

Invest Now in Land in the Canadian West

Experience has proved that all good land in the Canadian West, located in a good district, and within 20 miles of a railway station, or nearer, is worth at least \$25 per acre for Home-making. 160 acres of such land will return annually in net receipts as much as 100 acres similarly situated in Ontario, which sells for \$4,000 to \$8,000.

We hold the Exclusive Agency for large blocks of selected lands in Western Canada. Prices from

\$8 to \$25 per Acre

In 1906-1907 we sold over 300,000 acres.

We give **SPECIAL TERMS** to actual settlers. We allow such to pay for land on the

Crop Payment Plan

Industrious, experienced, thrifty men, if they buy from us, are sure to succeed, because we are prepared to assist them in case of emergency, such as loss by fire, frost, loss of stock or sickness.

If you are a Tenant Farmer, own your farm—we will assist you. If you are a farmer's son, or an experienced farm hand, and wish to start on your own account, write us.

WE WANT RELIABLE REPRESENTATIVES IN EVERY COUNTY.

HOW TO BUILD A GOOD FENCE

Our new folder on "Erecting Fences" will tell you and if you will follow the instructions carefully when you are through you will have a good job.

It's full of valuable and interesting information on fence building and tells how to erect woven wire fencing in the quickest and most substantial manner.

No farmer, fence man or any one interested in fence construction should fail to write for a copy. It gives all the information required for building fences and we send it

FREE!

In addition there is also a complete and very interesting description of the manufacture of fence wire. Persons who have never had the privilege of visiting a wire mill will find this article of especial interest.

It also has an article quoted from a bulletin issued by the U. S. Department of Agriculture on the manufacture of concrete fence posts, showing how posts made of this most useful and durable material can be made at home. Don't fail to write for a copy today. Ask for our folder called, "Erecting Fences." Remember it's free. Address

GOSSIP.

Mr. James Snell, Clinton, Ont., has recently sold to Mr. Medd, Auburn, Ont., the excellent red two-year-old Shorthorn bull, with which he won first prize in his class at the Western Fair, London, last fall. The bull has grown and developed well, and should do good work in improving the cattle of the district to which he has gone.

Volume 25 of the English Hackney Studbook has, through the courtesy of the secretary and editor, Mr. Frank P. Euren, 12 Hanover Square, London, E. C., been received at this office. It is a substantial volume of over 550 pages, containing pedigrees of stallions numbering from 9,993 to 10,504, and mares from 18,788 to 19,692, together with a long list of transfers, members, prizewinners, etc., of special interest to all admirers of the breed.

AYRSHIRES AT AUCTION.

On Friday, March 13th, as advertised in this paper, Mr. Jas. McCormack, Sr., Rockton, Ont., who is retiring from farming, will sell his well-known herd of Ayrshire cattle by auction at his farm, near the town of Dundas, and four miles from Copetown (G. T. R.). This is one of the oldest and most useful herds in the country, consisting of 18 cows and heifers and 1 bull. Dairy farmers and Ayrshire breeders will be interested in this dispersion, as the prospect for the dairy business is bright. The horses and implements will also be sold same day.

On or about the 1st of May, The Rathbun Company, Deseronto, will hold a dispersion sale of all their live stock. This consists of a dairy herd of purebred and high-grade Holstein cattle numbering about one hundred head of all ages, a flock of one hundred and forty-five breeding ewes with their natural increase, a herd of sixteen brood sows with their litters, and five young horses. The dairy is beyond doubt one of the best in Ontario, being the result of careful and intelligent breeding for years from purebred sires of the highest milking strains procurable, and an idea of the quality of the herd can be gained from the fact that the average production of the herd for the year 1907 was 8,006 lbs. per cow, despite the disastrous drought which prevailed over the Bay of Quinte district throughout the whole of the past summer. Watch for a more detailed advertisement, which will appear in this paper at an early date, and, in the meantime, any information desired as to the stock will be supplied anyone writing to A. Leitch, Farm Supt., Deseronto, Ontario.

Col. R. McEwen, Byron, Ont., near London, advertises for sale a pair of imported Clydesdale fillies, which, he writes, are very nice ones of the choicest breeding, that were bought right and can, therefore, be sold right. He adds: "The Southdowns are wintering well, and lambs are now coming strong and vigorous, got by the sire of the 1907 Chicago International grand champion wether, and, also, the sire of the wether that beat him at the Ontario Winter Fair the week following. The crop of last year's lambs on hand is doing particularly well, and I have just added to them a good one in the purchase of the best ewe lamb out of the first prize pen at the Royal. I am completely sold out of everything on hand for disposal in collies, but will have ready for shipment in the course of a fortnight, two litters, by my Toronto winner, Imp. Hollywood Professor, who has the same sire as Champion Rallynet. Faultless, considered the best bitch in England, and was recently imported at a cost of several thousand dollars, and won first in her classes at the show just held in New York. At this show, never so strong, yet my representative won two firsts, beating champions from the kennels of W. E. Mason, Boston, Wm. Ellery, California, and George Morgan and Samuel Untermyer, New York City."
