Mr. John Magwood, Victoria Road, writes:
"Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure is a splendid medicine, My customers and they never used anything so effectual. Good results immediately follow its use. I know its value from personal experience, having been troubled for 9 or 10 years with Dyspepsis, and since using it digestion goes on without that depressed feeling so well known to dyspeptics. I have no hesitation in recommending it in any case of Indigestion. Constipation. Heartburn, or troubles arising from a disordered stomach."

to it the lustre and freshness of youth.

I have used Ayer's Hair Vigor for a long time, and am convinced of its value. When I was 17 years of age my hair began to turn gray. I commenced using the Vigor, and was surprised at the good effects it produced. It not only restored the color to my hair, but so stimulated its growth that I have now more hair than ever before.—

Scientific men see no reason why the span of human lite may not be extended to a round hundred years from the present limit of hundred years from the present hims of seventy to eighty years.

From Adam's time to that of Methuseah and Noah, men are recorded as attaining to well nigh the age of 1,000 years. The Psalmist David, however, says: "The days of our age are threescore years and ten; and though men be so strong that they come to fourscore years, yet is their strength then but labor and sorrow; so soon passeth it away, and we are gone."

The strong desire to attain old age—meantime retaining the virile powers of body and
mind—is necessarily connected with the respect paid to aged persons, for people would
scarcely desire to be old were the aged
neglected or regarded with mere sufferance.

It happened that on the night of the blaze a young man named Gilkinson, who by the bye had been at the ball, was seen passing the hotel again at 1.30 in the morning. He had stopped the watchman and asked him on to arrest a chum named Langeway, who was alittle drunk that night. Two days after the fire Gilkinson and Langeway were both arrest ed on a warrant charging them with arson is sued by Police Magistrate Patullo. They were brought up and remanded day after daywithout any evidence being taken until the Assizes opened last Monday, bail being refused. No opportunity was given the prisoners to bring opened last Monday, bail-being retused. No opportunity was given the prisoners to bring witnesses to prove their innocence, When the Assizes began its session Crown Counsel Boultbee appeared before the grand jury and secured a true bill against both men. They were arraigned and the prisoners declared themselves ready and anxious to proceed. Mr. Boultbee declared that he was not ready, and got Mr. Justice Rose to remand Gilkingon and Langeway to the October Assizes.

This was bad enough, but Mr. Boultbee gave the sheriff strict orders to keep the prisoners apart and not allow anyone, counsel or friends, to see them. In this dilemma friends of Gilkinson sought the advice of Mr. N. G. Bigelow. That gentleman was seen yesterday afternoon, and stated that he had just laid the facts of the case as stated before Deputy-Attorney-General Johnston, who seemed highly indignant and determined to push a rigorous inquiry into the matter.
