We take very great pleasure in announcing the arrival of a limited number of Early Fall Suits and Coats received DIRECT FROM NEW YORK. "Campbells" usual air of genuine exclusiveness surrounds each model.

The season between Summer and Winter is such that Summer clothing is hardly heavy enough while Winter Clothing is too heavy. The garments just to hand, a few of which may be seen in our windows, are just the correct weight for early Fall wear. Our regular Fall showing will of course come later.

The change in Style is considerable, though not radical. Print and Pictures cannot possibly convey the really stunning new models, your personal inspection alone will best acquaint you with what the early Fall fashions really are.
