## Listless, Peevish Girls

When a girl in her teens becomes peevish, listless and dull, when nothing seems to interest her and disinterest do not tempt her appetite, you may be certain that she needs more good blood than her system is provided with. Before long her pallid cheeks, frequent headaches, and breathlessness and heart palpitation will confirm that she is anemic. Many mothers as the result of their own girlhood experience can promptly detect the early signs of anaemia, and the wise mother does not wait for the trouble to develop further, but at once gives her daughter a course with Dr. Williams' Pink Pills, which renews the blood supply and banish an aemia before it has obtained a hold upon the system.

Out of their experience thousands of mothers know that anaemia is the sure road to woe for the girl. They know the difference that good red blood makes in the development of womanly health. Every headache, every gasp for breath that follows the slightest exertion by the anemic girl, every pain she suffers in her back and limbs are reproaches if you have not taken the best steps to give your weak girl new blood, and the only sure way to do so is through the use of Dr. Williams' Pink Pills.

New, rich red blood is infused into the system by every dose of these pills. From this new rich blood springs good health, an increased appetite, new energy, high spirits and

## Always the Same

"Beaver" Flour is as uniform in quality as a minted five dollar gold piece.

Its proportions are as accurately fixed, and as scientifically determined.

The wheats used in milling "Beaver" Flour are analyzed and the percentages of gluten, starch etc. are found by chemical tests.

We know—

from years and years of experience—just how much western spring wheat to add to the choicest Ontario winter wheat—to obtain the desired strength.

# BEAVER FLOUR

Equally good for Bread and Pastry. Milled of Blended Wheat.

This is why "Beaver" Flour always gives good results—why it requires less shortening—why everything you make with it has a flavour that you cannot get with western spring wheat flour. Try "Beaver" Flour yourself for both Pastry and Bread—you'll find it equally good for either, and best for both. Remember, to insist on having "Beaver" Flour—the original blended wheat flour.
