**Conservatism vs. The Rago for Novelties.**

The Seed Annual for 1890, issued by D. M. Ferry & Co. of Detroit, Michigan, has reached our table. Its cover this year is especially artistic and attractive, and its contents a usual, interesting and instructive. Ferry's seeds are thoroughly reliable and always come true. The directions given in the Annual for the cultivation of both flowers and vegetables are so full and explicit that no one can fail of success who uses their seeds and follows the instructions.

D. M. Ferry & Co. are very conservative, both in offering new sorts and in their claims for them when offered; but they take pains to inform themselves as to the true character of all new varieties, so if some much lauded novelties are not found in the Annual, the probability is they have tested them and found them of no value.

A request sent to the firm at Detroit, Michigan will bring you a copy of the Seed Annual for 1890 by return mail.

**AMHERST ACKNOWLEDGMENTS.**

"I ACKNOWLEDGE the good I received from Burdock Blood Bitters. I had constipation, irregular bowels and accumulation of wind, causing severe pain in my stomach. Two bottles of B. B. B. cured me. It is all you claim it to be."  
ALLAN A. CLARKE, Amherst, N. S.

**A letter from Dr. Hans Von Bulow.**

The Knabe Pianos which I did not know before, have been chosen for my present Concert tour in the United States by my impressario and accepted by me on the recommendation of my friend, Bechstein, acquainted with their merits. Had I known these pianos as now I do, I would have chosen them by myself, as their sound and touch are more sympathetic to my ears and hands than all others of the country.

DR. HANS. VON BULOW.

New York, April, 6, 1889.  
To Messrs. Wm Knabe & Co.

**No. 1. the kind of butter that bring four cents per pound above market price.**

Here is a little story of experience sent in by Mr. George R. Langford of Kentbridge, Ont., which may interest those who wish to make butter that will bring prices above the average. He writes that a sample bottle of butter color was given him. He tried it, found it to be good, and recommended it to his farmer friends. But the most valuable and interesting part of his letter relates to a talk he had with his merchants.

In speaking to them about this color, which was Wells, Richardson & Co's Improved Butter Color, they told him that they could pay from two to four cents more per pound for butter in which it was used. As it is the strongest color made, the dairyman who uses it gets the most color for the money, and also receives the most money for his butter when he comes to sell it.

**A CURE FOR DEAFNESS.**

THERE have been many remarkable cures of deafness made by the use of Hagyard's Yellow Oil, the great household remedy for pain, inflammation and soreness. Yellow Oil cures rheumatism, sore throat and croup and is useful internally and externally for all pains and injuries.

Having tested its wonderful curative powers in thousands of cases, and desiring to relieve human suffering, I will send free of charge to all who wish it, the recipe in German, French or English, with full directions for preparing and using.
