201 and 203 Yonge St., TORONTO.

C. P. MILLS, St. Catharines, Ont., manufacturer of Iron and Wood Lift Force Pumps for Wells and Cisterns, Windmills, Rubber Bucket Chain Pumps, Tanks and Self-Sharpening Straw Cutters. Our **Iron Globe Top Stock Pumps** are specially adapted for farm yards and public places where a very strong and durable pump is needed, one that will not get out of order or be injured by cattle running against it. It will be noticed in the cut shown that iron braces cast to the pump column extend to the four corners of the base, to which it is bolted, thus withstanding any shock, no matter from which way coming. The pump is tight top, preventing anything from being thrown into it. The handles are wrought iron. This is the strongest pump ever constructed, as can be proved by hundreds of testimonials from parties who have had them in constant use for the past thirty years and over. Live agents wanted in unrepresented districts. Send depth of wells and prices will be quoted. 221-

Plain Talk to Children.

Your every-day toilet is a part of your character. A girl who looks like a "fury" or a sloven in the morning is not to be trusted, however finely she may look in the evening. No matter how humble your room may be, there are eight things it should contain, viz: a mirror, washstand, soap, towel, comb, hair and tooth brushes. Those are just as essential as your breakfast, before which you should make good and free use of them. Parents who fail to provide their children with such appliances, not only make a great mistake but commit a sin of omission. Look tidy in the morning, and after your dinner work is over improve your toilet. Make it a rule of your daily life to "dress up" for the afternoon. Your dress may, or need not be, any thing better than calico; but you have an air of self-respect and satisfaction that invariably comes of being neatly and cleanly dressed. A girl with fine sensibilities cannot help feeling embarrassed and awkward in a ragged, dirty dress, with her hair uncombed, if a stranger or neighbor comes in. Moreover your self-respect should demand the decent appareling of your body.

A Sure Cure for Chillblains—Three applications of vaseline will cure the worst case of chillblains. For ordinary cases one or two applications will be sufficient. Although vaseline is made from petroleum, it is far more rapid in its work of healing than kerosene.

(See Commercial, page 152.)
