The Outlook for Football.
Mildmay's prospects for a winning team in the intermediate series for 1925 are very encouraging, and the lovers of this grand old game are assured of a good season's entertainment. C. E. Wendt, who has no superiors between the flags, will do duty again, and C. H. Pletsch and C. J. Kunkel on the back line, with Jack Schnur and Clement Illig on the half-back line, will comprise one of the best defences Mildmay ever had. There is abundant good material for the forward line too. Wesley Filsinger, Eph. Schwalm, F. X. Schmidt, Ed. Diebel, George Scheffer, Rev. A. MacGowan, H. Clarke, George Kaufman, Dr. E. J. Weiler, Edward Schneider and others being available. With this array of talent we are assured of a team that will do credit to Mildmay for 1925. The management urges the juniors to turn out in better numbers, Tuesday and Friday evenings being reserved for their practices. Belmore has been considering the advisability of entering a team in the W. F. A. and the Stars issue, a hearty welcome to the boys in that section to affiliate. The entries close on May 1st, after which the grouping will be arranged.

An older party, whom he implicated in the affair, is being sought by the police.

Council Buys Bickle Engine. The committee appointed by the Mildmay Council to see different designs of fire engines demonstrated, presented their report to the Council on Monday evening. These machines were seen in operation, and careful observation of the merits of each engine was made. The committee unanimously declared in favor of purchasing a type 12 Bickle engine, at a cost of \$3200. This machine has a capacity of 450 gallons per minute, and met with the entire approval of the Committee. The order has been signed by the Reeve and Clerk on behalf of the Corporation, and it is expected that delivery will be made in about six weeks. A by-law will be prepared and submitted to the ratepayers, authorizing the issue of \$3500 of debentures, in serial form, extending over a period of ten years. The Council finds it necessary to purchase several hundred feet of new hose, the cost of which, added to that of the engine, will total \$3500. This will give Mildmay an up-to-date fire fighting apparatus, and the project will undoubtedly receive the whole-hearted support of the ratepayers.

Mill Dam Case Settled. The action brought by John Hamel against Jacob Palm and Ernest Witter for damages, by reason of the plaintiff's mill dam having been washed away last September, has been settled, the litigants having effected an amicable agreement among themselves. Last fall, while the construction of the Absalom street bridge was in progress, the washout at the Hamel mill pond took place, and the plaintiff charged that it was due to the excessive volume of water released from the mill pond by Contractor Palm or some of his workmen without giving the plaintiff due notice to allow him to protect his dam. As Mr. E. Witter is the owner of the upper mill ponds he was added as a co-defendant. Nearly twenty witnesses were summoned for the court which was to have been held next Tuesday, and it promised to develop into a very expensive piece of litigation. D. Robertson K.C., acted for plaintiff and O. E. Klein, for the defendants.

Berry—Johnson. The home of Mr. and Mrs. John Kyle, 10914, 81st Ave, was the scene of a happy event on Saturday evening, April 11, when Christine Margaret Johnson and John Williams Berry were united in marriage, the Rev. D. G. McQueen performing the ceremony. The bride, given in marriage by her brother-in-law, Mr. John Kyle, was daintily gowned in a French creation of mauve chiffon, embroidered in silver, with white fur trimmings. She wore the bridegroom's gift, a rope of pearls, and carried a shower bouquet of American Beauty roses. Miss Winnifred Sherman played the wedding march and during the signing of the register rendered appropriate selections. Following the ceremony a reception was held, when the guests were intimate friends and relatives, and for which quantities of spring flowers and plants made a pretty setting. The tea table from which a dainty buffet lunch was served, was centred with a large basket of Ophelia roses on a handsome lace cloth; streamers of mauve tulle were effectively arranged from the electroliner and held in place at the corners of the table with bud baskets of mauve and white-sweet peas. Mrs. R. Cameron poured tea and the daughters of the house dispensed hospitality. The bride's cake was placed at a small table, following the cutting of which the usual toasts were proposed and responded to. Later in the evening Mr. and Mrs. Berry left for Lethbridge, where they will make their home, the bride travelling in a smart ensemble suit of sand-colored turtleneck, with hat to match. The young couple have many friends in Edmonton who will wish them every success. Mrs. Berry is a graduate of the Royal Alexandra Hospital and Mr. Berry was acting manager of the local branch of the Bank of Nova Scotia for two years prior to being transferred to Lethbridge a couple of months ago.—Edmonton Bulletin.

CARLSRUHE

A pretty wedding was solemnized in the R. C. Church here on Tuesday when Miss Barbara Montag was united in marriage to Mr. Ambrose Garvey. After the ceremony the bridal party repaired to the home of the bride's mother, where a sumptuous wedding dimer awaited them. The evening was joyfully spent with dancing, music and games.

Mr. and Mrs. W. Glebe of Neustadt and Mr. and Mrs. Fulton of Clifford spent Sunday with Mrs. John Ries.

Mr. Theodore Grutzner and Mr. and Mrs. Ed. Kreutzner of Hanover Sundayed with John Witter's.
Many from here attended the funeral of the late John Ruhl of Hanover on Tuesday afternoon. Mr. Ruhl was well-known and very highly esteemed, he being a former blacksmith here. His death is a sad one for his family, as his wife predeceased him about six months ago. Mr. Ruhl was in his prime of life, being about 50 years of age.

We have of late read much in local papers about the spring condition of the roads this year. Of course they dried up quickly, without much rain. This condition may exist in some parts of the township or county, but it is more than we can say in this part of the township as we hear so many complaints—more than we have for a long time—even going back to the time when we had corduroy roads. We do not know who is to blame. The patrolmen dragged the roads once or twice and now the loose stones are lying zig-zag on the surface. If one inquires why they are left on the road the answer is that the head of the Council begrudges the time spent raking loose stones. Not many years ago the main topic at the nominations was raking off the loose stones at least twice a year and since that time the gravel did not get any better nor the stones any softer. A number of ratepayers suggested that the time would be better spent in raking off the stones than dragging and carrying them. If any one is doubtful, let him spend his own time and investigate the conditions—seeing is believing. If such is the condition throughout the township under the new system, then for "heaven's" sake let us fall back to the old system. We have no ill-feeling towards the patrolmen.
