SPECIAL  
ANNOUNCEMENT

Mason & Risch, Limited, take pleasure in  
announcing the engagement of

E. T.  
KALANI

native Hawaiian teacher,  
late of Honolulu, Hawaiian  
Islands, and later con-  
nected with the Sherman  
Clay Music Company, San  
Francisco. Mr. Kalani  
will accept pupils for the  
violin, guitar, ukelele and  
mandolin.

Special Offer  
We are giving FIVE  
FREE LESSONS

with each guitar, ukelele,  
banjo, violin or mandolin  
purchased this month. For  
full particulars, call or  
write.

MASON & RISCH, Ltd.  
PHONE 1268. 248 DUNDAS STREET, LONDON.

WILL ENFORCE  
RAIL WAGE CUT

Canadian Roads Reduce Shop  
Crafts 5 to 9 Cents An  
Hour Sunday.

Ask Employees To Accept  
Scale Pending Further Con-  
sideration of Rates.

MONTREAL, July 13.—(By Cana-  
dian Press.)—Wage reductions of  
from 5 cents to 9 cents an hour to  
members of the federated shop crafts  
will be put into effect Sunday next  
following notices to that effect given  
30 days ago.

Railways affected, and upon which  
the above notice will be posted to-  
morrow include the Canadian Pacific  
Railway, Grand Trunk Railway, C.  
N. R., Q. C. R. T. and No. O., Sydney  
and Louisburg Railway, Edmonton,  
Dunvegan and British Columbia Rail-  
way, and Esquimaux and Nanaimo  
Railway.

The order will affect about 40,000  
men in the Canadian railways.  
The Railway Association of Cana-  
da expressly stated in conference  
between the representatives of the  
railways and of the employees early  
this month that the above rates of  
pay should be adopted without pre-  
judice, pending further consideration  
and subject to further negotiations  
on 30 days' notice from either party  
to the other.

This proposition was not accepted  
on behalf of the employees, and in  
a further communication addressed  
to employees' representatives on July  
10, it was proposed that any rates of  
pay finally agreed upon would be  
effective July 16, 1922, and that ad-  
justments would be made accord-  
ingly.

To this the employees' committee  
replied June 11, saying the proposal  
was not acceptable and "unless your  
committee is prepared to postpone  
the putting into action of the pro-  
posed decrease in rates of pay they  
will proceed to call for a board of  
conciliation."

This failure to reach an agreement  
was finally met by the present order  
making wage revisions effective next  
Sunday and leaving the question of  
later adjustments open.

In the matter of wage reductions  
the railways are following the  
example of the United States Rail-  
ways and are also meeting the re-  
duced freight rates which have lately  
been put into effect.

The point of view of the men in  
regard to the reduction is expressed  
as follows:

"The men's committee replies by  
bringing to the notice of the associa-  
tion clause 57 of the industrial dis-  
putes' investigation act, which re-  
quires that in the event of proposed  
wage changes resulting in dispute,  
until the dispute has been finally  
dealt with by a board and a copy of  
its report has been delivered through  
the registrar to both parties affected,  
neither of these parties shall alter  
conditions of employment with re-  
spect to wages or hours."

"This means that the companies by  
law cannot put the changes into  
effect until a board has dealt with  
the matter."

R. J. Talton, president of Division  
No. 4, made the following statement  
recently:

"We are waiting to see what they  
will do. We do not think the com-  
pany will put themselves in the po-  
sition of law breakers, and in that case

Issues Injunction To Stop  
Pollution of Stream

TORONTO, July 13.—Mr. Jus-  
tice Middleton today  
granted an interim injunction  
to restrain the city of Kit-  
chener from allowing sewage  
to overflow into Spring Creek.  
The injunction is to be in effect  
until the trial of an action  
brought by A. B. Campbell and  
Mrs. Campbell for a perma-  
nent injunction to protect their  
farm, which adjoins Kitchener  
on the north, from being inun-  
dated by waste from a slaugh-  
terhouse nearby.

It was claimed that this  
sewage overflowing from the  
city sewers had converted a  
creek which formerly con-  
tained wholesome water into an  
offensive stream, and cattle  
drinking from it had died.

the wage reduction cannot be put  
into force on July 16."

## ASK CONCILIATION BOARD.

OTTAWA, July 13.—(By Canadian  
Press.)—It is understood that the  
shop employees of the Canadian rail-  
ways have indicated to the minister  
of labor their intention to apply for  
a board of conciliation under the in-  
dustrial disputes act. Officials of  
the labor department declined to make  
any comment when informed this  
evening that wage reductions to  
members of the federated shop crafts  
would go into effect on Sunday next,  
nor would they discuss section 57 of  
the act, which, the employees' com-  
mittee says, renders the reduction illegal.  
The section, which is substantially as  
stated by the men, was drafted  
partly for the purpose of preventing  
the suspension of operations during  
a wage dispute. Under it employers  
are precluded from making altera-  
tions in wages or working hours in  
cases where there is a dispute until  
a board of conciliation has investi-  
gated the causes of the dispute and  
reported thereon.

LOSES LIFE IN  
RODNEY PLANT

George Robertson, Formerly  
of London, Mangled To  
Death in Shaft.

Victim Dragged Into Machin-  
ery When Oiling Pulley  
While At Duty.

Special to London Advertiser.

RODNEY, July 13.—Caught in a  
shaft while engaged at his duties in  
the Rodney Basket Factory here late  
this afternoon, George Robertson, 64  
years old, a former Londoner, was  
wound around the whirling machinery  
and mangled to death before his  
fellow-workmen could succor him.

Mr. Robertson, it is related by em-  
ployees of the firm, was oiling a  
pulley, and moving too close to the  
shaft, was caught and dragged into  
it before he was able to save himself.  
His body was torn and mutilated be-  
yond recognition. Three minutes  
elapsed before the employees suc-  
ceeded in shutting down the stricken  
man from the scene of the tragedy.

Coming to Rodney about six years  
ago, Mr. Robertson was a former  
resident of London, at which place  
burial will take place Saturday next  
at 11 a.m. to Woodland Cemetery.  
All arrangements are being made by  
C. N. Walker, undertaker in this vil-  
lage.

A wife, three daughters, and two  
sons survive. Mrs. MacDonald, of  
Rodney, and Ethel, Edith, Archie and  
Peter at home.

A brother, Thomas Robertson, con-  
ducts a general store in this com-  
munity.

OTTAWA TO FILL  
MANY VACANCIES

Cabinet Will Probably Make  
Judicial Appointments Early  
Next Week.

OTTAWA, July 13.—(By Canadian  
Press.)—The premier is expected  
back in Ottawa on Saturday, al-  
though he may be delayed a day or  
so longer. On his return the meet-  
ings of the cabinet council will be  
resumed, and it is expected that a  
number of important appointments  
will be made during the next week.

The first meeting of the cabinet  
has been called for Tuesday, and it  
is considered likely that several  
judicial appointments will be put  
through that day. There are  
vacancies now in Nova Scotia, in  
Quebec, in Ontario, and in Saskat-  
chewan.

Sir Lomer Gouin is at present at  
his summer home at Murray Bay,  
but he has been in close touch with  
the situation regarding judicial  
vacancies, particularly in the pro-  
vince of Quebec.

He will return to Ottawa for the  
first of the week, and it is expected  
that he will have arrangements  
pretty well completed then for the  
new appointments. It is also ex-  
pected that the next week will see  
the appointment of the new board  
of management for the National Rail-  
ways, and the royal commission in  
regard to pensions and re-establish-  
ment.

5 KILLED AS TRAIN  
CRASHES INTO CAR

HARTFORD CITY, Ind., July 13.—  
Five persons were instantly killed  
and three were seriously hurt this  
afternoon, when a Pennsylvania train  
hit an automobile at a crossing near  
here.

COAL SHORTAGE  
AT BRANTFORD

Industrial Activities Affected  
by Lack of Fuel Supply.

Dealers Believe Situation Will  
Be Normal Soon.

BRANTFORD, July 13.—Local coal  
dealers' eyes are turned anxiously to  
the zones of the coal miners' strike,  
which is at present waging with un-  
mitigated force, and incidentally,  
causing hold-ups in industrial and  
many other activities.

In conversation with one of the  
prominent coal dealers this morning,  
he stated that the affair had taken a  
somewhat serious aspect locally.

"I don't think there is any dealer  
in this vicinity that has any great  
quantity of coal in storage, and it is  
practically impossible to get any," he  
said, "but we are all hoping that the  
strike will terminate shortly and coal  
will once more be easy to obtain. Al-  
though things are in somewhat of a  
deplorable state now we are all tak-  
ing an optimistic view for the fu-  
ture. I really do not think that the  
hold-up will seriously handicap coal  
for winter use."

The dealer pointed out that there  
as 50,000.

were practically no non-union anthra-  
cite coal mines, and that this class  
of coal was impossible to get in any  
quantity. Soft coal and coke, how-  
ever, can be obtained in normal  
quantities, although it is exceedingly  
high in price. It being impossible to  
get hard coal, there is a probability  
that Brantford will rival Pittsburg  
for smokiness on account of the city  
having to use soft coal and coke for  
heating purposes.

Pea and buckwheat brands of hard  
coal are obtainable in limited quan-  
ties, but are also high priced, and  
are of very little use for heating  
large buildings.

BELIEVE WEST WILL NEED  
50,000 IN HARVEST FIELDS

WINNIPEG, July 13.—Wheat cut-  
ting in Manitoba will be commenced  
by the end of July, and will be gen-  
eral by the first week of August, ac-  
cording to Prof. T. J. Harrison of the  
Manitoba Agricultural College, who  
has completed a tour of the provin-  
ce. He says there has been no  
rust damage.

Official estimates of the number of  
men required for the harvest fields  
this year are not yet obtainable here,  
but J. A. Bowman, provincial super-  
intendent of the employment service  
of Canada, confirmed the report  
from Montreal that more than 50,000  
will be needed. Various unofficial  
estimates place the number as high

## Any Pain or Swelling

will feel better after being rubbed with

**Absorbine Jr.**  
THE ANTISEPTIC LINIMENT

Varicose Veins are stubborn to reduce.  
Yet "ABSORBINE JR." has been used  
with wonderful success in allaying the pain,  
taking out the soreness and inflammation,  
and reducing the swollen, congested veins.

For Rheumatism and Gouty Swellings  
—for Stiff Neck, Tonsillitis and Neuralgia—  
for strained or torn ligaments—for Lame-  
ness and Soreness from overwork or  
accident—a brisk rubbing with a few drops  
of "ABSORBINE JR." makes the pain a  
lot easier. Try it every few  
hours and see how fast you get relief.

When an accident happens—a cut, burn,  
bruise, dislocation—apply "ABSORBINE  
JR." to heal the injury and prevent infection.

"ABSORBINE JR." is a vegetable germicide—  
absolutely safe to use—pleasant odor—contains no  
grease and does not stain.
