diseases in which the VECETABLE LIFE MEDICINES are well known to be infallible. DYSPETSIA, by thoroughly cleansing the first and second atomachs, and creating a flow of pare healthy bile, instead of the stale and acrid kind ; *Flatulency*, *Loss of Appetits*, *Heart-burn*, *Hendacke*, *Resilesness*, *Ill-Temper*, *Languur*, and *Melancholy*, which are the general symptoms of Dynapula, will vanish, as a natural consequence of its care. COSTIVENESS, by cleansing the whole length of the in-testines with a solvent process, and without violence: all violent parges leave the bowels costive within two days. DIARRHCEA and CHOLERA, by removing the sharp acrid fluids by which these complaints are occasized, and by pro-moting the lubricative secretion of the mecons membrance. FEVERS of all kinds, by restoring the blood to a regular *kir*-celation, through the precess of parepiration in such cases, and the thorough solution of all intestinal obstraction in others. The Lire MEDICINES here been known to cure *Rheume*-

s, for

tentest most as we are, an average throught. I desire theat each other. To sum up, this is my innermost thought. I desire that italy should obtain page, no ensure how, but with-out foreign intervention, and that my througe should be able to quit Rame without compremising the security of the Pope. I could very much wish not to be obliged to undertake the Syrian expedition, and, in any case, not to undertake it alone ; farely, because it will be a great as pense, and secondly, because I far this intervention may involve the fastern question, but, on the other, I do not use, how to resist public opinion in my own country, which will never understand that we can have unjunish-
