

THE LOCKED-WIRE FENCE CO., INGERSOLL, ONT.

The accompanying cut represents five panels of fence and gate of the LOCKED-WIRE FENCE which is now built with improved corrugated hardened steel stay and Bessemer steel clamp, a combination which is proof against the most unruly stock or designing men. The crimp in the wire, in combination with steel clamp, when locked acts as a spring, adjusting the fence to heat or cold.

—PERFECTLY—
Safe, Stronger, Better
AND CHEAPER

than any other fence,
and without doubt
the best fence on
the American
continent.

All persons having
wire fences erected in
the past, should use
the stays and steel
clamps of the Locked-
Wire Fence Co. on
them. The crimp con-
sumes all the slack,
makes the fence tight,
and adds over 100 per
cent. to its value, at a
very small cost.

We desire to inform
the farmers and pub-
lic generally that we
are prepared to supply
the material or erect
this fence throughout
the Dominion of Can-
ada.

Recollect, we are the
only firm that is fur-
nishing the genuine
material in the form
of the corrugated
hardened steel stay
and Bessemer steel
clamp.
