

With this
you can make your hair
stay combed—all day

It is finding in Stacom
what they have always sought—
an easy, natural way to keep
the hair looking always as trim
and neat as their favorite barber,
James it.

Women find Stacom just
the thing to control stray hairs,
to make the curl stay in, and
to keep bobbed hair in place.
Stacom is a smooth, velvety,
invisible cream—non-
staining and non-greasy. It

comes in jars and in tubes—
compact, economical. You can
get it at all drug and depart-
ment stores.

Better and Better

Dependable ten years ago, and five years ago, and more dependable than ever to-day, Dodge Brothers Motor Car simply represents the latest phase in a process of continual betterment.

The first cars Dodge Brothers built established a world-wide reputation. The cars they are building to-day incorporate the accumulated refinements of those ten intervening years.

That important improvements in the comfort and appearance of the car are made from time to time, implies no basic departure from Dodge Brothers' traditional policy of PROGRESSIVE rather than SEASONAL development.
