We do not ask you to encourage
home industry,—we ask you to see
the quality of goods we manufacture
and get our quotations. Goods man-
ufactured by us are considered High
Grade in the leading cities of Canada.
Foreign goods imported direct from
the south.

MAIL ORDERS

We solicit out of town orders which
receive our personal attention. The
length of time taken to fill orders is
governed very largely by how busy we
are in the department of our factory
in which the particular goods are
made. While we have exceptional
facilities for promptly turning out
goods, it is important to place orders
as far ahead as possible. Orders are
filled by us in the rotation in which
they are received, and customers can
always depend on our doing everything
in reason to give prompt despatch.

OUR OFFICE IS CONNECTED WITH THE N. B. TELEPHONE BY TWO SE-
PARATE LINES INSURING PROMPT ATTENDANCE.
OFFICE HOURS—7 A. M. TO 6 P. M.

**ARE MERCHANTS MAKING
ONLY FAIR PROFIT**
Price Marking Should Be Care-
fully Figured to Prevent
Mistakes

Since the "Buy at Home" campaign
inaugurated by twelve merchants and
the Campbellton Graphic, has been
fairly under way, the Graphic has had
many interesting talks with citizens
who agree with the stand we have
taken. We have also had many inter-
esting arguments with readers who
differ from us, and to be candid,
these latter certainly had the best of
the argument.

If what our friends tell us is all
true, some of our merchants are not
so careful in figuring out costs as they
should be, particularly in small arti-
cles.

Just one instance. A gentleman
told the Graphic, and said he was
prepared to prove his statements, that
he required a quantity of a certain
small piece of hardware. He visited
a Campbellton merchant and inquired
the price of same. Two cents each
was the figure quoted. "But," said he,
"I want the price per pound, just
weigh a pound and figure out your
price."

This was done, and there were thirty-
nine of the articles to the pound, or
at the price quoted for the articles
singly, 78 cents.

These same articles, which are a
standard manufacture, can be bought
at 9 cents per pound in St. John.

Of course, this is only a small arti-
cle, and one which may not have a
very large sale, but it gave this cus-
tomer the chance to say "All other
goods are sold in proportion," which
we know is not so.

This is one of the things every
merchant should endeavor to guard
against as much as possible.

The "Buy at Home" campaign is
progressing favorably, and business
with the merchants interested is show-
ing a marked increase over the same
period of last year.

Coupons are as eagerly sought as
at the beginning of the contest, in-
stead more so, and all contestants are
running strong.

The next count of votes will take
place next Wednesday, June 10th.

You can get these coupons only at
the following stores:
The Wm. Druggist,
Leon Cantin, Jeweler,
Central Book Store, Stationery, Etc.,
J. F. Gallagher, Dry Goods and
Ladies' Wear,
Geo. St. Onge, Groceries and Provi-
sions,

fitters,
H. C. Montgomery, Jeweler and
Sporting Goods,
I. Floyd, Butcher.

The Graphic gives 2,000 votes on
every new subscription, and 1,000
votes on every renewal.

FALL OF SNOW HERE

ON WEDNESDAY MORNING

Cold Weather Seems to Have
Been Experienced All Over
The Province

Yesterday, June 3, was observed in
the schools as the King's Birthday.
The Banks and Post Office also being
closed. The weather was not good
for holiday making, a heavy frost
settling in on Tuesday evening, follow-
ed by a heavy fall of snow in the
early morning. Throughout the day
the cold continued, a strong North
wind keeping the temperature very
low. The weather was most unusual
for this time of the year, but the fall
of snow was said by many to have
saved the growing crops, for without
the snow the frost would have played
havoc with the growths on the farms.

The Fredericton Mail says:—
Snow fell at about four o'clock this
morning in this city and throughout
this part of the province. The fall
was not heavy but the snow remained
in sheltered places for some time. In
addition to the fall of snow there was
heavy hail at times with frequent
showers of rain.

June has begun with a most un-
usual display of weather. The past
month was warm and very dry while
June has come in with showers and
very cool weather. Frost has been
recorded this week in this vicinity and
last night the temperature was pretty
well down to the freezing point.

So far the farmers have experienced
excellent conditions. Seed has been
germinated in a remarkably short time
on account of the warm weather in
May. In some instances two or three
days have been enough to make crops
show above the ground. Little dan-
ger has been reported as the result
of the recent cool weather.

**CALL FROM MONCTON
TO THE REV. T. P. DRUMM**
St. John's Church, Moncton Send
Unanimous Call to Campbel-
ton Minister

On Monday evening in St. John's
Church, Moncton, a meeting of the
congregation was held, when an un-
animous call was extended to the Rev.
T. P. Drumm, B. D., of this town. This
is the second call from Maritime Pro-
vince churches to the reverend gen-
tleman, St. Andrew's Church, Halifax,
being also anxious to secure his ser-
vices, but he did not feel called upon
to accept their invitation. In conver-
sation with the Rev. Mr. Drumm, we
were informed that he had no word to
give so far with regard to the Mon-
cton call, but would consider the matter
fully by the time the Presbytery had
dealt with it.

Rev. T. P. Drumm was inducted to
St. Andrew's Church here on May
31st, 1910, and his labors in the past
four years have been most acceptable
to his congregation and the people of
this town. It is hard to know what
Mr. Drumm will do as St. John's
Church, Moncton, is one of the best
churches in the Province of New Brun-
swick and within a year, will occupy
a building costing in the vicinity of
\$70,000. There is a large field there
for work of all kinds in church activi-
ties, and should Mr. Drumm accept,
he will find a good field for his labors
which no doubt, will be as acceptable
to the Moncton people as they have
been to us here.

CAMPBELLTON LADY IS ROMANTIC BRIDE

Miss Della Currie Graduated
from McGill as a Married
Lady.

At a gathering of friends and re-
lations, held at the home of her par-
ents, Mr. and Mrs. Wm. Currie, on
Tuesday evening, Miss Della Currie,
B. A., of McGill University, surprised
her friends by announcing the fact of
her marriage on May 12th to Mr. Wil-
fred Hughes of Montreal, who is at
present visiting here. Miss Currie in
romantic vein, took hold of the idea of
being the first married lady to gradu-
ate from the university, and at eleven
o'clock in the forenoon of May 12th,
the couple were quietly married by
Rev. Mr. Stewart in Montreal, and the
blushing bride returned to the univer-
sity and took her B. A. degree at 3
o'clock. Mr. Hughes is a son of the
parsonage, his father occupying the
pastorship of the Methodist church at Ber-
lin, Ont. He has just finished his
Theological course, and has been sup-
plying in the pulpit of Point St. Charles
Baptist church. After a holiday
here, they will return to Montreal, and
in September Mr. Hughes will go to
Toronto to study for the legal profes-
sion. Sincere congratulations, al-
though belated, will be as extended to
Mr. and Mrs. Hughes.

In two sections
Unfortunately a large shipment of
newspapers for the Graphic has been
sidetracked en route from the paper
mill in Quebec.

On account of issuing the extra edi-
tions of the Graphic on Friday last
with details of the Empress of Ire-
land disaster, a portion of the paper
on hand for to-day's issue was used,
and although we have the usual twelve
pages ready for the press, we have
only sufficient paper for eight pages.

In order that our advertisers may
not miss an issue, and our readers get
all the news, the Graphic will appear
in two sections. This is the first, the
other will appear Saturday or Monday,
and will contain a large amount of
additional news.

The standing in the Graphic's Auto
contest will appear in the second sec-
tion.

Cheap WALL PAPERS
need not necessarily be
unattractive

On the other hand expen-
sive WALL PAPERS are
not always beautiful

THE prominent feature
of our New Wall
Papers is that our selection
of the cheapest patterns as
well as the goods of higher
value ALL possess an art-
istic and pleasing effect
which goes far to make the
home a beauty spot.

Be sure you see them. You
will agree with us.

JOHN LANDRY.

**COUNCIL MEETING
ON TUESDAY EVENING**
Assessment for this Year is
Arranged at \$37,000—In-
crease not to Boost Rate

A meeting of the Town Council was
held on Tuesday evening in the coun-
cil chambers. His Worship Mayor
Andrew presiding. At the opening of
session there were present Councillors
Quinn, Esterson, Miller, Ellsworth,
and Goss.

The minutes of the previous meet-
ing were read and confirmed.

Communication read from S. Laugh-
lin, Secretary School Trustees, notifi-
ing the Council to assess for \$3,000
for school work for the ensuing year.
This was laid on the table.

Communication from John McMillan
asking refund of poll tax, he being
over the age of 60. Referred to As-
sessment and Appeals Committee.

Communication read from D. A.
Arseneau relative to a petition pre-
sented some time ago to the council
from the residents of Hillside Street
East, for water and sewer privileges.
Referred to Water and Sewerage Com-
mittee.

Communication read from F. E.
Condon, I.C.R. Engineer, advising the
council that the railway authorities
had commenced laying a new pipe
line for their water main from the
reservoir to the railway property. This
was referred to the Public Property
and Streets Committee.

Petition from the residents of
Union street, asking for a continuance
of the sidewalk on the North side of
Union street to Andrew street, was re-
ferred to Public Property and Streets
Committee.

Communication from Chief Hughes
read to council, asking that arrange-
ments be made for the regular sum-
mer holiday of the police officers, and
referred to the Police and License
Committee.

Councillor Miller from Finance
Committee presented report recom-
mending payment of accounts total-
ling \$3.03, and Councillor Alexander
from Water and Sewerage Committee,
presented report recommending pay-
ment of accounts amounting to \$483-
70. Both reports were received and
accepted.

Councillor Goss was granted author-
ity to purchase for the Fire Protec-
tion Committee, 38 cells for storage
battery, and to connect wiring to tap-
er in Fireman Chamberlain's house in
Ward 1.

On motion of Councillor Miller, the
Town Treasurer was granted author-
ity to arrange overdraft in the Bank
of New Scotia.

At the request of the council the
Town Engineer read the following re-
ports of his trip to the Good Roads
Congress at Montreal and the Town
Planning Convention at Toronto.

Town Engineers Office
Campbellton, N. B.,
June 2nd, 1914.

To His Worship the Mayor
Members of the Council of the Town
of Campbellton, N. B.

Sir and Gentlemen:
Report re International Good Roads
Congress held at Montreal, P.Q. 1914
The great interest shown in this
world wide movement of Good Roads,
was evident by the large numbers that
were in attendance at this Congress.

First, the discussion brought out in
the most vivid manner, that good
roads brought a great increase in the
volume of business and a marked de-
gree of prosperity to the community
in which these roads were situated,
and shown in a large number of places
in the United States.

Owing to good roads in the United
States, the Motor Driven Vehicle has
increased in ten years from ten to
fifty six thousand.

The following types of roads were
discussed by men, who are recognized
as the highest authorities on different
branches of highway engineering, and
their papers nearly all insisted on the
urgency of expert advice being sought
if the expenditures on roads is to re-
sult in permanency and economy.

Types of roads were, Brick (Vitrified),
Concrete Roads and Streets, Modern
Bituminous Surfaces and Bituminous
Pavements, Maintenance of Macadam
Roads, Points Worth Noting in Con-
nection with Road Improvements. The
Economy of a Vitrified Brick Road,
Modern Highway Bridge Construction.

A more detailed report will be pre-
sented to you at a later date, dealing
with the subjects mentioned.

Yours truly,
R. J. Sandover Stry,
Town Engineer.

Town Engineers Office,
Campbellton, N. B.
June 2nd, 1914.

To His Worship the Mayor
Members of the Council of the Town
of Campbellton, N. B.

Sir and Gentlemen:
National Conference on Town and
City Planning, Toronto, 1914.

The above conference was opened
by Field Marshal, H. R. H. the Duke
of Connaught, Governor General, who
dwelt upon the importance of the sub-
ject which was about to be considered
and the need of giving due considera-

**LUMBER DRIVES
ARE NOW ALL SAFE**
Mills are Running Full Blast and
Good Season is Looked For-
ward to

The lumber mills are now at high
pressure and a good summer's sawing
is looked forward to by all the lum-
bermen. The various drives are now
all safe, and in open water and as far
as we can learn, the lumber cut will
equal that of past years.

The Hon. Clifford Sifton pointed out
until three years ago, Canada had paid
little or no attention to the problem of
building for the future, and at about
this time the city of Toronto had
made a practical effort to cope with
the conditions that had grown up
through neglect.

Mr. Andrew Crawford of Philadel-
phia spoke upon certain aspects of
municipal financing and city planning,
a fundamental principal laid down by
the speaker being, that no municipali-
ty should ever issue bonds unless the
object for which they were issued
would be reasonably adequate for the
needs of the community at the end of
the life of the bonds.

It was stated that New York had
recently changed the term of its pay-
ing bonds to ten years, so as to have
them retire within the life of the
pavements.

The subject of British loans in Can-
ada was introduced by Mr. C. Traf-
ford Hewitt of London, Eng., who re-
ferred to the absolute lack of control
over municipal expenditures in Can-
ada. The speaker felt the great need
here is for a board equivalent to the
Local Government Board of Great
Britain, to pass upon municipal finan-
cial affairs, and he felt that such a
board was needed to re-establish Can-
adian investments in the British mar-
ket.

It was pointed out that the province
of Saskatchewan had such a board as
suggested.

land, from Imperial Government, Local
Government Board, blamed the
Real Estate speculator for both the
lack of confidence the British investor
has in Canadian loans and also the
difficulty in the carrying out of Town
planning.

Canada, as a field for Garden City
movement, was taken up by Mr. G. T.
Hewitt, who told of the movement for
the establishment of model towns in
England, and declared that the only
solution for the pressing needs of
homes for the workers, lay in the es-
tablishment of garden cities, the differ-
ent types of garden cities was taken
up, and spoke of the enterprise which
is being taken up in the province of
Nova Scotia in the city of Halifax, it
being the first of its kind in Canada,
and the place the Maritime Provinces
are to take.

The province of New Brunswick be-
ing one of the first to pass a Town
Planning act, 1902.

The exhibition from about One
hundred Cities of Plans and etc., Camp-
bellton, N. B., being one of the three
Cities from the Province of New
Brunswick.

Yours truly,
R. J. Sandover Stry.

Town Engineer.

The matter of the I. C. R. opening
up the streets for their water main
was brought up, and it was agreed to
have the Town Solicitor draw up an
agreement with the railway.

The council then resolved itself into
a committee of the whole to discuss
the current years assessment. Coun-
cillor Ellsworth taking the chair.

On the council reassembling, the
following report was adopted and the
assessment fixed as follows:—

ASSESSMENT FOR 1914.

Public Property and Streets	\$7,500
Street Lighting	1,600
Schools	8,000
Fire Protection	6,000
Board of Health	500
Maintenance of Police Force	2,700
Salaries and Contingencies	2,000
Sinking Fund	7,500
Interest on School Bonds	1,200

Total \$37,000
On motion of Councillor Miller, it
was resolved to subscribe to "Dun's
Report" for the use of the Assessors
and Town Clerk.

Councillor Patterson brought up the
matter of acquiring the lane from
Gerrard Street to Hillside St. East, on
the Geo. Duncan property, and after
discussion the matter of dealing with
this, and with Hillside Street East,
was left in the hands of the Public
Property and Streets Committee.

Council then adjourned.

Quebec, June 2nd.—The final com-
plete official figures furnished by the
C. P. R. late to-night of the Empress
of Ireland disaster show a total of
452 saved, making 1,024 lost, as the
total on board was 1,476 passengers
and crew.

SUMMER UNDER GARMENTS

The warm weather in-
sists upon being noticed.
To be comfortable, and en-
joy living you've got, to be
cool.

Different people find dif-
ferent weights and qualities
more adaptable to their in-
dividual requirements.

What do you like, lin-
en, wool, silk, lisle, mer-
cerised cotton or mesh, etc?
Short or long sleeves, and
legs, sleeveless or combina-
tions.

We have cream balbriggan, white mer-
cerised, Porosknit, mesh, B. V. D., several weights in wool;
Sovereign and Standfields. All at a price and that
price any price.

25c, 50c, 75c, 85c, \$1.00, \$1.25, \$1.50

Hosiery For Warm Weather

In our Hosiery line,
"Holeproof" leads the
list with a six months
guarantee with every
six pairs. We have 'em
in all colors, in silk,
silk lisle, lisle, cotton
and cashmere at \$1.50,
\$2.00 and \$3.00 per
box of six pairs. We
sell 'em separately if
you wish, but the six
pairs is the better buy.

We have cashmere, silk lisle, lisle and cotton in
all colors at 25c, 35c, and 50c, new accordion knit
and special designs.

In Summer Goods Tell Us Your Wants.

FERGUSON'S
FOR THE BEST IN MEN'S WEARABLES
