

Newfoundland Highlanders Dance.

UNQUALIFIED SUCCESS.

The Newfoundland Highlanders annual dance held in the C.C.C. Hall last night, proved to be one of the most successful events held by that organization in years. The 180 guests present who remained until the very close of the splendid performance spoke in words of hearty commendation to the promoters, for the entertainment which they had so ably arranged and which was not only enjoyable and will not be soon forgotten by those who had the pleasure of attending. The dancers present consisted of some of the most prominent of the city and it might be said, that the dance resolved itself into a social society ball. The costumes worn by the ladies, specially prepared for the occasion, were made up of the most elaborate designs, being both attractive and greatly enhanced by the brilliancy of the procedure throughout. The hall was tastefully decorated. Streamers of red and yellow tissue forming one large ball, which covered the ceiling of the spacious room, presented a magnificent spectacle overhead, while the lighting effects, coupled with the beautiful surroundings, during the evening, were most appreciated. During the evening many invited guests were present, including in the number were Rev. J. Power, Chaplain of the Brigade and Mrs. Power, also representatives from sister brigades, who were as follows—Capt. J. Snow, Lieut. H. Hayward, Lieut. Taylor, C.L.B.; Capt. C. McGrath, Capt. J. M. Spears, C.C.C. while Capt. G. Whitty, O.B.E., M.C. represented the Great War Veterans Association. Owing to the unavoidable absence of Lt.-Col. Patterson, O.B.E., who was out of town, Major W.H. Herder, duly honored the guests of the evening, and thanked them all for their kindness in attending. The dance programme was commenced promptly at nine o'clock. Capt. H. McNeil, O.B.E., the Convener of the Committee, assisted by the officers of the brigade, who have devoted much of their time and attention to this important part of the evening's entertainment, left nothing undone to make the popular pastime an enjoyable one. The C.C.C. Band, under the able leadership of Capt. Arthur Major, furnished the music numbers on the occasion, and to them much of the success is due. Repeatedly they were called upon to respond to requests. The feature event of the evening was an exhibition of waltzing by Miss Joan Rendell and Frank Bennett, two well known figures in social gatherings of this kind. To the strains of a most musical number played on the piano the couple selected a waltz that was danced with ease and gracefulness, and brought forth a round of applause from the entire audience, an encore being to be given. Mr. Bert Nosenster acted as accompanist on the piano. General dancing was then resumed, until the interval, when refreshments were served by the Nfd. Highlanders Ladies' Association. Mrs. E. Patterson, to whom a big share of the credit is due, was in charge of the catering. The lady assistants made an excellent repast, which met the most exacting appetite. While the members of the band were entertained at supper, three excellent numbers on the programme were given. Misses Elsie Tait and Miss Rennie very kindly contributed the musical numbers on the piano. The programme was continued with the return of the band, and the dance was kept up until an early hour the following morning. The last half of the evening was most enjoyable, and the guests departed with the most gratifying of congratulations. As in the past, they have the happy knack of making everyone feel at home, and would they decide on holding another such function in the near future, their success can be easily imagined. A word of praise is also due Capt. Major Taylor, M.C., and Pipe Sergt. Major Taylor, who were responsible for the lighting effects and decorations, while Mr. Murphy of the Red Nfd. Electrical Department, who assisted Capt. Taylor in the necessary preparations, and who took attention in looking after the stage effects during the procedure. A handsome sum was realized.

Don't fail to come to the T.A. dance on next Tuesday night, big Party and Dance, will be held by the T.A. Ladies' Auxiliary. Tickets 50c. Bennett, organizer in attendance.—nov. 10.

Last Night's Fire.

DESTRUCTION OF CONGREGATIONAL CHURCH NARROWLY AVERTED.

A still alarm brought the Central and East End fire companies to the Congregational Church at 8.50 last evening, where they found a blaze in progress at the extreme eastern end of the building, which was caused by defective wiring lighting the transformer which was attached to the church. The flames for some minutes spread in an upward direction and a fire that threatened to destroy the sacred edifice looked very serious for some minutes. The fire truck which arrived speedily to the scene extinguished the blaze with the use of the chemical, while a stream of water from a nearby hydrant relieved all danger of any further recurrence. The usual week of prayer service was being held in the basement of the church at the time, and the congregation, when informed of the fire, by Mr. Parsons, who lives on the opposite side of the street, made a hurried exit. Very little damage was done, but it was fortunate for the church and the city that the transformer when first placed in position at the eastern end of the building was fastened to the concrete wall and not the woodwork, otherwise a very serious conflagration might have ensued.

His Excellency and Ministers, feeling sure that the people of this ancient and loyal Colony desire to perpetuate the memory of our great deliverance and of those who laid down their lives to achieve it, direct that such observance shall take place throughout this Colony, and that at 11 a.m. on Saturday next, the 11th instant, all normal activities shall be suspended for the space of two minutes, during which time all thoughts will be concentrated in reverent remembrance of the Glorious Dead.

In St. John's the Gun at Cabot Tower will be fired at the hour above named.

For the two minutes as above trains will be stopped on the railways, traffic on the streets, ships at sea (as far as possible) and work suspended everywhere, in schools, shops, mines, factories, etc. During the two minutes there should be complete silence.
