The Kelsey Generator

Produces better air than the ordinary heater

THE KELSEY Generates air somewhat in the same manner as the sun.
THE KELSEY does not produce a burnt, bitrated air that is not fit to breathe

The peculiar construction of the zig zag heat tubes enables The Kelsey to generate an enormous quantity of air at a moderate temperature rather than a small amount of air intensely hot and really poisonous.

Gentlemen: The Kelsey furnace placed in my residence last summer is an ideal heater. The only place it does not heat is the cellar in which it stands. The warm air passing into the rooms is remarkably free from gas and dust. Its economy of fuel is one of its many strong points. Considering everything I may say no one can make a mistake if he puts in a Kelsey furnace.

Very truly yours,
A. GRAVES, M.D.
