li happened once upon a day, a wicked man was sent to jail; he trod he hard transgressor's way, and swiped a good fat roll of kale. They put him in a cosy cell, with books to cheer his solitude; they washed him and they fed him well, and he grew fat on prison AND OUT food. He had no troubles on his mind, no worry o'er the bills to pay, removed from life's sad, beastly grind, he beamed with smiles the livelong day. And in a dreary, dismal shack, his wife was

coiling at the tub, with aching heart and aching back, to buy her wretched hildren grub. And often, at the close of day, she went to bed, to moan and sob, and wonder, in her feeble way, if God was really on his job. This is the Justice that obtains in this fool world through which we reel; we give the sinner silken chains, and break his children on the wheel. We put the convict in his cell, and place light burdens on his back, and give him books and feed him well, and Boorge Hatthew adams (Dalk Mason retch his wife upon the rack.

Chamberlain contributes a notable preface to Archdeacon Cunningham's book, entitled "The Case Against Free Trade," in which he says that "the future of the Empire lies hencefor ward not in the power to annex new territory, but in the capacity to invite existing dominions and to develop the resources of existing dominions. To this all our efforts should be directed." The Morning Post describes Chamberlain as "specessor of Chatham, and the only living man who has power to rouse the British people to the depth of their Imperial instinct. Special Evening Telegram.
