We want you to remember that HOLSTEIN COWS

owned by me (formerly at Brookbank Stock Farm, Currie's) won all sorts of honors in milk tests at Toronto, Ottawa and Guelph (5 years), and among many other prizes in the show-ring, including sweepstakes at Toronto and Pan-American in competition with the best in the world. Our herd is always improving. We have now 5 cows whose official test average 22.4 lbs. butter in 7 days, 10 cows whose official test average 20.4 lbs. butter in 7 days, 15 (3 yrs. and up) whose official test average 19.0 lbs. butter in 7 days, 10 (3 and 4 yrs.) whose official test average 17 lbs. butter in 7 days, 10 heifers (average age 26 mos.) whose official test average 11 lbs. butter in 7 days. That is our idea of a dairy herd, and the kind of stock I handle. A few good young bulls, 1 to 13 mos., for sale.

Treated by Three Doctors

for a Severe Attack of Dyspepsia,

Got No Relief From
Medicines, But Found It At
Last In
Burdock Blood Bitters.

Mrs. Frank Hutt, Morrisburg, Ont., was one of those troubled with this most common of stomach troubles. She writes:—"After being treated by three doctors, and using many advertised medicines, for a severe attack of Dyspepsia, and receiving no benefit, I gave up all hope of ever being cured. Hearing Burdock Blood Bitters so highly spoken of, I decided to get a bottle, and give it a trial. Before I had taken it I began to feel better, and by the time I had taken the second one I was completely cured. I cannot recommend Burdock Blood Bitters too highly, and would advise all sufferers from dyspepsia to give it a trial."
