NOTE AND COMMENT

The woman in Parliament is proof of the great strides women has been enabled to make with short skirts.—Barrie Examiner.

That the exemption from income tax for each child be made \$500 instead of \$200, as at present, is the suggestion contained in a resolution placed on the order paper of the commons by Joseph Archambault, Liberal member for Chambly-Vercheres.

The Woodstock Sentinel-Review suggests that the author of the Nick Carter stories, who committed suicide grew disgusted at seeing stories which he used to sell at five or ten cents padded out, bound in cloth, called "literature" and put on the market at \$1.50 and \$2. It must be admitted that the literary standard cannot be judged by the binding and the cost.

Woodstock Sentinel Review:—The mere fact that a man has had experience on the land in the Old Country is not, however, a guarantee that he will succeed in this country. Farming conditions are different here from what they are in England; however, for the man with some money, some brains and plenty of grit, there are good opportunities here. And there will be a welcome for such men.

Provisions governing the grading of vegetables, more particularly potatoes and onions, will be embodied in a bill to be brought before the Commons this week by Hon. W. R. Motherwell, Minister of Agriculture. Up to the present time no serious attempt has been made to grade potatoes and onions, and it is claimed that both buyers and sellers have suffered thereby.

Calgary Albertan:—The farmers just about have their share of premiers in Canada. John Oliver of B. C. is a farmer; Herbert Greenfield of Alberta is a farmer; the next premier of Saskatchewan will be a farmer; Norris of Manitoba is partly farmer; and his successor will be a farmer; Drury of Ontario is a farmer; Bell of P.E.I. is a farmer. In addition, among the provincial premiers there are two lawyers and one merchant.

When the Pope was Archbishop of Milan he once said: "Women are a great power for good. It is merely the shameless few who, by keeping themselves always conspicuously before the eyes of the public, give cynics and cheap humorists their chance to throw mud at women in general. But a world without woman's refining influence is a thought terrible to contemplate. Women should agree not to allow a few of their number to bring discredit upon them all."

The Walkerton Telescope questions the propriety of church organizations conducting baking sales, claiming that in so doing they are coming in direct opposition with the men in that business. The Telescope says: "Several of our exchanges lately have pointed out the unfairness of churches, etc., holding 'baking sales.' These sales, the making of which there seems to be no end, are a menace to the business of the local bakers, who have a hard enough time to make a living; and at the same time are usually financial supporters of the churches, etc. A large baking firm in a Western Ontario town has come out boldly in its advertising against the unfairness of baking sales. Many other bakers, while not openly declaring against the holding of these sales, none the less feel the effect of this unfair competition."

One of the most effective vermifuges on the market is Miller's Worm Powders. They will not only clear the stomach and bowels of worms, but will prove a very serviceable medicine for children in regulating the infantile system and maintaining it in a healthy condition. There is nothing in their composition that will injure the most delicate stomach when directions are followed, and they can be given to children in the full assurance that they will utterly destroy all worms.

A NERVOUS BREAKDOWN

When the Blood is Out of Order the Nerves Are Starved.

The nerve system is the governing system of the whole body, controlling the heart, lungs, digestion and brain; so it is not surprising that nervous disturbances cause acute distress. The first stages of nervous debility are noted by irritability and restlessness, in which the victims seem to be oppressed by their nerves. The matter requires immediate attention, for nothing but suitable treatment will prevent a breakdown. The victim, however, need not despair, for even severe nervous disorders may be relieved by improving the condition of the blood. It is because Dr. Williams' Pink Pills enrich the blood that this medicine has proved beneficial in nervous disorders. The nerves thrive on the better blood made by these pills; the appetite improves, indigestion is better, sleeplessness no longer troubles the nerve-shattered victim, and life generally takes on a cheerful aspect. The value of these pills in cases of this kind is shown by the experience of Mrs. John W. Macdonald, Cardigan, P.E.I., who says:—"I have much cause to be grateful to Dr. Williams' Pink Pills. I was suffering from nervous breakdown, and my condition gave alarm to both my friends and myself. I suffered almost continuously from nervous headaches, my appetite was poor, I hardly got any sleep, and in every way I was badly rundown. A friend advised me to try Dr. Williams' Pink Pills and after I had taken them for a time there was a noticeable improvement in my condition. I continued using the pills until I had taken twelve boxes, when every symptom of the trouble was gone, and I have since enjoyed the best of health."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Protect the child from the ravages of worms by using Mother Graves' Worm Exterminator. It is a standard remedy, and years of use have enhanced its reputation.

LAMBTON CROP PRODUCTION, LIVE STOCK, &c

From the Annual Report of the Ontario Department of Agriculture, giving the crop statistics for 1920, the following information is gleaned: Lambton has 525,598 acres of cleared lands, standing sixth among the counties of the Province in this respect. In the quantity of crops produced Lambton ranks among the highest, standing second in fall wheat and sugar beets; second in flax, 3rd in alfalfa, 4th in corn and orchards. Lambton was second in the number and value of cattle sold; first in number of turkeys, and fourth in poultry of all kinds.

Crop and live stock statistics for 1920 are given as follows:—

Fall Wheat.....	1,681,661
Spring Wheat.....	11,297

Farmers, Attention!

DELCO-LIGHT Reduced to \$495
"Electricity for every Farm"

I wish to call your attention to the fact that Delco-Light is reduced to below pre-war prices.

Every progressive farmer today is interested in electric light and power for the farm, especially for the benefits which the women on the farm derive from its use, in regards to washing, churning, ironing, separating and pumping, not to mention the convenience and safety of the lights.

An exploding lantern in your barn would set you back the price of quite a few Delco-Light plants.

Therefore with Delco-Light and wiring reduced to its present basis electricity is within reach of every farmer.

Don't Wait Until Fall. Get it NOW and have its benefits.

If interested give me a call and let me tell you all about it. It cost nothing to find out.

How Brantford Asphalt Slates are Waterproofed and Armor-Plated

Crushed slate in its natural colors (dark red or green) is deeply embedded into and encrusted on the weather surface. This makes it wear-proof.

A heavy waterproof coating of our own special blend of asphalts. Water cannot possibly penetrate it. It is flexible enough to prevent cracking.

The body is tough, long-fibred rag felt, thoroughly saturated with an asphalt refined to Brantford Roofing Standards.

They will not crack— They will not curl

Brantford Asphalt Slates are distributed under Brantford Roofing trade marks, through Brantford Roofing dealers. Stock carried, information furnished, service rendered by our dealer in your district.
Write for our Booklet, "Permanent Roofing Satisfaction."
Mailed free to responsible parties.

Brantford Roofing Co., Limited
