Model 75-B Touring Car  
Roadster

### The Sensation of the Year

This latest and greatest achievement of The Willys-Overland Company has no equal among other low-priced cars.

In looks and action it compares favorably with many cars selling for double its price.

You must see it to appreciate its beauty.

Its distinctive light grey finish and symmetrical body lines command attention everywhere.

And when you ride in it you will understand why this car has been the sensation of the year.

For it has a powerful engine. It has cantilever rear springs and 4-inch tyres.

Moreover it is completely equipped—you do not have to buy a thing extra.

We will be glad to demonstrate this car for you and your family—to show you the many improvements and advantages it has over other cars of its size and price—to prove to you that it is the biggest value of the year.

We are at your service.

### "The Magic Cup."

In Aid of the Soldiers' and Sailors' Convalescent Hospital.  
That opera "The Magic Cup," will be repeated on Wednesday night in the Casino for the benefit of the Soldiers' and Sailors' Convalescent Hospital. Seldom has a performance given such universal pleasure and satisfaction as "The Magic Cup," and unlimited plaudits of the large audiences is the best evidence of its wonderful success. His Excellency the Governor and Lady Davidson and His Grace the Archbishop will patronise Wednesday night's production. The cause is a good one; the performance is worth more than the price of admission, and a capacity audience should attend. Tickets will be on sale this afternoon at the Atlantic Bookstore.

### Brazil and the Entente

(From the Westminster Gazette.)  
Those who witnessed the magnificent welcome which the people of Rio de Janeiro gave to H.M.S. Glasgow when she arrived there after the disaster to Admiral Craddock's squadron know how fully Brazilian sympathies are with the Entente. A correspondent who was there at the time and who knows Brazil well tells me that throughout the country, right from the beginning of the war, Brazil has shown a splendidly benevolent attitude towards us, and that nothing is to be feared even from the thousands of Germans who have settled, more particularly in the Southern States, in what are more or less German communities. The Brazilians themselves are engaged in the growing of coffee, but the Germans have handled the exportation to Europe, which in pre-war days was done mainly by way of Hamburg. They do not look upon German raiders with friendly eyes; and I am assured that they will be found in the main loyal to the country of their adoption.

### "Killed in Action."

In yesterday's casualty list appeared the name of Lance-Corporal Herbert Harding, 7 Cabot Street, as "Killed in Action" on April 23rd. The dead soldier left here with the first contingent and passed through several stiff engagements at Gallipoli and in France, but on the date given survived his young life to the great cause. Left to mourn is a young wife and four tiny children, to whom the Telegram offers deep sympathy. Royal Naval Reservist John Miller, of Fortugal Cove, is a brother of Mrs. Harding.

### Fashions and Fads.

Gray, beige, brown, yellow and blue are great favorites.

Contrasting coats are charming for light summer frocks.

Fine blonde and ecru laces are used for afternoon toilettes.

There are many pretty afternoon gowns made of silk jersey.

Jersey cloth tunic blouses have tapestry embroidery on them.

Plaided robes pale gray chiffon are worn with gabardine coats.

There is no doubt that the straight frock is the proper thing.

Piece out last year's blue serge dress, combining it with black satin.

If the dress seems dull, a bright tassel here and there will add interest.

Daffodil and citron yellow chiffon make charming frocks for debutantes.

The new silk alpaca is trimmed with silk stitchery and soutache braiding.

Evening dresses made entirely of silk and untrimmed are very fashionable.
