HALL IMPROVED

More Than 400 Attend Inter-

shortly after 8 o'clock members of St. Paul's congregation began gathering

Paul's congregation began gathering in the hall, which had been gaily decorated with flags for the occasion. The hall itself has been redecorated and an entirely new and modern lighting system installed. New club rooms have been aranged for the church organizations and an entirely new dining room opened in the basement. There is a spic and span kitchen which will delight the hearts of the women of the church, and a new gas range, the gift of McClary Moore. The boys will find a shower installed and there is a very fine new cloakroom. The improvements have been made at an expense of \$10,000, the gift of the people of the parish.

Brief addresses were made during the evening by Bishop David William, Dean Tucker, Col. Carling and Dr. Jack Hunt, the two wardens and Dr. Grant, president of the Men's Association. The guests of the evening were received by Dean Norman Tuck.

Paul's congregation began gathering in the halk which added on the market, and prices are advancing. This is attributed to the increased demand for supplies, which resulted in a more active trade being done especially so for export in storage eggs. Quite a few sales are reported for car lots.

Toronto—Firm: retailing specials 58c to 65c; extras 45c; storage extras 48c.

Montreal—Egg market firm; jobbing extras 40c; seconds 33c.

Grain Markets

Canadian Press Despatch.

Winnipeg, Oct. 15. — A fairly good buying power, with light offerings and strength at Chicago, sent wheat prices up nearly 6c on the wheat market here today, following a firm opening. At the close, which was around the high for the day, October showed a net gain of 5c, November 4½c, December 4½c and May 4%c. During the early part of the session the trading was on the quiet side, but near the end there were more buyers than sellers, with consequent price improvements. The undertone was stubborn throughout, Cash prices:

Associated Press Despatch.
Chicago, Oct. 16.—Although the wheat market today opened at the highest price which the December delivery has yet touched this season, heavy profittaking sales quickly brought about a decided setback, The initial upturn was due to higher quotations at Liverpool and to further drought complaints from Argentina. Advices at hand say that owing to drought and frost the Argentine crop could hardly exceed 75 per cent of last year's total. Opening prices, which varied from the same as yesterday to 1c higher, were followed by a general down turn that in some cases went 3c under the earlier top lava.

Corn and oats declined as a result of Turnips, each ine weather and lack of support After Watermelons, corn and oats declined as a result of fine weather and lack of support. After opening at 4c off to an equal advance, corn showed losses of more than 2c.
Oats started unchanged to 4c higher Later all months underwent a material decline.

MONTREAL.

Canadian Press Despatch.

Montreal, Oct. 15.—There was a fair inquiry from English importers for Canadian spring wheat here today, but, owing to the high prices ruling, little business was transacted. The trade in cash grain was also slow, but the tone was firm.
