

Try This Pinex "Sixteen Ounces of Cough Syrup"

A Family Supply for 50c, Saving \$2. The Surest, Quickest Remedy You Ever Used or Money Refunded.

A cough remedy that saves you \$2, and is guaranteed to give quicker, better results than anything else, is surely worth trying. And one trial will show you why Pinex is used in more homes in the U. S. and Canada than any other cough remedy.

You will be pleasantly surprised by the way it takes right hold of a cough, giving almost instant relief. It will usually stop the most obstinate, deep-seated cough in 24 hours, and is unequalled for prompt results in whooping cough.

A 50-cent bottle of Pinex, when mixed with home-made sugar syrup, makes sixteen ounces of the best cough remedy ever used. Easily prepared in five minutes—directions in package.

The taste is pleasant—children take it willingly. Stimulates the appetite and is slightly laxative—both excellent features. Splendid for croup, hoarseness, asthma, bronchitis and other throat troubles, and a highly successful remedy for incipient lung troubles.

Pinex is a special and highly concentrated compound of Norway White Pine extract, rich in gualacal and other natural healing pine elements. Simply mix with sugar syrup or strained honey, in a 16-oz. bottle, and it is ready for use.

Pinex has often been imitated, but never successfully, for nothing else will produce the same results. The genuine is guaranteed to give absolute satisfaction or money refunded. Certificate of guarantee is wrapped in each package. Your druggist has Pinex or will gladly get it for you. If not, send to The Pinex Co., Toronto, Ont.

GOSSIP.

Wm. Meharey, Russell, Ont., gives notice that he intends holding an auction sale of about 25 good Clydesdale mares and fillies, at Wingham, Ont., about 24th of November next. Advertisement will appear later.

In addition to his specialties in high-class Chester White hogs and Shropshire sheep, W. E. Wright, Glanworth, Ont., in his new advertisement, includes Bronze turkeys of the superior strains now offered for sale. Glanworth is only about seven miles south of London, on the Pere Marquette railroad.

That Thoroughbreds are profitable stock in Ireland, is evidenced by prices obtained by auction at Doncaster, on September 13th, for colts and fillies, when over thirty yearlings made an average of \$2,000 each. A chestnut colt, by Santoi, brought \$10,000, and two others brought \$9,000 each, while six others sold for prices ranging from \$5,000 to \$8,500.

The McFarlane-Ford sale of Short-horns, Clydes, Hackneys, Oxfords and Berkshires, to take place at Dutton, Elgin Co., Ont., on Tuesday, October 31st, should attract the attention of farmers interested in those classes of stock. For catalogue and full information, write John McFarlane, Dutton, Ont. The terms of sale are easy, and trains will be met at Dutton, Michigan Central and Pere Marquette railways.

Hackneys brought good prices at the dispersal sale of Sir Gilbert Greenall's stud, at Warrington, England, September 27th. The stallion, Terrington Bountiful, by Mathias, brought \$1,260, the highest price of the day. Eight others, mostly young, sold for prices ranging from \$500 to \$1,150. Terrington Goldsmith, a yearling colt, by Temple Bar, brought \$605, and the Hackney Pony stallion, Tessington Classic, by Berkeley Claudius, brought \$1,150. The highest price for a mare was \$680, for Tessington Adela, by Sir Horace.

Hampshire hogs, the white-belted breed, are advertised in this issue on another page, by A. O'Neil & Son, Birr, Ont. Messrs O'Neil & Son made their first importation in 1906, and have since that time developed a herd well up in the standard of excellence, which has been proven at the big shows of 1911. They have imported and sold more Hampshires annually than any other breeder. The National Records at Ottawa last year showed that more than 90 per cent. of the Hampshires were imported, bred and sold by O'Neil & Son. They are offering for sale now a choice lot of young sows, bred and ready to breed, and male pigs from 2½ months up to a year old. Their prices are reasonable, and terms can be arranged to suit purchaser. Their farm is situated within four miles of either Lucan or Denfield Stations, G. T. R., and intending purchasers are met on notice at either place. Address, A. O'Neil & Son, Birr, Ont., or look up their advertisement in this issue.

HE WOULD.

"When they take woman away from the co-educational college," said the speaker, "what will follow?" "I will," cried a voice from the audience.

PREMATURE.

The Fair Purchaser—"Your eggs are all very small to-day, Mr. Jones." Mr. Jones—"Yes'm, they are; but I'm sure I don't know the reason." The Fair Purchaser—"Oh, I expect you took them out of the nests too soon."

Despair is like forward children, who, when you take away one of their playthings, throw the rest into the fire for madness. It grows angry with itself, turns its own executioner, and revenges its misfortunes on its own head.—Charron.

Amatite ROOFING

A Modern View of the Roofing Question

Tin makes a good roof if you paint it.

Canvas makes a good roof if you paint it.

Any felt makes a good roof if you paint it.

Even paper makes a good roof if you paint it.

But Amatite makes a good roof if you DON'T paint it.

On a painted roof, the paint is what gives the real protection. The rest of it has no function except to provide a smooth unbroken surface with no seams or cracks, to which the paint can be applied. Anything which has strength enough to keep the wind from blowing it away or the rain from beating it in, will be waterproof if you use paint enough.

Amatite Roofing, however, needs no painting. It is a real roofing—

a roofing that can be left out in the rain without the slightest damage.

The wearing surface is mineral matter embedded into a heavy coating of pitch and never needs painting.

We shall be glad to send you a sample of Amatite free of charge if you will send a postal request for it to our nearest office. The sample will show you what the mineral surface is like.
