

THE ACADIAN

WOLFVILLE, N. S., MAY 9, 1890.

Political Warfare.

The people are evidently become disgusted with the methods of conducting elections as carried on in other years. All around we hear the cry against dishonest canvasses and bitter personal encounters.

Our Inshore Fisheries.

The idea of stocking the lakes of this and adjoining counties with young fish has within the past few years received considerable attention.

TAKE NOTICE.—If your razor is dull take it to J. M. Shaw's Barbers Shop and he will put it in first-class order for the small sum of 15c. 10.

Halifax City Notes.

The great event of the moment is the opening of the new City Hall, which has just been occupied by the civic officials.

Beef is rapidly getting among the luxuries, our American supply being heavily taxed the dealers find themselves confronted with a scarcity, and have raised prices accordingly.

A great improvement has lately been made in our system of street lighting and it was much needed.

Two warships are now in port, others of the North American squadron will follow.

Activity in deal shipments continues. Every berth at the Richmond wharf is engaged for some time ahead.

The People's Ferry, to be run by the town of Dartmouth is assuming a definite reality. A suitable steamer to replace the one temporarily secured, has been purchased in New York for \$15,000 and will go on the route at once.

Halifax has once more survived the throes and dissipation of "moving-day," May 1st. There are those who seem to look forward to this red letter day with unusual delightful anticipations, and to them it would be martyrdom to live more than 12 months in any house.

The idea of stocking the lakes of this and adjoining counties with young fish has within the past few years received considerable attention.

Recent Donations.

- TO THE MUSEUM OF ACADIA COLLEGE. 1889, Sept. 4.—Specimen of four metals welded by electricity, Rev. J. W. Bancroft, N. Sydney. Sep. 7th.—Large whale bone, cast upon Yarmouth beach, H. E. Bill, Jr., Yarmouth.

Old POSTAGE STAMPS.—By a reference to our advertising columns will be found an advertisement for old issues of postage stamps. The advertiser, who is making a collection of the same, is paying big cash prices for the postage issues used before Confederation.

Notes from Ottawa.

(By Our Regular Correspondent.) OTTAWA, May 7th.—The signs of the closing of Parliament are fast approaching. The M. P.s are anxious to get home and business is being rushed.

The death of William Howe, of the Dept. of the Interior, caused considerable sympathy in civil service circles in the capital. He was a son of Hon. Joseph Howe, who was in 1873 Lieut.-Governor of Nova Scotia.

A large party of immigrants, numbering nearly 3000, have passed through the city the last few days. 900 of these came by the Sardinian.

Mr Eisenhauer brought up two complaints of the mill owners on the La Have River, N. S., who were prohibited from emptying sawdust in the river, as it spoiled the fisheries.

Inspector J. R. Kinney gives a detailed report of the fisheries, particularly referring to King's county. It shows a large deficit as there were 44 vessels less engaged last year than in the previous year.

"This large deficit falling largely to the aggregate take of codfish, which item alone shows a decrease of 121,709, nearly one-half of which is the year's decrease in the take of Lunenburg county. Salmon shows a decrease of nearly one-half, when compared with the year 1888, the take of 1888 being 159,483 lbs., that of 1889, 88,230."

Overseer McGill, of Shelburne, reports that there were seven vessels less employed in fishing than in 1888. A number of those employed returned from the Banks with less than one-half the usual quantity of fish. He apprehends that the number of vessels for 1890 will show a further decrease.

Political Candidates.

- For the information of our readers we herewith append a list of the candidates chosen at the different conventions throughout the Province, to contest the counties at the approaching election. ANNOPLANS. Opposition Hon. J. W. Longley, C. S. Harrington, Q. C. H. H. Clute, B. Starratt.
