THE GATE THAT SERVES YOU BEST

IS THE Peerless Extra Long Gate

Gates should no longer be looked upon as mere holes in the fence where a bar or any makeshift of an obstruction sufficient to keep the stock will do. A good gate is as essential as a good fence.

Insecure gates are a menace to the lives of stock and crops and should be promptly replaced with Peerless Wire Mesh Gates.

These gates are built of the best materials. Have a frame-work of extra heavy pipe filled with the very best grade of wire mesh. The frames are electrically welded and are air tight so no water can get in and rust out. They are braced with one diagonal and a short horizontal brace and two vertical ones thus making a very strong rigid gate which will not sag.

Frame strong. Mesh is heavily galvanized and will not chip, flake or rust.

Peerless Gates are strong, durable and satisfactory will look best, wear best, and serve you best. We especially recommend their use with Peerless Wire Fencing.

We also manufacture a large and reliable line of farm and poultry fencing, walk and ornamental gates and fencing.
