

WHOLESALE BUTCHERY IN PRICE OF Wall Papers

Starting to-day, we have decided to reduce prices of balance of our stock to about half the usual prices. This will apply to new past season's goods and to quantities large enough to do any sized rooms or halls.

The last three months have been record breakers for sales in this department, which is evidence of proper selection of stock and at lowest possible prices.

Now For The Clearing Sale Bargains

It will pay you to buy now even if you have walls done in the fall.

WELLESLEY AND RAILWAY CONNECTION.

The Wellesley Maple Leaf takes the following view of the situation, as it affects that portion of the county:

"With the prospects of having electric railway connection to Preston, Hespeler and Galt, the Berliners are already agitating for the extension to Wellesley. Whether right or wrong, the people in this section show a strong preference for a road running south which would connect them with the proposed beet sugar factory at Baden, then pass on to New Hamburg, Dundee or Plattville, to the C. P. R. at Galt. But the people to the south are showing a lethargy in the matter. While a strong committee has been formed here to further the interests of railway connection, no move whatever has been made by Galt or any of the points between there and here. There can be no doubt of the immense benefit such a road would be to towns along its path; but it takes push—yes, and an early push—to accomplish this scheme. The hustlers of Waterloo's county town have plenty of that useful commodity, and if the others stand round on one log meditating a little longer, Berlin will grasp the ripe cherry. It's your move, Galt!"

If Wellesley waits until Galt citizens take an interest in their railway needs it will be a long time without the desired connection. There would not be sufficient trade to be obtained by Galt business men from the north-western part of the county to warrant action on their part. Wellesley township should look to the county seat for relief, for here is where it will come from.

The scope of the Berlin and Preston company takes in Wellesley and next year is likely to witness an extension in that direction. Hold your horses, neighbors!

BY THE WAY

Having heard that King Edward was on the road to recovery, public attention centred upon Sanford in the well.

This year's Town Council has wisely decided to accept no petition for street improvements after the July meeting. This will give ample time to complete the work in hand before the frost sets in.

Accidents Never Come Single.

Iron Mountain, Mich., June 28.—Iron Mountain, Mich., the young miner buried alive in the Vulcan Mine by a fall of the ground, was taken out late last night, but died a few days later. He was working in a slope when the ground fell, blocking the entrance. When he was taken out he was found at once. At one time Petrottil was nearly dug out when another fall of ground occurred. The men worked hard for 12 hours.

More Chinese Outrages.
Pekin, June 28.—The victory of the province of Szechuan has justified the Government that the American and British mission buildings at Tien-Ku-Chow have been destroyed by a mob, and that a missionary has been murdered.

Months of Pain

CAUSED BY A TUMOR OF THE BREAST.

Mrs. J. M. Timbrey, of Hawkesbury, tells how she obtained relief after doctors had failed.

From the Post, Hawkesbury, Ont.
Mrs. J. M. Timbrey is well known to everybody in Hawkesbury. She was born in Yorkville, Ont., and now her marriage has been dissolved. She has lived in Hawkesbury, and is greatly distressed by a tumor of the breast. The first symptom was a sharp pain followed by a growth which gradually increased in size until it became as large as an egg. It was excised by a doctor, but it grew again. She consulted a doctor, who gave her medicine, but it did no good. Then a friend advised her to consult a doctor, who said it would have to be removed. In the meantime, she had been told that the tumor was cancer, and she was very much distressed. At this time, she was directed to Dr. Williams' Pink Pills, and she began to take them. She soon felt that they were giving her relief, and after using a few boxes, the tumor disappeared. She now feels as well as ever. Her health has been greatly improved, and she is now able to do her usual work.

As regards the latter place, Mr. W. A. Logie, barrister of Hamilton, representing the Liberal interests, was at Osgoode Hall yesterday morning to find out where he should file a protest against the return of John S. Hendrie, the Conservative member-elect. It appears that the act as amended requires the protest to be filed with the local registrar, but there is no such official at Hamilton. The petitioners against the return of Mr. Hendrie are John Craig, Thomas A. J. Early and W. S. Moore.

Subsequently the Court of Appeal met to consider the case, and that body has passed a rule directing that protests in all such cases shall

The sudden announcement of the postponement of the coronation just on the eve of the ceremony has caused the utmost anxiety which has been everywhere. There is no previous instance where the coronation of a monarch was postponed, except in the case of Edward V., who was never crowned. In the early days a King was crowned as soon as the succession devolved upon him or with the least possible delay, this was, of course, owing to the fact that a King was not considered a sovereign until he was crowned. That our sovereign, King Edward, should be stricken down at such a time by an ailment which not only renders a postponement imperative, but creates much alarm for his life, is little short of an imperial calamity. World wide sympathy goes out to His Majesty and to his universally beloved Consort Queen Alexandra, in this disappointing event has caused. The King, under ordinary conditions was not looked upon as a good subject for operations, and though His Majesty passed successfully through the ordeal, it is believed that four or five weeks must elapse before he will be able to undergo the arduous labors of the coronation ceremonial, therefore, no date can yet be indicated for carrying out the coronation. "God save the King" is the prayer of the Empire to-day, and are sure that this country will join with an earnestness befitting the occasion in the prayers of our National Anthem, the words of which now lend a new and special meaning.

OTTAWA PAINTER KILLED.

Bycicle Breaks a Toronto Girl's Thigh—Vict. Martin, Minor, Died From Fall on Thursday.

Alexander Martin, who fell down a flight of stairs at the Canada Life Building at Toronto, Thursday, died from a fracture of the hip.

He was a miner. He was seen by Sarah Fletcher, of Toronto, while crossing Bay and Adelaide streets Friday evening, was knocked down by a bicycle.

He sustained a fracture of the hip. William Curtis, about 60 years of age, married, no family, had been up at the saw mill at New Edinburgh, near Ottawa, Friday.

He was an Ottawa painter, aged 30 years, fell from a ladder to the stone pavement, a distance of about 12 feet. Friday, and suffered fatal injuries. He died four hours later.

The London Society of Arts will meet a silver medal to W. T. R. Preston for a paper read before the society some weeks ago on "The French-Canadian artist and their relation to the Crown."

It is stated at Ottawa that Hon. W. S. Fielding was tendered a knighthood in 1897, and that the offer was renewed recently, but the Minister of Finance declined the honor on each occasion.
