25 Miles to Sarnia

36 to 68 PER CENT. More Mileage

20 to 25 miles to a gallon of gasoline is a frequent occurrence with the Ford car. One man (name on request) reports an average of 33 miles per gallon for 20,000 miles. Surely this is a record that few, if any, other makes of cars ever equaled.

It demonstrates the economy of owning and driving a Ford. You can average 1000 miles more travel on Ford-size tires. The saving on oil and repairs is proportionately large. The name "FORD" stands for lowest cost and greatest service.

The Ford is truly the Universal Car.

Enniskillen Farmer Killed

PETROLIA, May 12.—Anthony Russell Douglas, aged 21, a young farmer living south of here, was instantly killed on Greenfield street, near the town hall at 8 o'clock last night. He had driven into town and his horse became unmanageable and in an endeavor to get the animal under control one of the lines broke. Douglas leaped out to grab the horse

by the head, and in doing so was hurled against a tree. He did not recover consciousness. He lived with his mother on the old homestead of his father, the late James Douglas, who died some four or five years ago. His home was on the eighth concession of Enniskillen Township. He had driven into town with his sister and a lady friend. Neither of these were injured.

Court of Revision

The Court of Revision of the Village of Watford, will be held in the Council Chamber, on Tuesday, May 22nd, 1917, at ten o'clock a.m., to hear and determine any complaints against the assessment of the Village of Watford.

W. S. FULLER, Clerk.
 Watford, May 11th, 1917.
 The first member of the 149th Batt. to die overseas is Pte. Ellsworth Rogers, of Forest, a member of "D" Company. Diphtheria was the cause of death.

The New Voters' List

Changes to be made in the preparation of the voters' lists so as to include the women of the Province, who have been given the franchise privilege, have been issued in a memorandum for the clerks of the local municipalities. The new act has been officially proclaimed. The effect of the changes in the list means that in townships, villages and towns, other than county or district towns having a population of 9,000 or over, the voters' lists will be prepared in two parts instead of three. The third part formerly contained the names of persons qualified to vote at elections to the Legislative Assembly only, and this will be left out. Part one will contain the names of every resident 21 years of age and a British subject, who is assessed as either a tenant or owner of property or for incomes of \$400, or a farmer's son. Part two will contain the names of all men and women qualified to vote at municipal elections only, and will include all non-residents assessed as owners, tenants or for income. In cities, and county or district towns having a population of 9,000 or over, only one list will be prepared, which will include every person, resident or non-resident, 21 years of age, a British subject, who is assessed as owner or tenant of property to the required amount, or for income of \$400 or over. After the name of every woman entered on the list the clerk should designate whether she is married, widow or spinster. A woman who has been omitted from the assessment roll or voters' list has the same right to appeal as a man.

The clerk in marking up the voters' lists must not enter the names of any persons marked by the assessor upon the assessment roll as being an alien.

ST. VITUS DANCE

Even the Most Severe Cases Can be Cured by Dr. Williams' Pink Pills

Is your child fidgety, restless, or irritable? Are the hands shaky or arm-jerky? Do the legs tremble or drag? These are signs of St. Vitus Dance, a nervous disease which is confined chiefly to young children, but which often affects highly-strung women, and sometimes men. St. Vitus Dance is caused by disordered nerves, due to poor blood, and is always cured by the use of Dr. Williams' Pink Pills which fill the veins with new, rich red blood, strengthening the nerves, and thus drawing out the disease. Here is proof:—Mrs. John A. Cumming, Lower Caledonia, N. S., says:—"When my daughter Myrtle was about nine years of age she became afflicted with St. Vitus Dance. The trouble ultimately became so bad that she could not hold anything in her hands, and had to be fed like a child. She could not even walk across the floor without help. She was treated some-time by a physician, but did not show any improvement. One day a neighbor said she had read of a case of St. Vitus Dance cured by Dr. Williams' Pink Pills, and we decided to give this medicine a trial. By the time the third box was used there was some improvement in her condition, and we continued giving her the pills for about a month longer when she was entirely cured, and has not since had the least return of the trouble.

Dr. Williams' Pink Pills can be obtained from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

From Old Peru

Albert J. Johnston, of Sarnia, has received the following letter from Peru: "Enclosed find draft No. 677 on Toronto for \$116.59. This is from the Lambton boys in Peru, and they wish you to hand the value to the Red Cross Society or to some other patriotic organization. Yours on behalf of the Lambton boys—John Hartigan, J. J. Kelly, Frank Holbrook." The above young men are former Lambton boys, and before going to Peru were in the employ of the Imperial Oil Company. Holbrook is the youngest son of the late Mr. Edward Holbrook, formerly of the twelfth line Brooke, later of Petrolia.
