

The Acadian

Vol. XXXIX. No. 50.

WOLFVILLE, NOVA SCOTIA, FRIDAY, SEPTEMBER 3, 1920.

\$1.50, payable in advance.

Boys' Annual Camp

The second annual Kings County Boys Camp was brought to a successful termination on Monday, August 30th.

The new camp site on the North shore of Sunken Lake is really beautiful and a great improvement over the Black River Lake site used in previous years. The camp as usual, was under the personal direction of Mr. E. Percy Brown who was assisted by Dr. Hemmeon, Mr. Smart—a guide sent by Mr. R. P. Bell of Halifax, who also donated the canoe, and several of the older Wolfville boys.

There were about 60 boys there including boys from Berwick, Waterville, Port Williams and Canning as well as our own Wolfville boys. The camp this year was entirely under canvass, there being one large marquee and 13 smaller tents in use. With the exception of the first day the weather was ideal.

Each day was commenced by "flag raising" and repeating "The Scout Promise", after which followed breakfast at 7 o'clock. All tents were then made tidy and the day was spent in a continual programme of recreation and instruction, broken only by the rest hour after the noon meal. The two boats, two punts and canoe were in constant use; baseball and other group games were played; while considerable time was given to Scouting games in the neighborhood. Instruction in the art of camp cooking is a factor that should not be overlooked, as each boy had the opportunity of acting as one of the days' cooks, under the direction of one of the older boys who was chief cook for the day. The food judged by camp standards was exceptionally good throughout. The camp is admirably well suited for swimming—a good spring board adding much to the sport. There were competitions in rowing, paddling, swimming, diving, collecting leaves and wild flowers, campfire entertaining, etc.

The Scout Promise was taken there for the first time by several boys and many Scout Tests were passed. Instruction in swimming and life saving was given; while a practical talk and demonstration of artificial respiration by Dr. Elliott is very worthy of mention. So also was the instructive talk on "birds" given to the boys by Mr. R. W. Tufts.

Perhaps the most enjoyable time for many was the evening "camp fire" around which songs were sung and both instructional and amusing talks and stories were intensely listened to. Each camp fire and day was brought to a close by singing The National Anthem, Praise God from Whom All Blessings Flow and repeating The Lords Prayer.

On Wednesday many visitors were welcomed to the camp and they all seemed well pleased with the admirable surroundings.

Sunday coming at the close of the week was a typical "day of rest". In the morning those who wished went on "hikes", while in the afternoon all were present, with a large number of visitors, at an open air service conducted under the trees by Dr. Cutten.

All who had an opportunity to pass judgement on the week's outing were unanimous in calling it a great success. Certain it is that every boy had a good wholesome time; while the instilling in to the lives of the boys of the principles for which the Scout Movement stands must have been in some degree successful.

Thanks are hereby expressed to the many Wolfville people who so willingly contributed their cars, teams and time to the transportation of the boys to and from camp.

The British Apple Market

Fruit Commissioner to Speak in Wolfville on Sept. 11.

Arrangements have been made by Mr. F. W. Foster, Secretary of the Nova Scotia Fruit Growers' Association, for a series of meetings of Nova Scotia fruit-growers, to be addressed by Mr. J. Forsythe Smith, Canadian Fruit Trade Commissioner in England. These meetings will be held in the evenings at the following centres: Kentville, Sept. 3; Windsor, Sept. 4; Berwick, Sept. 7; Middleton, Sept. 8; Kingston, Sept. 9; Bridgetown, Sept. 10; Wolfville, Sept. 11.

Mr. Smith, who represents the Dominion Department of Trade and Commerce, in covering the British apple market for the Canadian apple industry has just completed a tour of British Columbia and Ontario apple producing centres, where similar meetings have been held, and has much of interest to discuss with Nova Scotia apple growers before he sails for the Old Country on Sept. 18, to resume his duties on the market.

Among the points that will be dealt with in his addresses are: The working of the British Government apple price order; the general conditions affecting the sale of apples on the market, variety, size and color preferences; box packing for Nova Scotia; apple requirements in Norway, Denmark and Holland; development of the English apple industry; the working of the different systems of distribution, etc.

The meeting in Wolfville will be held on September 11th, and it is hoped that a good gathering of local fruit growers will assemble to take advantage of this unique opportunity of securing first-hand information as to these markets.

From a rather careful investigation of the situation, THE ACADIAN learns that the prospects for the 1920 apple crop are encouraging. While the crop will not be so large as that of last year the amount of good fruit will probably be considerable in excess of the 1919 harvest. Last year while the crop was large the quality was inferior with the result that in many cases shippers received very little returns. This year the price at the outset is good and already many orchards have been disposed of at remunerative prices.

Tells How to Regain Perfect Health and Keep it by Bathing Internally.

Are you aware that nearly one million bright, intelligent people throughout Canada and the United States alone bathe internally instead of loading their system with drugs? Why? Because it keeps them in better health in every way.

Internal bathing is the only sure means of keeping the intestines clean and free from accumulated waste matter, which is sure to slowly poison the system and become food for the millions of bacteria which infest the system, thereby causing rheumatism, impure blood, indigestion, headaches and a hundred other ailments which are directly the result of constipation.

If you want to be healthy all the time we would strongly advise you to get a J.B.L. Cascade, which is the only perfected appliance ever devised for efficiently cleansing the colon and lower intestines. It is the invention of Dr. Chas. A. Tyrrel of New York, who is a specialist on Internal Bathing. The J.B.L. Cascade is shown and explained at A. V. Rand's Wolfville Drug Store, where you can receive an interesting book called "Why Man of Today is Only 50% Efficient." It will tell you facts about yourself that you probably never realized before, or phone or write Tyrrel's Hygienic Institute, 163 College Street, Toronto.

Cricket Still Active

The great event in the cricket season in the Annapolis Valley will be the match at Windsor on Sept. 8th, between a team already picked representing Bridgetown, Kentville, Wolfville and Windsor, and the West Indians. The latter are fine players and good sports and have not been defeated this year.

The cricket team recently organized at Annapolis Royal went down to defeat before the Bridgetown team on Saturday.

Considerable activity in cricket is reported from Sydney, C. B., and several matches have been played.

A fine match was played on Thursday of last week between Bridgetown and Windsor, which resulted in a victory for the latter by one run. On Saturday Kentville played Windsor, winning by a substantial majority. Mr. Spittal bowled very effectively for Kentville, taking five wickets.

The Windsor cricketers came to Wolfville on Wednesday for a friendly game which resulted in a win for the visitors.

Wolfville's cricket team to date has played 11 matches and won three. They have faced frequent defeats but like good sports they have come up smiling every time. In their fielding and batting there has been a marked improvement and next year no doubt they will have better luck. They all play the game for the sake of the game.

WILL SHIP BETTER APPLES THIS YEAR.

The Board of Directors of the United Fruit Co. Ltd., held their annual quarterly meeting at Kentville Tuesday afternoon, discussing routine matters. The important meeting occurred afterwards when 38 Managers of subsidiary companies out of a total of 40 held a meeting to meet General Manager A. E. McMahon. This meeting was of importance from the fact that there was a lively discussion as to the standing of the Nova Scotia apple in the European markets at the present time. It was admitted that the Nova Scotia apple had lost some of its prestige. The general opinion expressed that this loss of prestige was largely due to the early frost of last year, resulting in apples coming into the packing houses in bad condition. It was however, unanimously decided by the 38 Managers of the subsidiary companies who are responsible for packing that this year will see a better pack.

Public School Opened

Public school opened Monday, August 30th.

Principal Ford has the following staff of teachers:

Miss S. G. Stevens—High School Asst. Miss R. M. Ernst—Grade VIII. Miss M. Drysdale—Grades VI and VII. Mrs. E. J. Everett—Grades IVa and V. Miss Gladys West—Grades III and IVb. Miss Susie Baxter—Grade II. Mrs. Davison—Grade I.

The enrolment is 340 which is unusually large for the opening week.

At the Provincial examinations, the High School students had marked success. Only one failed in Grade XI, one in Grade X, and one in Grade IX. A more detailed statement will be made next week.

ANGLICAN NOTES

Rev. R. F. Dixon, accompanied by his daughter, Mrs. F. N. Corwin, left on Tuesday to spend his annual vacation at New Haven, Conn. During Mr. Dixon's absence the services will be taken by Rev. George Cheese, of Hantsport.

The Sunday School reassembles next Sunday at 3 p.m.

The early celebration of the Holy Communion will be discontinued during the absence of the Rector. The Sunday services will be Matins at 11 a.m. and Evensong at 7 p.m.

NEW AMUSEMENT TAXES.

The last issue of Royal Gazette contained a proclamation that by Order-in-Council the amendments to the amusement tax went into effect on Aug. 20 and they provide that a place of amusement includes, apart from the theatres:

"Every building, tent, enclosure, or place, and every structure, apparatus, machine, contrivance or device whatsoever, the purpose of which is to provide any amusement or recreation whatsoever for the public, or some of them, and which is conducted for gain."

This would include horse races, baseball games, billiard halls, dances, etc., on which the theatre tax will thus be charged, as at theatres and boxing matches at present.

Upon each attendance, participation or indulgence a tax of one cent is to be charged for each ten cents or fraction thereof charged as such fee.

The taxes are to be collected by the amusement owners.

City Fathers Meet

Town to be Extended Eastward

The regular monthly meeting of the Council was held on Wednesday evening with the Mayor and all of the Councilors present.

An application from Policeman Crowell for two weeks holidays was granted.

A letter was read from Mr. J. A. Ingram asking for a sewer on Earncliffe avenue. The matter was referred to the Sewer Committee with the understanding that the work be performed as soon as possible. To be continued.

Coun. Sutherland reported that the work of paving Linden avenue had been completed and work on Front street is now in progress.

A request from the Electric Commission to augment their vote of \$50 towards the purchase of a typewriter for town use was discussed and it was voted to procure a typewriter at a cost not to exceed \$100.

The matter of the extension of the town's boundary on the East came up again on a new petition from residents of that section and this time received favorable consideration and provision was made for the necessary steps to be taken.

Mayor Fitch gave an interesting report of the meeting of the Union of Nova Scotia Municipalities at Windsor last week.

The usual number of bills were passed and other routine business was transacted.

The matter of the sale of the Electric Light debentures was referred to the Finance Committee.

DEATH OF CHARLES HARRIS

The funeral of Charles F. Harris age 33, was held in Wolfville on Thursday, August 26th at three o'clock p.m., services being conducted at the home of his father A. S. Harris.

Rev. A. Martell and Dr. McDonald officiated at the house and grave. His remains were conveyed to the beautiful cemetery in Wolfville. The pall bearers were H. H. Harris, W. C. B. Harris, J. D. Harris and T. S. Sanford. The casket was banked with beautiful wreaths and flowers from the family and friends. Mr. and Mrs. Harris and family wish to express their appreciation of the great kindness and sympathy shown by relatives and friends during his long illness. Such kindness can never be forgotten.
