

A CHRISTMAS TIE

A man may have too many suits or too many overcoats. He may have too many trousers or too many hats. Yes, even his stock of general fixtures may be a burden to him, but let us ask, "Did you ever know or hear of a man who had too many ties?"

We mean by this, more than he wanted. A new tie is always acceptable, and appreciated by a gentleman. We wish our lady friends to bear this in mind, and to remember also, when selecting Christmas Gifts for gentlemen, that our line of

DOLLIE, AND DICK, AND MARJORIE.

Dollie, and Dick, and Marjorie, Kneel sober faced at Mother's knee, Some well-known words to say; "Our Father," low and reverent, With folded hands, and heads down-bent, The white-robed children pray.

Dollie, and Dick, and Marjorie, Rise sunny-faced from Mother's knee; And standing hand-in-hand, "Sun of my soul, Thou Saviour dear It is not night if Thou be near," Carol the little band.

Dollie, and Dick, and Marjorie, Cluster once more round Mother's knee; "Some stories now" they plead, "As still as little mice we'll sit, And will not interrupt a bit; Dear Mother, if you'll read."

Dollie, and Dick, and Marjorie, A blessed place is Mother's knee, When you have older grown Mem'ry will bid you live again Those hours, that had no touch of pain, And sigh that they have flown.

GREAT GROWTH IN BUTTER AND CHEESE PRODUCTION.

Last year was the greatest year New Brunswick has ever known in the production of butter and cheese. The butter production was increased from 98,620 pounds in 1888 to 305,900 pounds in 1899. The cheese production in 1898 was 1,540,480 pounds and in 1899 1,657,955 pounds. This year the production of butter has increased 50 per cent as compared with last year, while cheese has been increased by 25 per cent. The value of the cheese production in New Brunswick this year will reach \$208,000 while the butter is worth \$100,000. The cheese and butter are sold off the farm it means that this money goes directly into the pocket of the farmer. Estimating the wheat produced in New Brunswick to be worth \$700,000 to the farmer this year and the butter and cheese \$300,000 it will be seen that the position of the farmer is greatly improved as compared with ten years ago when there was neither a butter or cheese factory in the province nor a modern wheat mill.

CURED A BAD CASE OF DEAFNESS.

St. Thomas, Ont.—"I have used Catarrhazone for impaired hearing, and have been much benefitted by its use, so much that I can now hear quite well. I am now recommending it to my friends." Thomas Riddle.
Fully nine-tenths of cases of impaired hearing arise from Catarrhal Irritation. There is no question as to the efficacy of Catarrhazone, in cases of impaired hearing from such causes, as the evidence of several testimonials similar to the above, emphatically proves. Any one suffering in this way, can test Catarrhazone by sending us 10 cents in stamps, for which we will promptly mail them a trial outfit sufficient to demonstrate its great efficacy. N. C.
