## FAIR AND SQUARE DEALING.

Believing that if a man has dealt squarely with his fellow-men his patrons are his best advertisers, I invite all to make inquiry of the character of my seeds among over a million of Farmers, Gardeners and Planters who have used them during the past thirty years. Raising a large portion of the seed sold, (few seedsmen raise the seed they sell) I was the first seedsman in the United States to warrant (as per catalogue) their purity and freshness. My new Vegetable and Flower Seed Catalogue for 1886 will be sent FREE to all who write for it. Among an immense variety, my friends will find in it (and in none other) a new drumhead Cabbage, just about as early as Henderson's, but nearly twice as large! James J. H. Gregory, Marblehead, Mass.

TORONTO, Sept. 21st, 1885.

Permanganate Phenylene Co.

GENTLEMEN,—You have succeeded in combining in an admirable manner two of our very best disinfectants, and I have much pleasure in recommending it, not only as a disinfectant, but as a not unpleasant "deodoriser."

**JAMES THORBURN, M.D.,** Surgeon, Toronto General Hospital, Lecturer Materia Medica, Toronto School of Medicine.

TORONTO, Sept. 21st, 1885.

GENTLEMEN,—I beg to state that I have used the Permanganate Phenylene, and given it a thorough test, and find it of perfect efficacy in destroying all effluvia from water-closets. I have also used it largely in my kennels, and have much pleasure in bearing testimony to its excellent properties as a disinfectant and vermin destroyer. It is invaluable for keeping the dog's skin in a healthy state, and no owner of large kennels can afford to dispense with it.

Yours truly, **W. S. JACKSON,** Hon. Sec. Toronto Dog Show Association and Asso. English Kennel Club.

## CATARRH:

A NEW TREATMENT.

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting from the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination; this accomplished, the Catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has attempted to cure Catarrh in this manner, and no other treatment has ever cured Catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favourable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 305 King Street, west, Toronto, Can., and enclose stamp for their treatise on Catarrh—*Montreal Star*
