

THE BERLIN NEWS RECORD

THIRTY-FOURTH YEAR.

BERLIN, ONTARIO, TUESDAY, JULY 4, 1911.

NUMBER 153.

COUNCIL FIXES CIVIC HOLIDAY ON MONDAY AUGUST 7TH

Routine Business Transacted at a Short and Warm Session last Evening—Shortage of Water Troubles Chairman Winterhalt of the Sprinkling Committee.

Shirt-sleeved and armed with makeshift fans, did the Town Fathers conduct business last evening. Fortunately there was nothing of moment on the slate, and the aldermen lost no time in getting through the business. Everything went along smoothly and at 9:20 the proceedings were concluded.

The heat had a disastrous effect on the gallery, which was composed of four perspiring citizens, instead of the usual crowd.

A somewhat surprising communication was received from the Town Solicitors in which it was stated that the Ontario Municipal and Railway Board had no power to authorize the issue of debentures for street railway improvement or extension. The Finance Committee will further consider the question.

Chairman Winterhalt of the Street Sprinkling Committee confided his troubles to his colleagues and asked advice. He stated that he had been requested by the Water Commission to do no more sprinkling during the day time. There was some little discussion, it being finally decided that where it was impossible to use water oil should be used.

Civic Holiday was fixed for Monday, August 7th.

A by-law in reference to the opening of Peter street was given its various readings.

A resolution of sympathy with the Council and citizens of Waterloo was passed.

Committee reports were received and adopted without discussion.

Mayor Schmalz presided and those present were Reeves, Amussen, Dietrich, Rohleder, and Ald. Kranz, Dunke, Pieper, Winterhalt, Schilling, Utley. Communications were received as follows:

To Build Balcony.

Proprietor Wm. Zinger of the Grand Union Hotel, asked permission to erect a balcony in front of his hotel, similar to that in connection with other Berlin hotels.

A Surprise.

A communication from Messrs. Miller & Sims, Town solicitors, conveyed the somewhat surprising information that no power was given the Lieutenant-Governor to validate the \$7,400 by-law for the street railway. Extensions or improvements of street railways are not mentioned in the Act.

DeKay Street Extension.

Another communication from the Town Solicitors was to the effect that no action could properly be taken on the petition to extend DeKay street, and making a recommendation that it be dealt with at a future date, enclosing a By-law to be passed, relieving the question to the Town Engineer for report.

Annual Meeting.

An advance circular regarding the annual meeting of the Ontario Municipal Association in Toronto on Aug. 31 and Sept. 1, was received.

A New Sewer.

The board of Health requested the laying of a sewer on Edward street, westerly 150 feet on sanitary grounds.

A Free Gift.

Town Clerk advised the Council that the Court of Revision had decided to recommend the acceptance from Mr. John Pennell, of a deed of 40 feet, measured along Gordon avenue, off his lot lying at the corner of Lancaster and Gordon, the southerly side to be at right angles to Gordon avenue.

Reports.

Reports from the various committees were received as follows:

Market Committee.

Your Market Committee recommends that the Market Clerk be granted a week's holiday at the pleasure of the Chairman.

Cemetery Committee.

Recommends that tenders be called for a new gate as per plan, pillars to be of Roman stone.

Street Sprinkling & Garbage Com.

Recommends that two additional push carts like sample from Toronto, be purchased.

Board of Works.

Recommends that the Engineer's report be adopted.

Finance Committee.

Recommends that the Mayor be authorized to purchase a floral tribute for the late Mayor Graybill of Waterloo and that the Council attend his funeral in a body.

The Treasurer is instructed to pay Paul Gray \$300 for land to extend Peter street.

That the tender of Wood, Gundy & Co., of \$28,510 for the \$29,000 issue of debentures, be accepted.

That a copy of "Canadian Municipal Law" be purchased.

That the requisition from the Sewer Commission for \$12,000 be laid over until the next meeting.

That proceedings as outlined by the Solicitors to change the name of Krug street be gone on with and that other streets whose names have been changed illegally be included in the application. That none of the tenders for the construction of an isolation hospital be accepted, and that new tenders be asked for.

Engineer's Report.

The Contractors for the cement walks have constructed the walks on Ahrens street, College street, Victoria street, and Bingham street. He is now at work on Lancaster Street and King Street East.

The curb and gutters on Cedar and Lancaster street between King street and Frederick streets will be completed in a few days. In about a week the tarvia can be commenced.

The Town Foreman has finished placing the stone on Lancaster street North, Gordon Avenue and Albert street. He has completed the grading of Heins Avenue. The storm drain is in on Elgin street and part of the street has been graded.

A petition has been presented for grading Walter street from Dan street to Glasgow street. I would recommend that it be accepted. This street can be graded to advantage at the same time as Agnes street. Agnes street would be improved if a petition were presented to have it graded from Walter street to Turk St. or Strange St. I submit herewith a plan of these streets for your approval. A storm drain should be laid through private property from Walter street to Turk street if the consent of the owners could be obtained.

Want Street Watered.

A petition was received from residents of Eby street asking that that thoroughfare be sprinkled from King to Alma streets.

After Contractors.

Building Inspector Cook reported that for the month of June 22 permits had been issued amounting to \$35,810. When inspecting these buildings I find some of the contractors are not complying with the by-law which calls for one ply of fire and waterproof asbestos paper on buildings inside the fire limits. I have warned them for the last time. I will carry out this by-law, and future cases of negligence will be brought into Police Court.

Accounts.

Accounts amounting to \$6,915.32 were passed.

He Can Build It.

Mr. Zinger gets permission to build a balcony at his hotel if the plans are satisfactory to the Council. An agreement similar to that with other hotel-keepers will be drawn up.

Will Build Sewer.

A sewer will be constructed on Edward street as recommended by the Board of Health.

Will Accept the Land.

The Council will accept from Mr. John Pennell a deed for land on Gordon Avenue.

No Water.

"The Water Commission has told me to stop all street sprinkling. What am I going to do?" asked Ald. Winterhalt.

It was suggested that the streets be oiled, and Eby street residents who were present expressed their willingness to accept oil.

Reeve Amussen said that it was a (Continued on Page 2.)

KOLTS PLAYED LIKE AMATEURS

GREEN SOX HAD AN EASY WIN OVER HAMILTON IN YESTERDAY'S GAME.

Playing like amateurs, Knotty Lee's Kolts were easily disposed of by the Green Sox in yesterday afternoon's game and the leaders thereby increased their lead by several points, since Brantford beat London. The game here yesterday was a poor exhibition on the part of the visitors. The Sox played a gill-eared ball, having only one error, but the Kolts were away off color, having numerous errors and appearing to be suffering from general demoralization, although in the last two innings they gathered themselves together and played real baseball, but their rally came too late.

The score was 10 to 1, and for Kenney's home run in the eighth the visitors would have been shut out. Only once did they have a man on third base.

Turner pitched fancy ball for the Sox, allowing but six hits. He had a good control and fielded his position well. Rose and Anderson worked on the mound for the visitors. The first last but one inning, while nine hits were gathered off Anderson during his fling.

The balloon went up in the first inning, four hits, a wild pitch, a passed ball, a base on balls and four runs being the result of Mr. Rose's occupancy of the dirt heap. Burns who lead off in the batting, struck out. Cameron rapped but a two-bagger, Deneau grounded out, Cameron scored. Templeton got a base on balls and went to second on a passed ball, making third when Bullock supplied a sizzling single. Cambria placed the sphere in the weeds at the back of the lot and went as far as the third canvas, scoring Templeton and Bullock and scoring himself on a passed ball. Miller singled, and Dunn hit one to the pitcher and was out at first.

In the third Bullock got a base on balls and Cameron hit a single.

A two base hit by Turner and singles by Burns and Cameron got another run in the fourth.

In the fifth a run was secured as the result of Bullock's error, a base on balls, and Barberich's single.

Three more came along in the sixth. Burns got a base on balls, Cameron laid down a bunt, which Anderson heaved yards away from the base. He got to second and Cameron continued to third. Deneau went out pitcher to first and Templeton flew out to second. Bullock laid down a grounder and Greaves let it get away from him, scoring two runs. Bullock scored when Killilea dropped Cambria's fly.

Hamilton's only run came in the eighth when Kenny drove one over the right field fence.

The score: A. B. R. H. O. A. E.
Burns, ss. 3 1 2 0 0
Cameron, ss. 4 4 2 3 0
Deneau, 1b. 4 0 1 13 0
Templeton, 2b. 3 1 0 0 1
Bullock, 3b. 3 4 2 12 1
Cambria, cf. 2 1 1 3 0
Miller, if. 3 0 2 2 0
Dunn, c. 4 0 1 3 0
Turner, p. 4 1 1 3 0
30 10 13 27 9 1

Hamilton. A. B. R. H. O. A. E.
Killilea, 3b. 4 0 0 2 2 1
Kenney, 1b. 4 1 2 10 1
Lee, rf. 4 0 0 1 1 0
Greaves, ss. 3 0 1 1 4 1
Hess, c. 4 0 1 5 3 0
Barton, if. 4 0 0 0 0 0
Murphy, cf. 2 0 0 1 0 1
Barberich, 2b. 4 0 1 5 5 1
Rose, p. 3 0 0 0 0 0
Anderson, p. 3 0 0 1 1 1
32 1 6 24 19 4

Errors—Bullock, Killilea, Greaves, Barberich, Anderson.

Score by innings—
Berlin 4 0 1 1 1 3 0 0 10 1 6 4
Hamilton 4 0 1 1 1 3 0 0 10 1 3 1

Summary: Earned runs—Hamilton 10, Berlin 4.

Two-base hits—Cameron, Turner.

Three-base hit—Cambria. Home run—Kenney. First on balls—Off Turner 1, off Rose 1, off Anderson 5. Struck out by Turner 2 (Barton, Murphy); by Rose 1 (Burns); by Anderson 1 (Turner). Left on bases—Berlin 6, Hamilton 6.

Double plays—Lee to Hess; Greaves to Barberich to Kenney; Barberich to Greaves to Kenney; Deneau, unassisted. Wild pitches—Rose 1, Anderson 1. Passed balls—Hess 2. First on errors—Berlin 2, Hamilton 1. Hit by pitcher—Cambria, Murphy. Sacrifice hits—Greaves, Deneau, Cambria. Stolen bases—Murphy, Anderson, Burns, Cameron. Innings pitched—By Rose 1, Anderson 8, Hite—Off Rose 4, off Anderson 9. Time of game, 1:50. Umpires, Mueller and Kolseth.

NOTES.

Kolseth is due for a hammering to-day.

Booster's Day will be on Friday next. On this day the fans are at liberty to pay anything they like for a ticket. A number have signified their intention of buying five dollar tickets, and several at fifty dollars have been promised. Supporters of the team are urged to turn out in large numbers and to contribute as largely as possible to the funds of the team. Compared with other towns in the League the Berlin

IN CASE OF SUNSTROKE

The following is some sound and simple advice to give in ordinary cases of heat prostration. The great thing to do with patients so stricken is to lower the temperature of the body very gradually.

The person should be placed at once in a warm bath, and the water gradually cooled until it was down to 98 degrees, or normal blood heat. Particular care should be taken not to give shock, such as would result from the application of cold water, as this might have serious effects. Children especially suffering from the effects of the heat should be stripped, placed in a warm bath, and the water cooled gradually.

HIGHEST TEMPERATURES SINCE 1845.

Year.	Temp.	Date.
1845	95 degrees	July 13.
1854	99.2 degrees	Aug. 4.
1856	96.6 degrees	July 17.
1862	95 degrees	July 6.
1867	92.2 degrees	Aug. 18.
1872	96 degrees	July 1.
1874	95 degrees	Aug. 12.
1878	95.4 degrees	July 17.
1887	97.2 degrees	July 16.
1898	97.2 degrees	Sept. 2.
1900	98 degrees	Aug. 6.
1901	97.1 degrees	July 27.
1902	91 degrees	July 8.
1903	91.5 degrees	July 8.
1904	93 degrees	July 18.
1905	92.1 degrees	July 18.
1906	92.1 degrees	July 22.
1907	88.8 degrees	July 16.
1908	91.5 degrees	July 30.
1909	94 degrees	Aug. 25.
1910	93.4 degrees	June 22.
1911	102 degrees	July 3.

HOT WAVE THIS MONTH

Rev. Irl Hicks Also Prophesies Electric Storms for Month of July.

Below are the storm and weather forecasts for July, 1911, by Rev. Irl Hicks, of St. Louis, Mo. A reactionary storm period is central on the 2nd, 3rd and 4th, with the moon on the celestial equator and at first quarter. By the 2nd expect very marked rise in temperature, falling barometer and vicious electrical storms, will pass easterly over the country, preceded by excessive heat.

A regular storm period covers the 6th to the 10th, with probability of being prolonged over the full moon on the 11th. The Venus influence is still dominant at this period, which fact may reasonable excite hopes of rain over many sections of the grain-growing regions. We believe that a very serious lack of general rains will be upon very wide sections of the great agricultural regions to the northwest, west and south, from the middle of July until late September.

A reactionary storm period centres on the 12th, 13th and 14th, with possibility of threatening conditions, holding over from the preceding storm period. Falling barometer, increase in temperature, with cloudiness and moderate rains will be due the 12th to the 14th, all followed by change to fair and cooler weather, up to the 16th. Do not forget that all storms and weather changes progress from west to east; they do not strike the whole country at the same time or day. A seismic period is central on the 11th, affecting the 4th to the 14th.

A regular storm period begins on the 16th, and extends to the 23rd. We prolong this period to the new moon on the 25th for the reason that storm periods are often drawn forward in their culmination by pending new moon dates. A probable storm crisis will fall on the 19th, 20th and 21st, causing rain and thunder, leaving high temperature and threatening conditions, to continue over the 23rd.

A reactionary storm period falls on the 24th, 25th, and 26th. This period falls at the close of the Mercury period, at the centre of the Venus period, at the new moon, in perigee and at extreme north declination. Except excessive warmth at this time, with low barometer and fierce thunder gusts, squalls and local downpours will visit

team is not receiving proper support, and local lovers of the game will be given an opportunity to express their appreciation in a tangible manner. St. Thomas will be here for a double-header on Friday.

Cameron had a perfect batting average yesterday.

Rube had a double play, unassisted.

The Hamilton and Berlin clubs were the guests of Manager Pop Phillips at the Star last night. Pop always keeps open house for the ball players.

The Kolts were badly off color yesterday.

BODY OF CHILD FOUND IN THE PARK LAKE

Post-Mortem Points to Infanticide Since Infant Was Alive when Born, As Shown by Post-Mortem.

The discovery of the body of a child in the Victoria Park Lake and a subsequent post-mortem has revealed a case of infanticide in Berlin.

The gruesome discovery was made yesterday afternoon about four o'clock by a small boy who was playing on the bank of the lake. He noticed a peculiar object floating in the water and pointed it out to a passerby. Suspecting that it was the body of an infant the second party notified Chief O'Neil, who on his arrival secured a boat and removed the object from the water.

It proved to be the body of a fully developed baby boy. There was no clothing on the body. It had evidently been in the water for more than a week, since decomposition had begun. It was impossible to tell from outward conditions whether or not the child had been born alive, and it was removed to the police station to await further examination.

This morning a post-mortem examination was conducted by Drs. Bowly and Harry Lockner.

At the conclusion of the post-mortem it was stated that there was no doubt that the child was alive when born, but the doctors were not prepared to state whether it had been placed in the water when alive or suffocated previously. It had, however, not been allowed to live for more than a very short time before being disposed of.

Coroner Dr. H. G. Lockner who has the investigation in hand, has not yet decided whether or not an inquest will be held.

In the meantime the Police department is making every effort to locate those responsible for the death of the child.

BERLIN SOLDIER KING'S ESCORT

Serjt. Major Osborne of Grey's Horse Was Signally Honored at Coronation Festivities.

Captain W. M. Cram, of the 24th Grey's Horse is in receipt of a letter from Serjt. Major Osborne who was one of the Canadian contingent of multitudes at the Coronation festivities, giving him expression of the event. The letter states that he had the honor to be chosen as one of the forty Colonials, who acted as an escort to His Majesty. The forty were chosen from the thousands of Colonials and the honor both to Serjt. Major Osborne and Grey's Horse the regiment he represents is a distinguished one.

The Canadian Contingent sailed yesterday, and the Serjt. Major Osborne may be expected home next week.

localities, but far-reaching general rains are indicated. Mercury cloudiness and moderate drizzle may touch most parts for several days, including much of the Mercury period. A seismic period of very positive character extends from the 22nd to 28th, central on the 25th. A regular storm period is in progress as July goes on.

ANSWER THIS QUESTION.

Why should money made in Berlin be spent in Berlin?

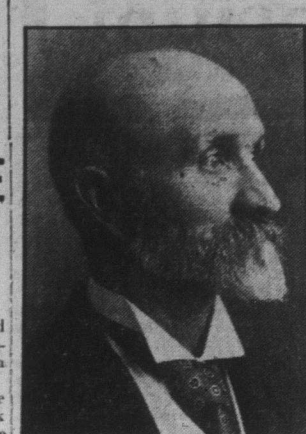

For the three best answers to this question, The Record will give cash prizes. There are a great many reasons why the money earned in Berlin should be circulated here and not sent to outside cities. Our merchants are worthy of support, our public institutions must be supported, and the money sent out of town if expended at home would result in the increased prosperity of the general community.

Write out your reasons why Berlin people should buy in Berlin, and send them in.

A committee of merchants will act as judges on July 8th.

Don't forget St. Peter's Y. P. S. excursion to the Falls, Saturday July 8th.

The Star is fine and cool all the ladies attending the show are supplied with fans and they can sit and enjoy the show.

The late Levi Graybill, Mayor of Waterloo, whose funeral took place this afternoon.

BERLIN GETS A CONVENTION

Business Educators' Association of Canada Will Be Here Next Year.

Berlin gets the next convention of the Business Educators' Association of Canada. This body is comprised of the leading business schools from Halifax to Calgary. At the annual convention held at Toronto on Saturday, the Association, on the invitation of Principal Euler of the Berlin Business College, selected Berlin for the next convention almost unanimously, though strong efforts to secure it were made by Toronto and St. Thomas.

Mr. W. D. Euler was elected Chairman of the Board of Examiners for the ensuing year.

A FINE COMBINATION.

A shady spot and a Rich Uncle Cigar is just the thing for this warm weather. The combination makes one cool and contented.

106 IN THE SHADE.

At 1:30 o'clock this afternoon, a reliable thermometer in Bridgeport registered 106 in the shade according to the statement of a resident of Bridgeport.

Come along and enjoy the cool breezes of Niagara Falls on Saturday July 8th. Fare \$1.00.

Special Sale of Faney Cherries at Special prices, Wednesday morning Wm. Metcalfe & Co.

Scarcity of Harvest Hands

(Canadian Press.)

Winnipeg, Man. July 4.—Provincial Government Immigration Agent Burke, says that Manitoba alone can absorb five thousand farm hands in a single day, when the harvest starts. Manitoba requires twenty five thousand more, and Alberta and Saskatchewan together the same number. The border states are being secured for men and it is possible the province may have to send to England for a shipload.

Excursionists have the privilege of staying over until Monday, July 11th. Children, under 12 years of age, half fare. Come along and enjoy an outing at Canada's wonderful cataract. There will be no cheaper excursion to the Falls from Berlin this season.

St. Kitt's Lady Put Off Train

(Canadian Press.)

St. Catharines, July 4.—Miss A. D. Parry of Dunnville on the way to Buffalo to visit a sick relative, was taken off the train at Black Rock and refused entrance into the states, though vouched for by a number of acquaintances on the train.

The factories closed down yesterday at noon on account of the heat, and will not resume work until the hot wave terminates.

Hurrah, for Niagara Falls, Sat. July 8th.

Don't forget the big prize drawing at the Star to-morrow night at 8 o'clock. 20 big prizes will be given away, a prize with every tenth ticket sold. Come to the Star and be one of the lucky ones.

Perhaps there's a classified ad in today's paper that you ought to answer within an hour from NOW!

"A Woman Without a Heart" a fine picture which will be shown for the last time at the Grand to-night.

E. P. Cornell's Dental office at 23 Queen St. North will be open on Tuesday and Thursday evenings of the week until further notice.

Respectfully Submitted

Yes, Clorinda, the heat is intense as well as in houses.

Residents of King street west claim that they are without water. Guess they will have to do the same as the Street Sprinkling Committee and use oil, although we don't imagine it would be very good for bathing purposes.

The Business Educators' Association will meet in Berlin next year. They come too late, however, to be of any assistance to the Sewer Commission.

We are anxiously awaiting a cablegram from Paris to the effect that bathing suits are the latest for everyday wear.

Give your reasons for buying at home and win one of The Record's prizes.

The new copper cent has been issued. Those wishing to see them should watch the collection plates in the churches next Sunday.

How'd you like to be a ball player?

There are some people the shortage of water won't affect. No, you're wrong. We meant those people who have wells of their own.

See the colored pictures "Above the Clouds" and "His Wife's Letters" at the Grand to-night.

Wanted several boys to take Newspaper routes. Apply at once. News Record.

The first and best excursion of the season to Niagara Falls Saturday July 8th.

SPECIAL OFFER.

The Waterloo County Old Settlers' Re-Union and Sanger Fest, commencing Aug. 15th, 1911.

So long as this notice appears, I will sell six tickets for one dollar or three for fifty cents. Regular price of tickets twenty-five cents. Mail orders filled. ALLEN HUBER, Promoter.

Hair trimming is important. Your "trim" decides whether you are to look like a careful or a careless man—as to personal appearance.

EXCURSION TO NIAGARA FALLS.

The 4th annual excursion to Niagara Falls, under the auspices of St. Peter's Y. P. S., will be run on the 8th of July, from the following places:

Leave	Fare.
New Hamburg 6:15 a. m.	\$1.90
Baden 6:25 a. m.	1.80
Petersburg 6:35 a. m.	1.80
Berlin 6:50 a. m.	1.60
Breslau 7:00 a. m.	1.60
Mosbora 7:10 a. m.	1.60
Guelph 7:25 a. m.	1.60
Gurock 7:40 a. m.	1.60
Hesperia 7:50 a. m.	1.55
Preston 7:57 a. m.	1.55

Excursionists have the privilege of staying over until Monday, July 11th. Children, under 12 years of age, half fare. Come along and enjoy an outing at Canada's wonderful cataract. There will be no cheaper excursion to the Falls from Berlin this season.

This Is Fan-Time

And we are sure keeping a number of the hot ones cool with our Westinghouse fan. Get in line, and be comfortable. Electric Construction Co., 64 King West.
