

Secret of Mysterious Power Revealed at Last.

HOW PROMINENT PEOPLE HAVE GAINED WEALTH AND POPULARITY.

Famous Hypnotist Perfects Simple Method that Enables Anyone to Control Thoughts and Acts of Others, Cure Disease and Habits Without Drugs, and Read the Secret Desires of People Though Thousands of Miles Away.

WONDERFUL BOOK DESCRIBING THIS STRANGE FORCE AND A CHARACTER DELINEATION POST FREE TO ALL WHO WRITE AT ONCE.

The National Institute of Sciences has appropriated \$25,000 toward a fund for the free distribution of Prof. Knowles' new book, "The Key to the Development of the Inner Forces." The book lays bare many astounding facts concerning the practices of Eastern Yogis, and explains a wonderful system for the development of Personal Magnetism, Hypnotic and Telepathic Powers, and the curing of diseases and habits without drugs.

The subject of practical character reading is also extensively dealt with, and the author describes a simple method of accurately reading the secret thoughts and desires of others though thousands of miles away. The almost endless stream of letters requesting copies of the book and character delineations indicate clearly the universal interests in Psychological and Occult Sciences.

"Rich and poor alike benefit by the teachings of this new system," says Prof. Knowles, "and the person who wishes to achieve greater success has but to apply the simple rules laid down." That many wealthy and prominent people owe their success to the power of Personal Influence there is not the slightest doubt, but the great mass of people have remained in utter ignorance of these phenomena. The National Institute of Sciences has therefore undertaken the somewhat arduous task of distributing broadcast, without regard for class or creed, the information heretofore possessed by the few. In addition to supplying the books free, each person who writes at once will also receive a character delineation of from 400 to 500 words as prepared by Prof. Knowles.

If you wish a copy of Prof. Knowles' book and a Character Delineation, simply copy the following verse in your own handwriting:

"I want power of mind,
Force and strength in my look,
Please read my character
And send me your book."

Also send me your full name and address (state whether Mr., Mrs., or Miss), write plainly and address your letter to:

National Institute of Sciences, Dept. 838, C. No. 258, Westminster Bridge-road, London, S.E., Eng. If you wish you may enclose 10 cents (stamps of your own country) to pay postage, etc. Postage on letters to England, 2 cents.

Lastly, "Oh! you old Pipe." I have smoked for quite a few years and would not be without my pipe for anything, right or wrong, so any of you readers who think it very wrong to smoke had better not seek my acquaintance for I'm sure we could never get on together. I know very well that smoking never did anyone any good but if all the sin committed in this world was committed through smoking our world would be far too good for a very

great many of us to live in, and we would be forced to seek quarters in another sphere where we would have a wider margin for our habits. I am not a farmer I am sorry to say, but Oh! I love the farm. I was brought up on a small farm and spent my childhood in a farming country, and I often wish that I had never left the soil for "A life on the ocean wave." I have followed the sea for over fifteen years and have seen quite a lot of the world in that time, having sailed on both the Atlantic and Pacific oceans, most of the time, however was spent on the Atlantic, and two thirds of the total time at sea was spent in old "Wind-jammers,"

to sea for so long, (I began very young) but I have had rather a hard rough life and plenty of times not too much to eat, so a close observer now would see a few "Silver threads among the gold." I would be delighted to hear from any of the correspondents of either sex, but of course girls preferred, and will promise to answer all letters. Girls don't turn up your dainty little noses and say "Who does he suppose would be bothered writing to an old tarry sailor." You will make a mistake if you do for I am not an old tarry sailor by any means, by that I mean that I am not living in the fo-c'stle just at present,

but am a captain in the merchant service. I'll tell you though, that I have sailed in every capacity and don't think I'm one bit better now than when I was a boy in an old square rigger filling the pipes and polishing the boots for the A.B.'s, and I have great respect for the boy making his first voyage for I don't forget my own first trip. So don't be afraid to write little girls for I am not one bit dangerous. I hope that I may be spared the disgrace and humiliation of the W.P.B. and will tell you Mr. Editor that I have often dodged things far more dangerous and hope to steer clear of this too. Hoping that I have not taken up too much space in your valu-

Of the different parts of the world that I have seen I think our own Canada compares very favorably with any of them and far surpasses many of them, and I know it's quite good enough for me. Although my work often takes me to a foreign land I am always glad to get back to dear old Canada. My home is in Quebec but I see very little of it, not having been home for eighteen months and then only for about three weeks. Now do you wonder why I smoke?
