# **MARKETS** and **FINANCE**

Saturday, May 16.-Central market was a little brighter this morning, a fair number of farmers being in and several market garden-ers. There was a medium meat market early in the day, but, as there was a large de-mand for meats, especially beef, it rapidly thinned out. Geese have entirely disappear-ed. Poultry and dairy produce held firm with the exception of butter, Cooking but-ter dropped & dairy butter went down 6c, and creamery butter dechned 4c. Green stuff was plentiful. Spinach dropped 10c ra bushel. Potatoes are very scarce and ad-vanced 10c a bushel. To-day's ruling prices **Poultry and Dairy Produce.**

The political parties, he was sure, de-plored the corruption that had been ram-pant in the Province in the past. The time had arrived when elections in this country should be restored to the pur-ty that characterized the campaigns in the old land. It was a crying shame that men who refused to recognize the sacredness of the ballot should burk the will of the people. If the law was not sufficiently strong now, if the Legis-lature could pass legislation that would stop corruption it remained for the par-ties and their candidates to unite in up-rooting the evil. Mr. McClemont, dealing with the Pro-vince's finances, showed that to the Lib-erals was due the credit for the position the Province occupied, and that there would really be a deficit were it not for the increased revenue, for which the Whitney Government degerved no credit. He referred to the increase of 240 per cent. in law costs under the Whitney ad-ministration, and the government by commissions, with the large expense to the neople.

Griffin also spoke orient, snow-ing how the Conservatives in their in-famous gerrymander had broken down something it had taken the Liberals years to establish, that one man in one part of the country had as much right to the franchise as any other man in any other part of the country. By giv-ing Toronto two members from each rid-ing, a voter in Toronto had two votes. This destroyed the very thing the Liber-als had fought for years to build up. Mr. Griffin also dealt trenelantly with the three-fifths clause. It was not only as it affected the temperance ques-tion that people should be interested, because if the recognized form of major-ity rule was to be abolished, might it not also be done in questions affecting the labor market and other depart-lents?
