Mr. Seguine as far as known, went along to his barn and the assassin waited him without a moment's warning. The shot which killed him was evidently fired at close range, for his beard was singed. The victim was widely known and was popular in this district. He was a Liberal politician of some grominence. Chief McCaskill, of the provincial police force is working on the case and expects to malle an arrest soon. FIRE AT KAMILOOPS. Standard Publishing Company Has a Scorching. Kamloops, B. C., Feb. 14Fire broke out in the roof of the Standard Publishing Company Has a Scorching. 	 Ottawa before we left. The Minister of the Interior said he did not see any reason why an arrangement could not be made to allow of the minerals being worked by the miners of British Columbia, and he will submit a proposition in this regard to the Provincial Government very shortly. OTHER QUESTIONS. Other matters taken up for consideration were the question of placing the salaries of the British Columbia judges on the same basis as those of the judiciary of the other provinces, the Alaska boundary question, and other matters, and, of course, the question of better terms for the province was gone into at length. PROVINCIAL SUBSIDY. 'We asked for larger subsidies for the province. The Columbian, I notice, makes quite a mistake in this regard. It says that in asking for \$140,000, we did not know the amount we were getting. The Columbian is in error. British Columbia province of \$35,000 and 80 cents per head on the amount British Columbia now gets, and would increase the specific firmount received by British Columbia form \$35,000 to \$150,000, not including the 80 cents per head according to the number \$40,000, we also yould be according to the number \$40,000, we did not know the amount we were getting. CARDSTON PEOPLE ANGRY All the Whiskey in the Jaib Was Burned. Lethbridge, Feb. 14. — (Special.)— Word has just been received from Cardston that the town jail was des- troyed by fire on Tuesday last. Every- thing points to incendiarism, coal oil having been used to start the con- flagration. The liquor seized Saturday last was stored in the jail building, and the trial was to have the con- flagration. CANDIDATE NOMINATED. Dr. Stewart Chosen by Liberals of Centre Bruce. Winnipeg, Man., Feb. 12.—(Special.)— Dr. J. M. Stewart was nominated by the Liberals of Centre Bruce for the legislature at Glamis today. SEMLIN MEETING. Addresses Delivered at Ashcroft. Ashcroft, B. C. Feb. 13.—A political meeting here tonight was addressed by	noying differences that have of late crept in between the men and the man- agement. Till 6 o'clock the discussion continued, and when the meeting ad- journed, there could be no doubt from the expressions heard on the street that the men had decided to resist any en- croachment on their conditions. Nohe of the union officials would talk for publication. They would not even say there was hope for a settlement of the differences. One of the officers said, he heard it reported that President Howard had arrived from California and hoped it was true. Enquiries at headquarters of the company, however, elleited the in- formation that he was not in Nanaimo. The only thing that is known, positively is that the union will meet again on Monday morbing at 10 o'clock in the opera house, and in the meantime the mines will be closed. "The SS. Wyefield is now lying at the coal wharf loading coal, and it will not be possible to fill her cargo out untif the mines start work again. Mr. Russell, superintendent of the company, was spoken to last night re- garding the situation, and he declined to be interviewed for publication, except to say that he hoped the men would set- tle the difficulty in a sensible manner."
