

Wheel Molding Machines.

By means of these peculiarly unique improved wheel molding machines, the wheels are cast in sections in the various parts fit together when finished and with perfect accuracy. The ordinary types of wheels are cast on a radial arm, supported from the center of the wheel, and the center of the wheel is rotated while the mold is being filled. In the new machine, the whole of a wheel required to be cast in two sections were cast in one machine having a fixed mold. When it would be found that each of the two wheels was less than a semicircle to parts were removed by planing. The whole would not form a true circle. In the new machine, however, each of the two wheels is cast separately in a separate mold. In the Philadelphia Record, it is stated that any required degree of eccentricity can be obtained, so that, when the axis of rotation of the radial arm is in one position, any desired portion of the wheel can be molded. The axis of rotation may then be altered to another position, and then another portion of the wheel molded until the requisite sections are completed. — New York Sun.

Queer Negro Names.

I knew an old negro in Tennessee who refuses in the name of Niagara Falls. His companions have shortened it to Nigger Falls, but he was really christened after the great cataract.

I also knew a colored woman who proudly tells you that her name is Virginia Georgia Virginia South. Another, who enjoys the cognomen of Amanda June Day is a schoolteacher and signs her name A. June Day.

In a Mississippi town I was passing along a side street when a coal black negro came out of a door shouting, "Glory, Glory Halleluiah!" I thought she was crazy and stopped to see what she would do next.

She looked around a moment and then repeated her call, louder than before. This time I heard the answer from behind a fence:

"Yere I is, ma'am. What yo' want?"

"Nebber yo' min what I want. You come here."

Immediately there appeared from behind the fence one of the blackest piccaninies I ever saw, and on inquiry I learned that his name was Glory Halleluiah Jones. — St. Louis Globe-Democrat.
