

## Summer Hill Herd

HEADQUARTERS FOR THE IDEAL BACON HOG AND EASY FEEDERS.

The largest herd of imported and Canadian-bred Yorkshires in America. Out of 121 exhibits at the leading shows in '99 and 1900, including Toronto and London, we gained 116 awards. Expert judges both at London and Toronto were unanimous in pronouncing our herd far superior to that of our strongest competitors. Won most of the best prizes offered, including first prize for best pen of pure-bred bacon hogs, also grand sweepstakes over all breeds in a class of 13 entries. The foundation of our herd was laid by personally selecting the choicest stock from the most noted breeders in England and Scotland. We have the ideal bacon type—size without coarseness, and easy feeders. Pigs of all ages for sale at moderate prices. Write us for particulars. Telephone, Millgrove, Ont. It is a scientific compound of the essential elements that are lacking in the various foods upon which horses, cattle, hogs and sheep generally subsist. It produces flesh by compelling the system to do its best. It permits no food to pass off undigested.

It wards off diseases. It is called a food for the want of a better name. It is not exactly a medicine, nor a substitute for hay and grain and other foods. It is both nutritious and curative.

It is not a stimulant, but a tonic. It aids the digestion, and thereby gets most muscle and fat and milk and wool out of the various foods that the horses and hogs and cows and sheep eat.
