

KNOX CHURCH SABBATH SCHOOL.

Annual Report for the year 1880.

Our School has been kept open throughout the entire year, and peace and prosperity has reigned in our midst.

Nothing has happened to disturb the harmony or interfere with the progress of our work, and we trust our feeble efforts may be abundantly blessed by the Great King and Head of our Church, without which blessing all our efforts are in vain.

It will be borne in mind that in past years we have had to complain of the great scarcity of teachers in our School. We are happy to report that this no longer exists, but that many are continually coming forward and volunteering their services. Had we sufficient scholars, several additional classes could be taken care of. We hope that the parents in our Church will see that all children able to come may not lose this valuable opportunity of receiving religious instruction.

The number on roll now stands as follows :—

26 Teachers and Officers, 172 Scholars.

With an average attendance of

21 Teachers and Officers, 121 Scholars.

Our missionary efforts still continue successful, as will be seen by the Treasurer's Statement.

The Librarians report an increased demand for books, partly attributable to the valuable addition made last year, and which has greatly added to the efficiency of this department.
