## Concrete Sidewalks are Safe, Sightly and Everlasting

LUMBER used in damp places and on wet ground—as, for instance, in walks—has a very short life. It requires almost constant repairing and, in a few years, needs replacing.

Concrete, on the other hand, improves with age, and the very dampness which destroys lumber calls out the best qualities of the cement by making it harder and harder—until neither time nor

traffic can affect it. The best of wooden walks keep getting out of repair, and are a continual menace to life and limb. They are also a frequent source of expensive doctor bills and lost time. Then again, they are likely to eat up the original cost

in repairs before they are replaced. Concrete walks are sightly, everlasting and safe. They cost less to build and need no repairing nor painting.

Write for our free book, "What the Farmer Can Do With Concrete."

It tells in plain, simple language, how you can save money on farm construction by using cement for Barns, Dairies, Foundations, Fence Posts, Troughs, Feeding Floors, Hitching Posts, Stalls, Silos, Stairs, and so forth. The Book is well illustrated with photographs, plans and diagrams. Fill out the coupon or send a postal to-day.

## P. E. ISLAND CHILD BURNED TO DEATH

Spark From Stove Ignited Little One's Clothes; Mother Absent at Time Attending to Chores.

Charlottetown, Nov. 18.—A deplorable accident occurred at Iona today, when the two-year-old child of Benjamin P. East, section foreman on the railway, was burned to death. The child, who was outside the house, was playing with a pile of wood when a spark from the stove flew out and ignited the child's dress. Two neighbors who were passing heard the child's cries and rushed to her aid, but she was so badly burned that death came a few hours later.

## A TRAIN ROWDY RECEIVES A LESSON

Fined for Swearing on a Train and Acting Disorderly.

Amherst, Nov. 18.—The summary manner in which Johnston Cameron of Chignecto Mines, Cumberland County, was dealt with by the Police of the Intercolonial Railway yesterday, should be a warning to young men who think they can use profane and insulting language on railway trains.

On the evening of the 15th, inst., Cameron, No. 84 train at Amherst, for some time had been drinking and on the way to Amherst he received an idea that he would show the passengers and train crew just what a terror he was. He pulled out of his coat he dared any of the passengers to fight. The train crew kept him within bounds until Macdonald was reached and he was put off. Not feeling that he had sufficiently distinguished himself, he proceeded to take charge of the station. On the morning of the 16th, Special Agent Tingley was advised of the matter and he immediately had Inspector Jones go to Amherst and get a warrant for Cameron's arrest. Armed with the warrant Mr. Jones proceeded to Chignecto Mines and placed Cameron under arrest. He was brought to Amherst the same day where he was fined \$15.00.

## POLICE MAGISTRAT'S DECISION SUSTAINED

Fredericton, Nov. 18.—The Supreme Court this morning, with the full bench present, delivered the following judgment:

The King vs. Matheson, police magistrate of Campbellton, ex parte Frank Belliveau. The case had been referred to the Court by Justice McKeown. Belliveau had been convicted under the C. T. A. A. rule nisi to quash was taken out; the objections to the conviction were irregularities in the information and order of commitment. The Court held that the rule be discharged and conviction stand.

## SENT INNOCENT MEN TO PRISON

Two New York Merchants, Sentenced for Forgery, Ordered Released by Appellate Court—Judges Doubtful if any Crime was Committed.

New York, Nov. 18.—An order for the immediate release from Sing Sing prison of Morris Taub and Louis Brown, formerly engaged in the cotton goods business here, as Brown & Taub, was issued, tonight, by the appellate division of the supreme court.

The men were convicted in February, 1910, by a jury in general sessions and were sentenced by Judge Malone to Sing Sing for not less than two years and six months on a charge of forgery in the third degree.

According to the appellate division, they should not have been

prosecuted at all on the charge of forgery, and it appears to be a case of grave doubt if any offense warranting criminal prosecution was committed. It was charged by the district attorney's office that Brown & Taub "with intent to defraud," made an entry in their ledger of \$26,345.84, which purported to indicate that the share of Brown in the business amounted to that sum, whereas the share of Brown in the business was \$5,787.32. The order of the court will be taken to Sing Sing tomorrow by a lawyer.

## IT GROWS HAIR

Here are Facts we Want You to Prove at our Risk.

Marvelous as it may seem, Rexall "93" Hair Tonic has grown hair on heads that were once bald. Of course in none of these cases were the hair roots dead, nor had the scalp taken on a glazed, shiny appearance.

Rexall "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum or permanently stain the hair.

Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us, and without question or formality we will hand back to you every penny you paid us for it. Two sizes, 50c. and \$1.00. Sold only at our store—The Rexall Store, Thos. Wran.

## BIG CUT IN FLOUR

PRICE IN MONTREAL

Montreal, Nov. 20.—The Lake of the Woods Milling Company on Saturday reduced their quotations for flour 30 cents a barrel. Apparently, notwithstanding the fact that the wheat markets lately have appreciated in value and the foreign demand for flour has also improved, this reduction is put in force on account of the cutting in price in the domestic market.
