe hemorrhage of the lungs, Eunice T., beloved wife of Char S. Skinner, aged 69 years. Mrs. Skinner was converted in early life, and the graces of the Spirit added to a disposition naturally gentle, caused all who knew her to acknowledge that she had indeed a "good and lovely" character. Her husband was converted in early life, and the graces of the Spirit added to a disposition naturally gentle, caused all who knew her to acknowledge that she had indeed a "good and lovely" character. — HARRIS.—At New Harbor, July 28, by the Rev. James Scott, James O'Hara, to Alma Sangster, both of New Harbor, Guysboro Co.
— HARRY.—At South Brookfield, Queens Co., Roxie, aged 14 months, babe of Norman and Ida Harry.
— GILMORE.—At Second Falls, Charlotte, Adirondack Gilmore, aged 83.
— BROWN.—At Red Point, P. E. I., July 31, Clarence G., infant son of Alex. and Bertha L. Robertson, aged 10 months.
— WATERMAN.—At North Brookfield, Queens Co., July 16, Hattie, aged 24, youngest daughter of James and Betha Waterman.
— BAKER.—At Lower Hillsboro, A. Co., July 27, of abscess on the lungs, James Balser, aged 20 years. May God bless and comfort the sorrow stricken parents.
— SLOUMB.—At Port George, Annapolis Co. June 13, after a long and tedious illness, Mrs. Hannah Sloumb, aged 86 years. For more than three score years, Mrs. Sloumb had walked by faith, and loved to converse by the way of the goodness of God. She dearly loved the Word and it was her constant companion and guide. Hence her life was as the shining light shining more and more until the true day broke and the shadows fled away.
— HORDWICK.—At Haverhill, Mass, July 28, Miss Edith Hordwick beloved daughter of Rufus Hordwick, of Annapolis, N. S., aged 18 years. Miss Hordwick left her home in Annapolis a few weeks ago to visit relatives at Haverhill, and just as she was ready to return, she was stricken with brain fever, and God took her instead to the home above. She was an earnest worker in the Sunday-school and foremost in every good undertaking. Loved and honored by all, her loss will be much felt. May God support her sorrowing parents in their sad bereavement and give them strength sufficient unto this dark hour.
— KIRSTEAD.—At New Canada, N. S., July 13, Mrs. Daniel Kierstead, in the 81st year of her age. Our sister was born at the head of Bellia Bay, in 1809. She early began to search God's Word for guidance, and was impressed with the statement that man must be born again to inherit eternal life. For some time she lingered near the cross with fear and trembling. In God's own time she was led into the full liberty of the

student of the Bible, a firm defender of our distinctive principles, a judicious officer in the church, and a warm-hearted leader in social meetings, he endeavored himself both to the aged and the young. Nearly twelve years ago he removed from Trenton to Somerset, one section of the 2nd Cornwallis church. Here he at once united with the church by letter, was chosen deacon, and heartily engaged in Christian work, as he had done heretofore. His last illness, which lasted for about six weeks, was borne with great patience and calm resignation to the Divine Will. In his removal the church has lost one of its most honored officers, the Sabbath-school one of its best teachers, and the community one of its most useful men. As a Justice of the Peace, and for a term of office one of the Councillors of Kings County, he gained marked esteem. He was buried at Trenton, where appropriate funeral services were conducted by Rev. E. H. Howe. The following Sabbath a funeral sermon was preached by the pastor at Berwick, from the text, "For the Lord God giveth them life, and they shall reign for ever and ever."
