BAPTISTS IN COUNCIL.

A Protest Against Dr. Ful ton's Fiery Language.

state Aid-The Carey Centennial.

Woodstock, Oct. 21.—The Baptist Convention began the second week of its session yesterday morning. It was foreign mission day. A sensational incident was the condemnation of Dr. Fulton's address on Friday night by Dr. Murdoch, of St. George. Discussion of the missions to the Telugas in India occupied the afternoon and evening. At the morning seasion resolutions were adopted expressing sympathy with the Prisoners' Aid Association and reappointing the following committee: Rev. Elmore Harris, Principal Huston and Robert Hall. The convention accepted and adopted sympathetic resolutions of Christian condolence with the families of the late Revs. Joel Reddick, Dr. Castle and Principal McGregor. It was voted that in future the convention should begin on Taesday.

Rev. Dr. Murdock, of St. George, said that he felt compelled to move a resolution, which he introduced with great refuctance. It had reference to some remarks that had been made on Friday night by Dr. Fulton. of Montreal. It was ruled that the resolution would have to go to the Resolution Committee, and if they rejected it the brother could then appeal to the convention. At the afternoon session Dr. Murdock rose to a question of privilege. In the morning he had framed a very mild resolution in reference to certain points brought up on Friday evening. The chairman of the Resolutions Committee had very kindy lutimated to him that the committee would interport the resolution, and he did not

Hence he ross to a question of privilege. He was unfortunate enough not only to be present himself on Friday evening but to have with him his wife and his som—a boy of 17. The offending brother had retired after firing his shot or he would have said what was burning in his heart to say. He wished, therefore, to enter the following resolution:

wife and his son—a boy of 17. The offending brother had retired after fring his shot or he would have said what was burning in his heart to say. He wished, therefore, to enter the following resolution:

Having listened to an address before the convention on "the Mission of Baptists to Romanists." I hereby desire to enter my carnest protest against many of his statements as extreme hereby desire to enter my carnest protest against many of his statements as extreme hereby desired to enter my carnest protest against many of his statements as extreme hereby desired to have a search against his branding our pedo-Baptis, breth-ren as carrying 'the mark of the beast.

He wished to say a word on this last point. He would yield to no one in loyalty to the Baptist doctrine. He had not always been so, but, having reached that position after hard labor, he was now a Baptist without mental reservation. Yet he had a mother who was not a Baptist, and he protested against any brother branding her as going down to her grave with the mark of the beast upon her.

A number of other delegates wished to speak, but the chair ruled that the question was not debatable.

six lady missionaries and eight wives of missionaries—in all 23 Canadian workers. These have during the past year traveled over 360 days, preached in more than 300 towns and villages and baptized 395 souls, most of whom were heathens previously. They have the oversight of eighteen churches, with an aggregate membership of 2,935, with an aggregate membership of 2,935, and manage a theological seminary, in which 85 students are being trained to the work of preaching the Gospel. These men and women are assisted in their work by seven ordained and one unordained pastors, 43 evangelists, 3 colporteurs, 7 Bible women, and 34 teachers. Three name of pastors, 43 evangelists, 3 colporteurs, 7 Bible women, and 34 teachers. Three more missionaries have been sent out—Rev. A. A. McLeod and his wife and Bro. Barrow. A strong appeal was made for more laborers, who are equally if not more, necessary than money.

The treasurer's statement showed recipits, \$20,024: expenditures, \$19,907; balance, \$134. Adding to this the balance of last year (\$1,512) the present balance of \$1,646 was obtained. The following district secretaries were confirmed:

raise a Carey fund of \$10,000 to plant a new mission.

The Resolution Committee reported a resolution in line with Rev. R. G. Boyille's remarks, which carried by a large majority. At the evening session the report of the Publication Committee was discussed. It was decided that in the future a subscriber to the Baptist be allowed to get no farther than three months in arrears. Revs. W. Weeks, R. G. Boyille, Dr. Goodspeed and Mr. G. R. Roberts were elected members of the Board of Directors.

The discussion of a Carey centennial fund was resumed, when Rev. Jas. Grant moved that a fund of \$5,000 be raised before 1892 to found a new mission in some part of the heathen world. Rev. John McLaurin opposed the proposition on the grounds that it would cost twice as much to send men to new people actosendishe samement of Telugu. He pointed out that they were increasing their Telugu estimates this year by \$6,000. This proposal meant an increase of \$11,000 over last year. Rev. James Grant's amendment was loss by an immense majority, as was the \$10,000 proposal. Rev. Mr. McDonald proposed that the \$5,000 be raised, but that the appropriation of it be fixed at a future convention. This carried by a unamimous vote.

PECULIAR INFATUATION

Discrent methods of Following the Injunction, "Love One Another."

Do men ever fall in love with each other? Women do. Not long ago a young woman in New Jersey was married to a youthful laborer on her father's farm. Some time afterward it was discovered that the husband was a female; the young wife refused, however, though earnestly entreated by her friends, to give up her chosen consort. The strangest part of the discovery was the fact that the bride knew her husband was a woman before she was led to the altar.

If men do not exhibit this strange infatuation for one of their own sex, they at least oftentimes give evidence of the fact that they less one another. There are many instances where men have given life to another.

It is a proud possession—the knowledge

it would cost twice as much to send men to make to make the most people as to send the same men to Teliugu. He pointed out that they were increasing their Teliugu estimates this year by \$6,000. This proposal meant an increase of \$11,000 over last year. Rev. James Grant's amendment was lost by an immense majority, as was the \$10,000 proposal. Rev. Mr. McDonald proposed that the \$5,000 be raised, but that the appropriation of it be fixed at a future convention. This carried by a unanimous vote.

is the best cure for Indigestion, even when complicated with Liver Complaint, is proved by the following testimony from Mrs. Joseph Lake, of Brockway Centre, Mich.:—

"Liver complaint and indigestion made my life a burden and came near ending my existence. For more than four years I suffered untold agony, was reduced almost to a skeleton, and hardly had strength to drag myself about. All kinds of food distressed me, and only the most delicate could be digested at all. Within the time mentioned several physicians treated me without giving relief. Nothing that I took seemed to deany permanent good until I commenced the use of Ayer's Sarsaparilla, which has produced wonderful results. Soon after commencing to take the Sarsaparilla I could see an improvement in my condition. My appetite began to return and with it came the ability to digest all the food taken, my strength improved each form of faithful attention to your directions, I found myself a well woman, able to attend to all household duties. The medicine has given me a new lease of life."
