

Western Ontario Swimming Championships Attracting Widespread Interest

Tank Titles To Be Decided At Thames Pool August 29

Western Part of Province Will at Last Be Given Chance.

LARGE ENTRY SEEN

Western Ontario is to have its first championship swimming meet at last, and it is to be held in London at the Thames park pool. There have been Ontario titles events and City of Toronto championships, but never has Western Ontario been favored to this extent. This move, the credit for which is mostly due to Gerry Goodman, chief supervisor of the local playgrounds, has been under consideration for a long time, but now the proper steps have been taken and it is to become a reality on Aug. 29.

For a lengthy space the western part of the province has been under a handicap in this sport. Around Toronto meets have been staged on various occasions, which have been largely responsible for Queen City men and girls representing Canada in aquatic championships. In other words, the Ontario championships have been merely meets for Toronto swimmers. Of course, general invitations have always been sent out, but swimmers in the other parts of the province have not attended, due to the fact that they have not had a chance to test their ability in similar meets.

Now their chance has come and the move to provincial championships will take form in the Western Ontario meet. It is easily seen that a winner in the local event will stand a good chance for places in the Ontario championships.

The meet is to be held under the auspices of the city playgrounds and contains nine events with exhibitions of life saving, water tests, etc., as added attractions. The local entry list promises to be a large one, and representatives from every city and town in Western Ontario are expected to take part.

Local entries are expected to include the following are the events:
