

ARE YOU A MAN?

If you are, you either shave yourself or go to a barber. If you visit a barber you may have the unfortunate experience of Mr. M. Butler, of Bridgeport, Conn., who developed what is known as "Barber's Rash" on his face through the use of an infected razor. He writes:

"My face was covered with sores, which caused me a great deal of suffering and inconvenience, and I was unable to shave for four weeks. Repeated applications of Zam-Buk, however, entirely rid me of the trouble."

To avoid the possibility of such an experience, immediately you see a rash or spot appear, treat it with Zam-Buk. This balm will destroy all germs, prevent the disease spreading and soon end the trouble. For eczema, old sores, ulcers, blood-poisoning, burns, and cuts there is nothing to equal Zam-Buk. All dealers 50c. box, \$ for \$1.25.

WHAT THE JURY FOUND.

The story of German spies moving about Paris disguised in French uniform recalls that at Gallipoli the Australians were frequently deceived by Germans in British uniforms. One day a man posing as a major gave some orders about not firing in a certain region. The Australian officer suspected there was something wrong, and said: "I say, old chap, are you fair dinkum?" "Fair dinkum, is Australian for 'on the level.'" "Yes," said the German, "I am Major Fair dinkum." At the inquest they found that he had died of "lead in the head."

GENERAL VACCINATION IN HALIFAX DECIDED ON

Halifax. — The city health board yesterday decided to order a vaccination in the city. This, health officials say, is purely a precautionary measure. The smallpox epidemic appears to be well under control. There are now forty-two cases as compared with seventy-two some weeks ago.

President Wilson has asked Charles L. Hughes, his opponent in the last election, to assist the Attorney General in probing the aircraft scandal. Mr. Hughes has accepted. He is an investigator of proved vigor and competence. The Americans will get the truth ultimately.

BRITISH MADE SUCCESSFUL RAID

LONDON, MAY 17 — We carried out a successful raid last night in the neighborhood of Beaumont-Hamel and captured few prisoners," says Field Marshal Haig's communication issued this evening.

"This morning a hostile post north of Meris was rushed by our troops. Its garrison was killed or driven out. On the remainder of the front there is nothing to report beyond artillery activity by both sides."

A great Allied offensive in 1920 is the idea of the Ottawa Citizen. "Evidently," it says, "the present year must be a defensive one for the Allies. The presence of half a million American troops does not change the situation and this in itself should give some idea of the magnitude and seriousness of the great task that comforts the Entente powers when the drive begins, and of the necessity for preparations on a gigantic scale. Next year will see the mechanism being assembled and 1920 should see the great offensive under way — a movement that must not stop until the Allies are treading German soil."

IRISH WIT

The chauffeur never spoke except when being addressed but his few utterances, given in a broad brogue were full of wit.

One of the men in the party remarked: "You're a bright sort of a fellow and it's easy to see that your people came from Ireland."

"No sor; ye are very badly mistaken," replied Pat.

"What!" said the man; didn't they come from Ireland?" "No," answered Pat they're there yet."

PRICES OF WOOL AT 1917 FIGURE

Washington, May 20 — The war industries board has fixed the price of the 1918 wool clip at the prices established June 30, 1917, at Atlantic seaboard markets on the occurred basis.

RERENKY COMING TO AMERICA

New York, May 16 — Alexander F. Rerensky, who became premier of Russia in July, 1917, and was deposed in November by the Bolsheviks, expected to arrive in the United States next week, according to a report published today in the Call, a Socialist organ.

WOMAN'S NERVES MADE STRONG

By Lydia E. Pinkham's Vegetable Compound.

Winona, Minn. — "I suffered for more than a year from nervousness, and was so bad I could not rest at night — would lie awake and get so nervous I would have to get up and walk around and in the morning would be all tired out. I read about Lydia E. Pinkham's Vegetable Compound and thought I would try it. My nervousness soon left me. I sleep well and feel fine in the morning and am able to do my work. I gladly recommend Lydia E. Pinkham's Vegetable Compound to make weak nerves strong." — Mrs. ALBERT SULTZE, 608 Olmstead St., Winona, Minn.

How often do we hear the expression among women, "I am so nervous, I cannot sleep," or "it seems as though I should fly." Such women should profit by Mrs. Sultze's experience and give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

For forty years it has been overcoming such serious conditions as displacements, inflammation, ulceration, irregularities, periodic pains, backache, dizziness, and nervous prostration of women, and is now considered the standard remedy for such ailments.

MANURE AND ACID HAOSPHATE BRING LARGEST CORN YIELD.

In the preparation for large corn crops one of the greatest factors contributing to high yields on long-cultivated soils is the use of barnyard manure protected from rains and reinforced with acid phosphate. During spring months before plowing it is possible this material should be spread over the field, and then operations can proceed rapidly when the plows are started.

Thirty-five bushels of corn has been the acre-increase from an application of 8 tons of stall manure to which was added 320 pounds of acid phosphate. This application also increased wheat following corn by 15.8 bushels per acre and clover hay, 2,414 pounds. The acid phosphate is mixed with the manure and both are spread on corn ground before it is ploughed.

With corn at \$50 per bushel, wheat \$2.0 and hay \$20.00 a ton, the increase from a ton of manure alone would be worth \$9.92; and from a ton of manure and 40 pounds of acid phosphate, \$13.47.

U. S. TO SEND THREE MILLION BUSHEL WHEAT TO BELGIANS.

Washington, April 22nd. Food shipments to the civilian populations of the allied countries will be suspended for ten days to move three million bushels

of grain to the Belgians, who are declared to be in desperate straits. For Occupied Territory.

A part of the wheat will go to the population in the German occupied territory of Northern France. The decision to concentrate on the shipment of this grain was made following the receipt of urgent cablegrams from the Belgian Relief Commission's representative in Brussels. One of the cables said: "Provided all shipments now en route arrive and provided an equal of the country Belgium and Northern France will be without bread from exotic grains for 20 days."

Struck by the necessity of coming at once to the rescue of Belgium, in her now desperate plight, the Belgian Relief Committee in Canada have decided that the best way to help is to take under their care the children of Belgium; for this purpose the following two courses will be followed.

1. Establishment in Brussels a CANADIAN BUREAU. This bureau will be administered by Mr. Baetens, a member of the Commission for Relief in Belgium, who will look specially after the numerous orphans of Belgium, whose conditions beggars description. Charity will be given in the name of Canada and in this way Canadian donations will not lose their identity.

Active help to the thousands of little Belgian children who have so suffered from privations as to have their health critically impaired. These children are taken out of Belgium into Holland, Switzerland and France, where they are looked after under the supervision of Mr. Berryer, Minister of the Interior of Belgium to whom the Canadian donations will be sent direct.

We need not dwell on how urgently funds are required to

CinPills FOR THE KIDNEYS Succeeded Where Operation Failed!

"During August last I went to Montreal to consult a specialist as I had been suffering terribly with stone in the bladder. He had decided on an operation and was assisted by another doctor. They said the calculus was larger than a bean and too hard to crush and they could not take it out. I was recommended by a friend to try CinPills. I bought a box and found relief from the pain at once. I did not expect that they would relieve me of the stone, but to my great joy I passed the stone on October 1st and am now a well man and very happy."

J. ALBERT LESSARD.

CinPills are the greatest solvent for uric acid ever offered. Profit by Mr. Lessard's example if you have Stone or Gravel, Rheumatism or other Kidney or Bladder disorder.

Sold at all dealers at 50c a box or 6 boxes for \$2.50.

Sample free if you write National Drug & Chemical Co. of Canada, Limited, - Toronto. U. S. Address: No-Drug Co., Inc. 208 Main St., Buffalo, N. Y.

save these little ones from death, the cry "20 DAYS WITHOUT BREAD" is eloquent enough.

Sir Gilbert Parker, the novelist, is to retire from British politics. He was born in Canada in 1862. He may now find time to write a few more good novels. And good novels are scarce these days.

Keep Minard's Liniment in the house.
