

Marlin

.22 Caliber Repeating Rifle

Model No 20

The safety, comfort and convenience of the *Marlin* solid top, closed-in breech and side ejection features are combined with the quick, easy manipulation of the popular sliding fore-end or "pump" action in the new Model 20 *Marlin* rifle.

In rapid firing—the real test of a repeater—the *Marlin* solid top is always a protection and prevents smoke and gases blowing into your face or eyes, and never interferes with the aim; the **fat forearm fits your hand** and helps quick operation.

It handles the short, long and long-rifle cartridges without change in adjustment, and the deep Ballard rifling guarantees the accuracy, making it the finest little rifle in the world for target shooting and for all small game up to 150 or 200 yards.

For full description of all *Marlin* Repeaters, just get our 136-page catalog. Mailed free for 3 stamps postage.

The Marlin Firearms Co.,
113 Willow Street, NEW HAVEN, CONN.

No "Shoddy" Here. It has the A.1. "Frost" Fence Quality

There is no "shoddy" in this sheep. It's like "Frost" Fence in quality. Unlike the "shoddy" fence, there are no jointed or soft wire stays, no short kinked laterals, no locks with unsecured ends to loosen, no poorly galvanized wires, in the "Frost" Fence. It is "all wool" in quality. It's all No. 9 wire.

While scarcely over a year old, "Frost" Woven Fence holds the record for big sales. Notwithstanding heavy production and almost constant operation of our big plant, we had less of these goods on hand at the end of our first year than we had at the end of the first week.

December, January and February usually are "lean" months in the fence business, but "Frost" factory is working overtime. We are busy making a fence that is generally acknowledged the most perfect "factory-made" fence on the market. It enjoys the distinction of possessing the strongest and most secure binding (having more inches and weight of wire in the tie) on a "ready-made" fence. The horizontal and stay wires are made from the same grade of hard steel wire as "Frost" Coiled Wire.

In fact, "Frost" Woven Fence has become a keen rival of fencing with Coiled Wire Laterals. It is made in 37 different styles, giving a complete assortment in heights, different spacings of horizontal and stay wires.

"Frost" Woven Fence is daily proving itself positively the best proposition for anyone who has some spare time which he can devote to the handling of its sale. If you would like to talk this matter over, we will be very glad to put our time against yours. We will send a traveller if you will give us the tip.

Now if you are engaged in wire fence business but want to enjoy the BIG trade, better get in touch with us at once as we are establishing new agencies in all unrepresented fields.

Ample provisions are made for expansion and contraction.

FROST WIRE FENCE CO., LIMITED, Hamilton, Ont. MANITOBA FROST WIRE FENCE CO., LIMITED, Winnipeg, Man.

Boys for Farm Help

The managers of Dr. Barnardo's Homes invite applications from farmers, or others, for the boys who are arriving periodically from England to be placed in this country. The young immigrants are mostly between 11 and 13 years of age; all will have passed through a period of training in Dr. Barnardo's English Institutions, and will have been carefully selected with a view to their moral and physical suitability for Canadian life. Full particulars as to the terms and conditions upon which the boys are placed may be obtained upon application to Mr. Alfred B. Owen, Agent Dr. Barnardo's Homes, 50-52 Peter St., Toronto.

When Writing, Mention This Paper.
